Message from Mayor George Scherck

I hope you had the opportunity to join us for the grand opening of our spectacular new "hometown square," the Neenah Riverwalk~Shattuck Park. If not, take the time to stop down and visit your park, it's worth the trip and I guarantee you will come back often. Children playing in the fountain, people strolling along the Riverwalk, sitting on the walk-out pier, or enjoying the panoramic view from the second story of the pavilion—that's just part of the charm of our newest enhancement to Neenah's quality of life.

The Riverwalk has sparked an economic renewal in Neenah, resulting in \$45 million of new construction in the downtown area and revitalizing every corner of our community. This park is an enduring tribute to the community spirit of Neenah citizens, who get involved, embrace change, and help create an atmosphere where elected officials recognize a responsibility to do more than just provide basic, essential services. As we enhance our quality of life and build our tax base, we control property taxes.

Economic development and controlling taxes are just two of my goals as your mayor. Building an enhanced sense of community, where more peo-

ple take greater pride in our community is a major focus of my vision for our future. We need to build better neighborhoods by being better neighbors. We need to be better stewards of what we inherited from the past, by increasing the concept of public service and civic involvement. And, we need to give back a small portion of the blessings we have received from living in a great community.

Neenah has become a great community because of caring, committed, and involved citizens. All Wisconsin communities face major challenges. The annual Town Meeting will be held on September 29 to help you become better in-

formed and to give your input. Let's pack the Council chambers with people who care enough to get involved. Together, we can turn challenges of today into opportunities for tomorrow and continue making Neenah a better place for all of us.

Best wishes,

By its very definition, civic responsibility means taking a healthy role in the life of one's community.

Where does the sludge go?

Most citizens realize that Neenah softens the municipal water. But, did you ever think about where the by-products of the softening process go?

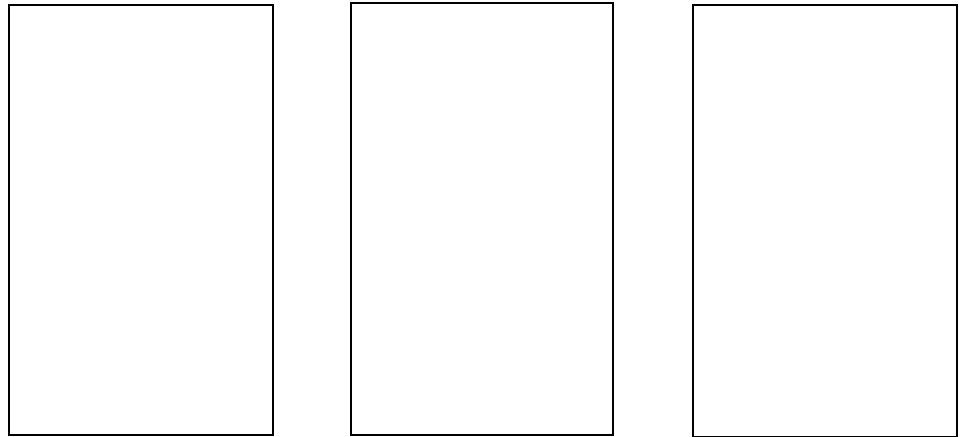

When we soften the water we add lime to it. This removes calcium and magnesium compounds from the water. The combination of these compounds plus the dirt and algae from the lake are called sludge.

In one year's time, we generate 15,000 cubic yards of sludge at the water treatment plant. And since we do not have much space at the plant to store the sludge, we have to pump it to storage. The storage lagoons are located behind the warehouses on Breezewood Lane near Harrison, just east of the railroad tracks. There are

three large lagoons and each holds approximately 50,000 cubic yards of sludge. There is enough storage for approximately 10 years of sludge.

As the sludge sits in the lagoon, water evaporates, and the sludge goes through freeze/thaw cycles, which further dries the sludge.

Eventually we have to remove the dry sludge from the lagoons. To do this we hire a large backhoe and many dump trucks. They haul the sludge to nearby farm fields. Due to the chemicals in the sludge, farmers can use this material as a soil supplement on their fields. This solution to the problem not only recycles the material but also is less expensive than sending it to the wastewater treatment plant or using a kiln to reclaim the lime.

Enjoying the fountain at the Shattuck Park rededication.

Parking for persons with disabilities

A parking space displaying the official disability parking traffic sign is reserved for those persons who are certified by an authorized health care specialist as having a permanent or temporary disability that limits or impairs their ability to walk.

A motorist who displays a disabled parking identification card, disabled license plates, or disabled veterans plates on their vehicle:

- Is exempt from any parking ordinance imposing time limits of 30 minutes or more.
- Can park without payment in metered stalls when the time limit is 30 minutes or more.

- May park in spaces reserved for disabled persons marked by official parking signs. A parking space not displaying the official traffic sign is not an authorized disabled parking space.

Any parking spots labeled for less than 30 minutes (like those in front of the Neenah-Menasha YMCA) must be used for that time limit **only**. (Including persons with disabilities.) These

are special purpose spots usually for dropping off or picking up children.

Anyone who violates disability or special purpose parking stalls is subject to forfeiture/fines ranging from \$10.00 to \$50.00.

Community updates

- ◆ As we get ready to construct an overpass on Cecil Street, the City of Neenah is purchasing the 13 properties in the 700 block of W. Cecil Street. Those homes will be made available for purchase to citizens interested in moving a house to another location. Contact the Public Works Department at 886-6240 for details.
- ◆ Friends of the Neenah Library **annual used book sale**: Thu., Oct. 13 - 6:30-8:30 p.m. (\$3 admission); Fri., Oct. 14 - 9:30-5:30; Sat., Oct. 15 - 9:30-4:00; Sun., Oct. 16 - 1:00-4:00. Donations of books/media are welcome at the library.

33%

Percentage of your property tax that funds city services.

DID YOU KNOW?

- Neenah’s odd-even parking restriction continues in the fall.
- Combining your garbage cans with your neighbors reduces the number of stops and saves tax dollars.
- Snow is on its way. When it comes, you have to remove it within 24 hours or the City will do it for you and bill you.
- It costs \$100,000 plus fuel to pick up leaves. Mow the leaves, add nutrients to your lawn, and save tax dollars.
- Neenah ranks 144th out of the largest 177 communities relative to tax burden
- A City Services Task Force is examining every city service for efficiencies and cost effectiveness.
- Neenah collects 149 pounds of recyclables per person per year, when the average for all other communities is 107 pounds.

Roundabout safe passage

DRIVERS:

- Slow down.
- Watch for traffic signs.
- Yield to pedestrians and bicyclists as you enter and exit the roundabout.
- Yield to your left before you enter the roundabout. Remember to be prepared to stop.
- Enter and merge when it is safe.
- Keep your speed low within the roundabout. Speeds of 15 mph or less are adequate.
- Exit carefully to your destination.

BICYCLISTS:

- If you are riding on the bike lane, merge into the traffic lane before it ends.
- Signal your intent to move into traffic.
- Once inside the roundabout, don't hug the curb.
- Ride close to the middle of the lane to prevent cars from passing and cutting you off.

PEDESTRIANS:

- Watch for cars waiting to enter the roundabout, as they may not see you.
- If you do not want to ride your bike in the roundabout, use the sidewalk and proceed as a pedestrian.
- At the curbside, look left for oncoming traffic before crossing.
- At the splitter island, look right for oncoming traffic before crossing.
- Do not cross the circular roadway to reach the central island.

Mayor Scherck responds

Q What impact will the state tax freeze have on Neenah services and what is Neenah doing to control property tax increases?

A The state has enacted a 2-year levy freeze that limits increases to 2% or a factor related to new construction. With health insurance costs expected to increase by 15% and normal inflationary increases in other areas, the challenge for every community will be the continuation of quality services people deserve and expect.

Because Neenah has already taken many proactive steps to control operating costs, our challenge is even greater (the more you have already done, the fewer are the options for future actions). However, that cannot be an excuse for inaction. We have taken the following steps:

- Established a City Services Task Force to examine every city service for increased efficiency and cost-effectiveness.

- Explored a Health Reimbursement Account to reduce the costs of employee health insurance.
- Continue to study the potential for consolidating the police departments of Neenah, Menasha, and the Town of Menasha.
- Combined the Assessor's office into the Community Development office to reduce costs.
- Continue to make investments that will significantly increase the tax base.

Property taxes are too high in Wisconsin and all elected officials have a responsibility to do everything possible to control future increases. Our goal is to do it without significant reduction in the quality of public services. Together, we can make that happen.

Community Spotlight

Today, we focus the community spotlight on **Habitat for Humanity**, an organization that builds more than houses. Helping people help themselves, not with a hand out but a hand up, the dedicated volunteers build hope.

Neenah has welcomed 13 new families to our community as a result of the work of Habitat volunteers and sponsors (people like Sid Landsverk, Esther LaFond, Pastor Joel Schlachtenhaufen, Bill Mattes, and Bob Cowling).

Annually, 2,000 volunteers have devoted their time, talents and resources

to making the dream of home ownership a reality for 61 families in the greater Fox Cities area. The latest effort focuses on ReStore, a store to sell used, salvaged, and overstocked building materials at exceptional prices. This Habitat initiative helps people save money, preserves the environment by limiting landfilling of construction materials, and provides a source of revenue to help build more homes.

Call 920-830-8400 for more information. Thanks to Habitat volunteers for helping to make Neenah a better place for all of us.

Neenah Riverwalk~Shattuck Park facts

Clara's Rock — A large rock, with a plaque honoring Clara Shattuck, was placed in the park in 1969.

Protect yourself from Radon gas

Radon is an odorless, invisible, radioactive gas that comes from trace amounts of uranium occurring naturally in the ground. This gas can seep into a house through the foundation. Breathing air with high levels of radon can lead to lung cancer.

In 2003, the Neenah Department of Public Health (NDPH) distributed 250 radon test kits to City of Neenah residents through State grant funding. In 2004, the Neenah Department of Public Health distributed 265 radon test kits to City of Neenah residents

through similar State grant funds.

The NDPH has applied for and been awarded another grant from the State Division of Health and Family Services for 2005.

Plans are being made for distribution of radon test kits to city residents, free of charge in October 2005.

Please contact the NDPH at 886-6156 during business hours of 7:30 a.m. - 4:30 p.m. Mon.-Thu. and 7:30 a.m. - 4:00 p.m. on Fri. if you have any questions or for further information about radon test kits.

Value of library materials returned in the first 22 weeks using a collection agency.

Collection agency

To save taxpayer dollars and improve access to library materials, the Neenah Public Library has begun using a collection agency to collect large fines and reclaim long-overdue library materials.

Customers continue to receive a notice at 10 days overdue and a bill at 30 days overdue. At 45 days overdue, customers who have not returned materials or those who owe \$25 or more will be referred to a collection agency. **A \$10 charge is then added to the customer's record.** Eventually, if the bill is not paid, the customer will be reported to three national credit bureaus.

Less than 1% of library customers will be affected by this new policy.

Susan Pearson

—Writer, Poet, Editor

In celebration of Children's Book Week, the Neenah Public Library will host author/editor Susan Pearson for two days of presentations for children and adults. She has a rich and interesting background in poetry and editorial work. Her recent books are *Squeal and Squawk: Barnyard Talk* and *Who Swallowed Harold? and other poems about pets* (poetry for ages 5-9). No skateboarding on the Riverwalk & in Shattuck Park

City ordinance prohibits skateboarding in the downtown area, which includes the beautiful new Neenah Riverwalk~Shattuck Park. A few irresponsible skateboarders have violated that ordinance, resulting in damage to the park. Surveillance cameras and increased police and public vigilance will result in fines for those who continue to violate the law. We are not going to tolerate a small group defacing public property. Parents are encouraged to direct their children to the skateboard park on Marathon Avenue and away from practicing their sport in a way that causes damage to our parks.

Bicycle riders are asked to please walk their bikes in the park and along the Riverwalk.
