Message from Mayor George Scherck

Leadership is about day-to-day management, but, more importantly, it is about a vision for our future and developing a consensus on how to make that vision a reality.

My vision for our community is that we leave Neenah a better place to live for our children and grandchildren. My vision is that we invest in our future, while at the same time controlling current expenditures by improved management and by becoming more cost-efficient. My vision is for controlled growth that increases the tax base, keeps taxes under control, provides new jobs, and retains existing jobs so our economy can grow and offer hope and opportunity to our children.

My vision for a better Neenah comes through the eyes of Clara, Aaron, and Addie Jo, three very special little children.

When it is put in those terms, it is no longer philosophical or conceptual but a practical consideration of what do I want for them. Will we leave them a world with opportunity, a world where dreams become realities, and a world where they will be safe, well educated, and able to enjoy a special quality of life?

My vision also comes from faith: faith in a higher power other than my own abilities, faith in the belief that Neenah's best days are ahead of us,

and faith in the people of this community. Past generations have given us this faith, now it is our responsibility to pass it on to the next generation.

Together, we have taken great steps forward toward realizing this vision.

We reduced our equalized tax rate for the 4th consecutive year, reduced the costs of government, reorganized City government, consolidated with our neighbors, increased job and housing opportunities, enhanced the tax base, and brought new businesses to Neenah. The Riverwalk development has already helped us retain 600 jobs in our downtown and will dramatically improve the economic, recreational, and cultural life of our community.

Neenah's best days are ahead of us and together we will continue working toward making that dream a reality. So Clara, Aaron, and Addie Jo rest comfortably today and look forward to a brighter tomorrow—we've got you covered.

Best wishes for a prosperous and safe New Year.

The City's equalized tax rate rank of the state's largest 42 cities.

Snow removal

The winter season is upon us and we are faced with the task of removing snow from our sidewalks and driveways. We would like to remind all residents of the snow removal regulations in our City.

According to Municipal Code Section 6.04(2) all snow must be removed from the public sidewalk within 24 hours following the cessation of any snowstorm.

If sidewalks are not shoveled in a timely manner the City may do the work and charge the property owner.

The minimum charge is \$68 for each time the City has to remove snow from the sidewalk. The Public Works Department will attempt to contact the owner of the property where the sidewalk needs to be shoveled, but according to Municipal Code the City does not need to contact the property owner prior to cleaning the sidewalk.

Shoveling, plowing, or blowing snow into the City streets is also a violation of Municipal Code Section 6.04(1) as it may result in unsafe and icy streets. Depositing snow in the street could result in being fined up to \$500 for each violation.

The Public Works Department will make every effort to plow the streets at night or when traffic is at a minimum. Plowing operations are much safer and more efficient then.

This is why no overnight on-street parking is permitted from November 1 to April 1.

All vehicles must be off the streets from 2 a.m. to 5 a.m. or they will be ticketed and towed.

During heavy or long lasting snowfalls we may need to plow your street more than once to clean it completely.

Unfortunately, this may result in the snow plow filling your driveway with snow after you have already opened it.

Garbage Collection

The City would appreciate your help in making garbage collection more efficient.

This could be accomplished by grouping your garbage cans and bags with your neighbors in one central location. For example, two neighbors could place their garbage at the adjoining lot line and then the garbage trucks would have to make only one stop to collect garbage from two dif-

ferent homes.

With approximately 10,000 homes in the City, grouping garbage collection could cut the number of stops our sanitation crews make down to 5,000. This operation would save on labor and truck maintenance costs. Thanks for your help!

As part of the Shattuck Park/Riverwalk construction project, the City built a new park/library parking lot. The new lot includes six additional parking stalls. For safety reasons, the new lot is one-way, with a separate entrance and exit.

Meet your alderperson

Name:
Nick Piergrossi

Address:
230 E. Columbian Ave.

District: 1

Years on Council: 3

Occupation: Small business owner (Digital Lynx LLC) and stay-at-home Dad.

Community involvement: Big Brothers/Big Sisters of the Fox Valley, Doty Island Development Council, Graffiti Buster program, Future Neenah events such as Jazz-Fest and StreetBall.

Family: Wife—Myra; daughter—Carolyn Rose.

Interests/hobbies: Computers/technology, politics, disc golf.

Reason for government involvement: I have a deep appreciation for the City of Neenah and wanted to help build a future for generations to come. I enjoy serving the community to make a difference. Additionally, politics is certainly a passion, thus I enjoy helping to mold public policy towards my deep philosophical convictions of individual liberty.

Major goal: My major goal for this year to add another link in the communication chain between the citizens and their representatives. I will accomplish this by establishing a website dedicated to Neenah's first district. Although the information will be geared toward the first district, I am sure residents throughout the city will find the information both helpful and informative.

Keep an eye out for www.neenahfirst.com!

Dog and cat licenses

March 31, 2005 is the due date for purchasing dog and cat licenses. You must present a valid rabies certificate for licensing.

Licenses may be purchased at the Treasurer's Office on the first floor of City Hall, 7:30 a.m.-4:30 p.m., Mon.-Fri. (except holidays).

Tullar Road Garage Drop-Off Center

The City has expanded the drop-off center at the Tullar Road Garage to include not only yard waste, but also large items, metal, and used oil.

Last year the City initiated a yard waste drop-off site at the City Garage at 1495 Tullar Road. In addition to the normal curbside yard waste collection, brush and other yard waste could be brought to the site during the week.

Large items and metal may also be brought to the site.

Starting in January 2005, large items and metal may also be brought to the drop-off site (no air conditioners, refrigerators, freezers, dehumidifiers, microwaves, propane tanks, or tires).

The site is open Mon.-Fri. (except holidays) 7:00 a.m. to 4:00 p.m. The monthly curbside collection of large items and metal will continue as well as the curbside yard waste collection. Refer to the *2005 Recycling and Refuse Guide* for these collection dates.

DID YOU KNOW?

- Unshoveled walks are shoveled by the City and billed to the property owner (see Snow Removal story, page two).
- Neenah had \$49.9 million in new residential/commercial development in 2004.
- In 1983, Neenah received \$4.28 million of our tax money back from the state. Today we receive only \$2.47 million of our money back as shared revenue.
- The owner of a \$101,500 home (Neenah average) today pays just \$15.11 more in taxes for City purposes than he/she did in 2001.
- The City Council holds a public forum before every meeting.
- You can stop and visit with the Mayor at your convenience or you can call him at 886-6104.
- Neenah Menasha Fire Rescue received the 2004 Fire Safety Education Recognition Award from the Wisconsin Alliance for Fire Safety.
- The League of Wisconsin Municipalities awarded the cities of Neenah and Menasha the 2004 Good Government Award for consolidating fire/rescue services.

Mayor Scherck responds

Q What can we expect for the 2005 budget and our 2005 tax bill?

A When you look over your 2005 tax bill, you will notice that the assessed tax rate for municipal purposes has increased by only 2.75%, despite a 20% increase in our health insurance costs, a Consumer Price Index increase of 2.7%, fixed labor contract increases, and another decline in shared revenue from the State.

Neenah's tax rate is now 26th out of the 42 largest cities in Wisconsin. The owner of the average home (assessed value \$101,500) will pay \$26.32 in additional taxes for all City services compared to 2004, but because of actual declines prior to that, that same taxpayer will pay just \$15.11 more in taxes for municipal purposes than they did in 2001.

The owner of a home assessed at \$200,000 will pay \$29.24 in additional taxes compared to 2001.

When compared to 1999, when the tax rate per thousand dollars of assessed value was \$11.00, the City rate has dropped to \$9.70. Can you think of anything else where the rate of increase has been this modest over the past 5 years? Here are the highlights of the 2005 operating and capital budget that I submitted to the City Council:

- Equalized tax rate dropped 5.07%, the 4th consecutive year the rate has declined.
- Equalized property value increased by 9.93%.
- 72% of all capital expenditures this year will be financed by tax incremental financing.

For the complete text of all Mayor Scherck's responses, go to the City's website: www.ci.neenah.wi.us.

- Neenah's percentage of allowed debt decreased for the 2nd consecutive year to 39.1%.
- Neenah saw \$49.93 million in new residential/commercial development in 2004.

I reduced department operating requests by \$647,000 and capital project requests by \$738,000 but pointed out "that cutting budgets is simple; the real challenge is doing it while preserving vital public services."

Our fiscal health has never been stronger and Neenah's best days are clearly ahead of us.

Q What is the status of the police consolidation study?

A Representatives of the Cities of Neenah and Menasha and the Town of Menasha continue to meet on a monthly basis with a model consolidated department plan to be submitted to the governing bodies and citizens of the three communities by Aug. 1, 2005.

Q Why do we have to pay to park in front of the public library?

A The parking meters are not designed to raise revenue but rather to create turnover so that people do not use these meters for long-term parking, denying parking to library customers.

I have recommended that we do a trial period of covering the meters, marking the area for two-hour parking, and strictly enforcing the two-hour limit.

For safety reasons, the new, larger parking lot is one-way only, with a separate entrance and exit.

City Logo Wear

Golf shirts, jackets, hats, travel bags, T-shirts, and clocks are available with the City's Council Tree logo. See the display at City Hall.

\$985.17

Volunteer Spotlight

This edition's spotlight focuses on Dr. Omar Atassi and the Friends of Neenah Riverwalk. Dr. Atassi stepped forward to chair this fundraising group that raised over \$1 million to support the Riverwalk development at Shattuck Park. Dr. Atassi is a physician with Urology Associates and a Neenah native. His vision of a better Neenah, combined with enthusiasm

and leadership, once again gives us reason to know that Neenah's best days are ahead of us.

Omar and all of the dedicated volunteers of the Friends are to be commended for carrying the torch of commitment to this community.

While the formal fundraising efforts are complete, donations to provide "wash lighting" of the Oak Street bridge are still being sought.

If you would like to contribute,

Cranes reach toward the sky behind the temporary dam on the Fox River Canal east of Commercial Street in downtown Neenah. The new Alta Resources office building and a city parking ramp will be located west of Commercial Street. The temporary dam holds back canal waters while construction work proceeds.

Rocket Slide – To be or not to be?

It has been determined that the Rocket Slide, an enduring symbol of our community that past generations remember with great fondness, is no longer safe. To replace it will cost \$46,000. Mayor Scherck has proposed funding half that amount in the 2006 budget and challenging the community to raise the other half.

"We can add a lot of playground equipment for \$46,000, but if the community is willing to step up as they consistently have done in the past, I am willing to support funding next year," Mayor Scherck said.

If you are interested in preserving this memory, contact the Neenah Parks and Recreation office at 886-6062. We need individual and corporate donors but also someone to

What is included on my Utility bill?

The Water Utility and Finance offices receive many questions about the utility bills. Frequently, people want to know what is included in each of the services itemized on the bill. The following is an explanation of each charge:

- ◆ **Water usage** - the cost for the amount of water used by the customer, as measured by the water meter. This is charged to all customers.
- ◆ **Water meter base** - a flat fee based on meter size that covers the water portion of meter maintenance and reading. This is charged to all customers.
- ◆ **Sewer usage** - the cost for the amount of wastewater sent to the sanitary sewer by the customer. For residential and most commercial and industrial customers, the water meter measurement is also used for the sewer usage measurement. For some of the larger customers a separate meter is used.
- ◆ **Sewer meter base** - a flat fee based on meter size that covers the sanitary sewer portion of meter maintenance and reading. This is charged to all customers.
- ◆ **Public fire protection** - a flat fee

based on square footage of the building served, which covers fire hydrant maintenance and testing. This is charged to all customers.

- ◆ **Private fire protection** - a flat fee based on the size of the water main entering a building, which covers the cost of providing water to a sprinkler system, fire hose connection, or private fire hydrant. This fee generally only applies to some commercial and industrial customers.
- ◆ **Storm water charge** - a flat fee based on the amount of impervious area on a property, which covers the cost to install and maintain storm sewers. This is charged to all customers.
- ◆ **Summer sewer credit** - a billing credit for residential customers only, that accounts for the heavier use of water in the summer that does not reach the sanitary sewer (i. e., grass watering, car washing).
- ◆ **Late fees** - a late fee of 1% per month is added to all unpaid charges. This fee is applied to water, sewer (sanitary), and storm fees.

If you have additional questions concerning your utility bill, please call the Finance office at 886-6149.

Taxes, investments, and progress

Neenah's strategy to control taxes by increasing the tax base is clearly working. Just drive around our community and witness the dramatic progress. To add objectivity to that assessment however, consider the following:

- \$49.9 million in new development in 2003.
- In 2004 we will exceed \$60 million (a Neenah record).

As new development occurs, not only does the tax base grow, but so does employment, housing and retail opportunities. More importantly, our best days are still ahead of us as witnessed by the recent announcement of a \$10 million residential/commercial project on the Neenah Clocktower site.
