

Press Release

Date: April 1, 2016

Re: Correction of Erroneous Information

The March 29, 2016, on-line edition of the Appleton Post-Crescent summarized information contained in a Statement of Claims and Circumstances of Claim filed by Attorney Howard B. Schoenfeld of DeWitt, Ross and Stevens, S.C. on behalf of claimant Theresa Mason-Funk.

The Post-Crescent article also contained a link to view those documents.

Some of the information in those documents is unambiguously false:

- Mr. Funk did not suffer any gunshot wound to the head
- Officer Hoffer did not suffer from a concussion
- Officer Kuffel did not shoot Mr. Funk

The City alleges other false statements in the Circumstances of Claim, as well. Those misrepresentations will be evident when the full investigative report is released.

Our citizens deserve to be given the full truth concerning all aspects of the December 5th hostage incident and shooting. We continue to strongly advocate for public release of all related video and reports as soon as practical.
