

## Press Release

**Date: November 3, 2016**

**Re: Follow up from yesterday's candy incident**

The Neenah Police Department received a few other complaints as we requested the community to come forward with any suspicious looking candy.

Any evidence obtained will be submitted to the WI Crime Lab for analysis. This is an ongoing investigation.

Again, parents are key in this situation and we ask you to check your children's candy. If you notice any candy that looks suspicious, please bring it to the Neenah Police and we will look at it for you. Remember, as an option, please check with your family dentist to see if they would x-ray the candy for you.

Any questions or concerns, please contact the Neenah Police Department at 886-6000.

Also, if you want to remain anonymous, contact [www.winnebago crimestoppers.org](http://www.winnebago crimestoppers.org) or call (920) 231-8477.
