Executive Summary

ES-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Neenah is located in Winnebago County, in northeastern Wisconsin. It was incorporated in 1873 on the Fox River, making it a center for transportation and power. Neenah's early industries of lumber, milling and paper formed the base of a manufacturing economy that continues to include paper, related industries of printing and packaging, as well as the development of plastics and computer products.

Neenah is the second largest city in a larger metropolitan area (known as the Fox Cities) that had a 2010 population of 236,000. The 2017 Census population for the City was 25,976. Neenah's incorporated area is 9.66 square miles.

Neenah's oldest housing is concentrated on Doty Island and the area near the central business district. The first subsidized housing for households with low incomes was developed in the 1970s. Development of subsidized housing has included Section 8 Elderly Rental, Section 8 Family Rental, Section 236 Family Rental, Section 8 Existing Housing Rental Assistance, Large Family Public Housing, and Section 202 Elderly Rental Housing.

The City's population and housing are affected by its location within the metropolitan area. The high degree of mobility among the municipalities and the outlying areas for housing and jobs has been and will continue to be an important factor in the Neenah housing market.

Community Development Block Grant funds are generally directed to central city neighborhoods, which are the areas of low and moderate income households and greater racial/ethnicity diversity. However, residents in all areas of the City may qualify for programs that have a low income requirement. Priorities for funding are assigned based on determination of needs and the impact of the funding available. There are needs that are underserved by the CDBG program, due to limited and reduced funding, and capacity limits of City government and public service agencies.

2. Summary of the objectives and outcomes identified in the Plan Needs Assessment Overview

Goals to be addressed with the Community Development Block Grant that are identified in the plan include:

Public Services

Housing Development Activities

Economic Development Activties

Neighborhood Revitalization

Fair Housing and Planning

Program Administration

3. Evaluation of past performance

The City's use of Community Development Block Grant funds since 1984 has included public services, housing rehabilitation, small business and facade improvements, central business district and Doty Island development, acquisition for housing development, blight elimination, neighborhood improvements and public facilities. These type of projects have been effective in addressing the needs of low and moderate income households, housing and economic development, and neighborhood improvements, and are proposed to meet ongoing needs and conditions.

4. Summary of citizen participation process and consultation process

Citizen input was invited through a public hearing and a comment and application period. Community organizations were also consulted during this period regarding housing and community development needs. The proposed plan was released and a thirty-day public comment period was held followed by another public hearing opportunity, and a review by the Finance and Personnel Committee. The Neenah Common Council held a public hearing followed by their consideration and approval. Newspaper ads and City website notices were published regarding the use of the Community Development Block Grant.

5. Summary of public comments

There were no public comments.

Summary of comments or views not accepted and the reasons for not accepting them

There were no comments or views not accepted.

7. Summary

The Process

PR-05 Lead & Responsible Agencies 24 CFR 91.200(b)

1. Describe agency/entity responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source

The following are the agencies/entities responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

| Agency Role | Name | Department/Agency |
|--------------------|--------|-----------------------|
| | | |
| CDBG Administrator | NEENAH | Community Development |

PR-10 Consultation – 91.100, 91.110, 91.200(b), 91.300(b), 91.215(I) and 91.315(I)

1. Introduction

In addition to the organizations described below, the City of Neenah cooperates and coordinates with the City of Appleton and the City of Oshkosh, adjacent units of general local government and CDBG formula grantees, particularly in the planning and implementation of fair housing services.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I)).

The City of Neenah works with the Winnebago County Health Department and public service agencies to enhance the coordination of services for residents. The City also supports the Fox Cities Housing Coalition and participates in the United Way Basic Needs and Self-Sufficiency Impact Area, which sets goals, funds and evaluates outcomes for the coordinated delivery of services.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness

The City coordinates efforts with Pillars, Inc. - Crisis Housing (formerly Homeless Connections) to provide shelter and services to homeless individuals and families from Neenah and those at risk of homelessness, and Pillars, Inc. - Stable Housing (formerly Housing Partnership) to provide shelter and services to those needing permanent supportive housing.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards and evaluate outcomes, and develop funding, policies and procedures for the administration of HMIS

The City of Neenah does not receive ESG funds.

Table 3 – Other local / regional / federal planning efforts

Describe cooperation and coordination with other public entities, including the State and any adjacent units of general local government, in the implementation of the Consolidated Plan (91.215(I))

The City of Neenah cooperates and coordinates with the City of Appleton and the City of Oshkosh, adjacent units of general local government and CDBG formula grantees, particularly in the planning and implementation of fair housing services.

Narrative (optional):

Strategic Areas of Focus - Continuum of Care

The data collected through Project RUSH are deep and comprehensive. The Fox Cities Housing Coalition (FCHC) will continue to analyze this data and use it to improve services and outcomes. The first step after initial analysis of the data is to develop a manageable number of strategic focus areas which are provided below. More detailed action plans will be developed for each area as we continue to explore solutions through agency, funder, and community collaboration.

- 1. Share Project RUSH data broadly within the community to promote a comprehensive and collaborative approach to addressing the complex issue of homelessness and housing instability. We recognize the tremendous value this data can have to other agencies serving the Fox Cities population.
- 2. Streamline current services to maximize value delivered. The FCHC will evaluate current practices and policies of member agencies to ensure that our collective service is client-focused, effective, and efficient. We will focus on the development of lean processes that maximize use of available resources and give the greatest impact within the community.
- 3. Focus on barrier removal to enhance opportunities for increased education and employment advancement. Adequate household income is fundamental to preventing housing instability. While there are many variables in achieving a living wage, we recognize the strong correlation between education and employment. FCHC recommends that the community engages its members, agencies, and organizations to better prepare individuals for employment opportunities.
- 4. Promote and/or create opportunities for ongoing supportive services and case management. As the data shows that most individuals experience homelessness more than one time, there is an opportunity to improve access to ongoing supportive services for the purpose of preventing relapses back into homeless situations and increasing housing stability.
- 5. Promote and/or create opportunities for trauma-informed care, response, and programming. The degree of trauma experienced by many individuals and families experiencing homelessness and housing instability demands that the service and care we provide recognize this reality. This trauma often reflects childhood experiences, physical and mental health issues, and trauma resulting from recent experiences with housing and homelessness.
- 6. Place special focus on childhood and young adult success. We recommend additional analysis into the impact of childhood housing instability and trauma on child development, education performance, and

generational poverty/homelessness. This will provide a long-term, preventative approach to breaking generational issues of housing instability.

- 7. Increase affordable, permanent housing opportunities. Data shows a significant mismatch in our community in the availability of affordable housing and the ability of individuals and families to pay for such housing. As such, we will work within the community to create additional housing to close this gap.
- 8. Engage community to promote social inclusion and eliminate stereotypes and misperceptions. Data shows that there is social isolation occurring in the homeless and near-homeless populations. This isolation reduces the ability to receive support and assistance needed to effectively move to a more stable situation.

PR-15 Citizen Participation – 91.105, 91.115, 91.200(c) and 91.300(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

The citizen participation process included a 10 day opportunity for comments on needs, suggestions for use of grant funds, and applications for funding from the 2020 grant. Three public hearings, one committee meeting and a 30-day public comment period were offered to citizens, resulting in goals and a plan for 2020 funds.

Table 4 – Citizen Participation Outreach

Needs Assessment

NA-05 Overview

Needs Assessment Overview

The City's population grew by 1% between 2009 and 2015, with very little change in the number of households during this period (10,797 – 10,810). Median income grew by 5%, which is less than the median income increase between 2000 and 2011. Most City households have incomes above 100% of the median income (48.5%), followed by households in the 50-80% income category (18.45%). Most of the households with at least one person 62 years of age or older have low or moderate incomes. There are slightly more households with children 6 years of age or younger with low and moderate incomes than those with incomes above 80% of the median.

Housing cost burdens of greater than 30% tend to be the most frequent housing problem, in both renter and owner households.

NA-10 Housing Needs Assessment - 24 CFR 91.205 (a,b,c)

Summary of Housing Needs

The most common housing problems among owners and renters up to 100% of the median income were those having a housing cost burden greater than 30% of income; 735 of renter households and 820 owner households reported this problem. In addition, 394 of renter households reported having a housing cost burden of greater than 50% of income, and 360 of owner households reported a housing cost burden of greater than 50%. Of renter households, 20 reported having zero or negative income, while 15 owner households reported this problem.

Substandard housing, defined as lacking complete plumbing or kitchen facilities, was reported by 45 renter households who had incomes up to 100% of the median income.

Of the same renters and owners, 439 renters reported having one or more of the housing problems, while 360 owners reported one or more housing problems.

Overcrowding was not reported as a housing problem.

Data Source Comments:

Describe the number and type of single person households in need of housing assistance.

The City of Neenah currently does not have data on the number of single person households needing housing assistance. However, information about housing cost burden greater than 30% and 50% of income is available by type of household. Of elderly renter households with incomes up to 80% of median income, some of whom may be one person households, 490 report a housing cost burden of greater than 30%. Of elderly households in the same income category, 270 report housing cost burdens greater than 50%. "Other" renter households with income up to 80% of the median and had cost burdens over 30% were reported as 390 households, and 315 owner households in this category reported 30% cost burdens. Cost burdens of 50% were reported by 140 "other" renter households and 85 owner households.

Estimate the number and type of families in need of housing assistance who are disabled or victims of domestic violence, dating violence, sexual assault and stalking.

The City of Neenah currently does not have data regarding the number and type of families who are disabled and in need of housing assistance.

In 2019, there were 23 persons affected by domestic violence who were served with shelter and services through Christine Ann Domestic Abuse Services.

What are the most common housing problems?

The most common housing problems among owners and renters up to 100% of the median income were those having a housing cost burden greater than 30% of income; 740 of renter households and 595 owner households reported this problem. In addition, 584 of renter households reported having a housing cost burden of greater than 50% of income, and 409 of owner households reported a housing cost burden of greater than 50%. Of renter households, 40 reported having zero or negative income, while 45 owner households reported this problem.

Of the same renters and owners, 684 renters reported having one or more of the housing problems, while 455 owners reported one or more housing problems, defined as lacking a kitchen or complete plumbing, severe overcrowding, or a severe cost burden.

Overcrowding was not frequently reported as a housing problem.

Are any populations/household types more affected than others by these problems?

Renter and owner households with incomes in the 0-30% and 31-50% income categories, and owners in the 50-80% and 81-100% categories were most likely to have housing cost burdens greater than 30%.

Describe the characteristics and needs of Low-income individuals and families with children (especially extremely low-income) who are currently housed but are at imminent risk of either residing in shelters or becoming unsheltered 91.205(c)/91.305(c)). Also discuss the needs of formerly homeless families and individuals who are receiving rapid re-housing assistance and are nearing the termination of that assistance

The City of Neenah does not have data regarding Neenah residents who are receiving rapid re-housing assistance.

Households with one or more severe housing problems (684 renter and 455 owner) are at risk of becoming unsheltered.

If a jurisdiction provides estimates of the at-risk population(s), it should also include a description of the operational definition of the at-risk group and the methodology used to generate the estimates:

Specify particular housing characteristics that have been linked with instability and an increased risk of homelessness

Households with one or more severe housing problems (684 renter and 455 owner) are at risk of becoming unsheltered.

Discussion

NA-15 Disproportionately Greater Need: Housing Problems – 91.205 (b)(2)

Assess the need of any racial or ethnic group that has disproportionately greater need in comparison to the needs of that category of need as a whole.

Introduction

The population of the City of Neenah as of July 1, 2019 was 26,300. Population estimates by race and ethnicity as of July 1, 2019 are as follows:

| White alone | 91.9% |
|---|-------|
| Black or African American alone | 2.6 |
| American Indian and Alaska Native alone | 1.2 |

Discussion:

Black or African American, Asian, American Indian or Alaskan Native, and Hispanic racial or ethnic groups have greater numbers of housing cost burdens.

NA-30 Disproportionately Greater Need: Discussion – 91.205(b)(2)

Are there any Income categories in which a racial or ethnic group has disproportionately greater need than the needs of that income category as a whole?

Particularly in the $0-30\,\%$ and 30-50% income categories, Black or African American, Asian, American Indian or Native Alaskan, and Hispanic racial and ethnic groups have greater numbers of housing problems, which may include lack of complete kitchen or plumbing facilities, more than one person per room, and or a cost burden of more than 30% or 50%.

If they have needs not identified above, what are those needs?

Needs are identified above.

Are any of those racial or ethnic groups located in specific areas or neighborhoods in your community?

The City has not identified racial or ethnic groups being located in specific areas.

NA-35 Public Housing – 91.205(b)

Introduction

Winnebago County manages units and vouchers in the City of Neenah. The number of units and vouchers, resident characteristics, race and ethnicity are for Winnebago County, including the City of Neenah but not including the City of Oshkosh.

Data Source: PIC (PIH Information Center)

Section 504 Needs Assessment: Describe the needs of public housing tenants and applicants on the waiting list for accessible units:

There is no waiting list for accessible units in Neenah.

Most immediate needs of residents of Public Housing and Housing Choice voucher holders

There are 142 on the waiting list for public housing in Neenah, and 661 on the Section 8 Voucher Program for Winnebago County.

How do these needs compare to the housing needs of the population at large

City of Neenah households with incomes between 0-30% or 30-50% of area median income are 20% of total households. These households compare with those on the waiting list in terms of income.

Discussion

NA-40 Homeless Needs Assessment – 91.205(c)

Introduction:

Information on persons experiencing homelessness is obtained from reports submitted by Pillars Inc. for the CDBG PY 2019.

Homeless Needs Assessment

| Population | Estimate the # of persons experiencing homelessness on a given night | | Estimate the # experiencing homelessness each year | Estimate the # becoming homeless each year | Estimate the # exiting homelessness each year | Estimate the # of days persons experience homelessness |
|-------------------------------------|--|-------------|--|--|---|--|
| | Sheltered | Unsheltered | | | | |
| Persons in Households with Adult(s) | | | | | | |

| Native | | 0 |
| Pacific Islander | | 0 |
| Ethnicity: | Sheltered: | Unsheltered (optional) |
| | | |
| Hispanic | | 5 0 |
| Not Hispanic | 5 | 0 |

Data Source

Comments:

2019 Pillars Inc. reports

Estimate the number and type of families in need of housing assistance for families with children and the families of veterans.

In the 2019 CDBG program year, three families from Neenah received shelter and services in Pillars shelters.

Describe the Nature and Extent of Homelessness by Racial and Ethnic Group.

Of the 60 persons provided shelter at Homeless Connections during the 2014 program year, the following racial and ethnic groups were served:

White - 43 White and Hispanic - 4

Black/African American - 13 Black/African American and Hispanic - 1

Asian - 2

American Indian/Alaskan Native and White - 1

Black/African American and White - 1

Describe the Nature and Extent of Unsheltered and Sheltered Homelessness.

Information about unsheltered homeless persons is from the Point-In-Time counts conducted twice per year.

Discussion:

In the January 2020 PIT, 21 persons were found unsheltered, the most identified in the winter count. There were a total of 222 persons in shelter and unsheltered in the Fox Cities, including in domestic abuse shelter and adult and family shelters.

NA-45 Non-Homeless Special Needs Assessment - 91.205 (b,d) Introduction:

Describe the characteristics of special needs populations in your community:

Elderly persons. The number of persons aged 65 and older increased from 12.5% to 12.7% in 2010. Median age in the City in 2000 was 35.4, and 36.7 in 2010, which is at or slightly lower than the median age of Winnebago County and the State of Wisconsin in these time periods. The 2019 American Community Survey (ACS) estimated that persons aged 75 and over who had self-care needs numbered 189, +/- 67 (12.5% of total persons 75+, +/- 4.4%). Those who had independent living difficulty aged 75 and over numbered 322 +/- 78 (21.4% of total persons 75+, +/- 4.8%).

Persons with cognitive disabilities. The 2019 American Community Survey estimated that 992 persons, +/- 170 (4.1%, +/- 0.7%) had cognitive difficulty.

Persons with physical disabilities. The 2019 ACS estimated that 1,371 +/- 196 (5.7% +/- 0.8%) persons had ambulatory difficulty.

What are the housing and supportive service needs of these populations and how are these needs determined?

Needs of elderly persons. There is a wide range of housing and supportive service needs for the elderly in the City of Neenah. Older adults frequently require help with home maintenance, modification or repairs, and services such as meals and preventative health care at community sites, or delivery by social service agencies of those services to individuals' homes.

Many elderly households with fixed and/or lower incomes require affordable and accessible units. They may also need supportive services in the community at large, or services delivered to them.

Needs of frail elderly persons. These needs include accessible housing, assistance with household and personal care, meal sites and home delivered meals, companionship, home health care and skilled nursing care, transportation, and day care outside of the home.

Needs of persons with cognitive disabilities. The Winnebago County Human Services Department and the Aging and Disability Resource Center (ADRC) serves this population. Currently, their clients live in a range of housing types, including institutions, group homes, room and board establishments, supported and non-supported rental units, and with family members. For those able to live semi-independently, low-income apartments with support staff available is the living arrangement of preference rather than

boarding houses or group homes. Adult family homes, owner or renter occupied, with 4 or fewer residents are also preferred. This population usually has limited incomes, either public assistance and/or low paying jobs because of their disability.

Friendship Place, Inc., provides mental health outreach and advocacy in Neenah for persons with mental illness. The non-profit organization reports that their clients need low income housing or housing assistance, protective housing in a group home setting, access to health care, better coordination among supportive services, support for personal vehicles, and support for daily living, including personal hygiene items.

Needs of persons with physical disabilities. The ADRC reports that accessible housing with a range of types of support services is needed for this population. Modification of market housing is frequently required.

Discuss the size and characteristics of the population with HIV/AIDS and their families within the Eligible Metropolitan Statistical Area:

Between 2014 and 2018, there were 16 new cases of HIV infection in Winnebago County, as reported by the State of Wisconsin Department of Health Services. In 2019, there were 7 new cases, and prevalent cases of 122. Current gender is reported, with males making up most of the cases, while race was most frequently reported as White followed by Black/African American. Current age was most frequently 50 - 59, followed by 40 - 49 and 30 - 39. Disease status was reported as HIV (56.6%) and HIV Stage 3 (AIDS) (43.4%) of prevalent cases.

Discussion:

Vivent Health (formerly AIDS Resource Center of Wisconsin), located in Appleton, provides services and referrals to the population with HIV/AIDS.

NA-50 Non-Housing Community Development Needs – 91.215 (f)

Describe the jurisdiction's need for Public Facilities:

Transportation related improvements, infrastructure, as well as park improvements have been determined as public facilities needs that may continue to be funded in the planning period.

How were these needs determined?

Consultation with public works, economic development and parks and recreation staff and elected officials determined that these are needs for business development and neighborhood improvements.

Describe the jurisdiction's need for Public Improvements:

Public facilities improvements include public improvements.

How were these needs determined?

Consultation with staff, elected officials and the comprehensive planning process.

Describe the jurisdiction's need for Public Services:

Public services meet the needs of individuals and families who may be homeless or at risk of homelessness, the elderly, sexual abuse survivors, tenants and residents needing emergency financial assistance and referral, persons needing financial counseling, and youth.

How were these needs determined?

Needs were determined through public hearings and requests for proposals for services.

Housing Market Analysis

MA-05 Overview

Housing Market Analysis Overview:

According to the 2011-2015 ACS, most of the City's residential units are 1-unit, detached structures (67%). In addition, 3% are 1-unit attached structures. Of the multiple-family units, 1,300 units are located in 2-4 unit buildings (12%), while a little less are located in 5-19 unit buildings. Seven percent (835) are in 20 or more unit buildings.

Owner occupied units comprise 65.9% of the housing units as of 2019.

Median rents have increased between 2009 and 2015, 3% and 8%, respectively.

Since 2011, fewer rental units have rents under \$500 (48.7% to 41.0%), and rents between \$500 and \$999 in 2015 comprised 52.3% as compared to 47.5% in 2011. Units with rents over \$999 are 6.7% of total rental units.

MA-10 Number of Housing Units – 91.210(a)&(b)(2)

Introduction

All residential properties by number of units

| Property Type | Number | % |
|---------------------------------|--------|------|
| 1-unit detached structure | 7,600 | 67% |
| 1-unit, attached structure | 370 | 3% |
| 2-4 units | 1,300 | 12% |
| 5-19 units | 1,150 | 10% |
| 20 or more units | 835 | 7% |
| Mobile Home, boat, RV, van, etc | 8 | 0% |
| Total | 11,263 | 100% |

Table 28 - Unit Size by Tenure

Data Source: 2011-2015 ACS

Describe the number and targeting (income level/type of family served) of units assisted with federal, state, and local programs.

Residential units to be assisted with CDBG funding will include those occupied by low and moderate income households. Projects serving renters in detached and multi-family as well as single family owner-occupied properties will be considered.

Provide an assessment of units expected to be lost from the affordable housing inventory for any reason, such as expiration of Section 8 contracts.

No units are expected to be lost from the affordable housing inventory due to expiration of Section 8 contracts.

Does the availability of housing units meet the needs of the population?

Data on housing cost burden indicates that there is a mismatch between income and housing affordability for a number of households in the community.

Data on overcrowding does not indicate a mismatch in the size of units and household needs.

Describe the need for specific types of housing:

No specific types of housing have been identified as a development need. However, rental housing affordable to moderate income households ("workforce housing") has been identified as a market demand.

Discussion

MA-15 Housing Market Analysis: Cost of Housing - 91.210(a)

Introduction

Cost of Housing

| | Base Year: 2009 | Most Recent Year: 2015 | % Change |
|----------------------|-----------------|------------------------|----------|
| Median Home Value | 128,900 | 132,400 | 3% |
| Median Contract Rent | 506 | 544 | 8% |

Table 29 - Cost of Housing

Data Source: 2005-2009 ACS (Base Year), 2011-2015 ACS (Most Recent Year)

| Rent Paid | Number | % |
|-----------------|--------|-------|
| Less than \$500 | 1,493 | 41.0% |
| \$500-999 | 1,905 | 52.3% |
| \$1,000-1,499 | 115 | 3.2% |
| \$1,500-1,999 | 55 | 1.5% |
| \$2,000 or more | 74 | 2.0% |
| Total | 3,642 | 99.9% |

Monthly Rent

| Monthly Rent (\$) | Efficiency (no bedroom) | 1 Bedroom | 2 Bedroom | 3 Bedroom | 4 Bedroom |
|-------------------|-------------------------|-----------|-----------|-----------|-----------|
| Fair Market Rent | 0 | 0 | 0 | 0 | 0 |
| High HOME Rent | 0 | 0 | 0 | 0 | 0 |

| Monthly Rent (\$) | Efficiency (no bedroom) | 1 Bedroom | 2 Bedroom | 3 Bedroom | 4 Bedroom |
|-------------------|-------------------------|-----------|-----------|-----------|-----------|
| Low HOME Rent | 0 | 0 | 0 | 0 | 0 |

Table 32 - Monthly Rent

Data Source Comments:

Is there sufficient housing for households at all income levels?

In terms of household numbers, there is insufficient housing affordable to households at the 0-30% median income level, and insufficient renter housing at the 30-50% median income level.

How is affordability of housing likely to change considering changes to home values and/or rents?

Between 2009 and 2015, median home values increased by 3%. Since 2015, assessed values have increased, which may indicate a growing inability for low and moderate income households to become home owners. Rents increased during the same time period by 8%, however it is likely that rents have increased since 2015.

How do HOME rents / Fair Market Rent compare to Area Median Rent? How might this impact your strategy to produce or preserve affordable housing?

The Median Contract Rent is very similar to the Fair Market Rent for an efficiency unit. Preservation of existing units is part of the strategy to provide housing to households at all income levels.

Discussion

MA-20 Housing Market Analysis: Condition of Housing – 91.210(a) Introduction

Definitions

Substandard is a condition in which repairs would cost more than 50% of the assessed value to bring to Housing Quality Standards.

Substandard condition but suitable for rehabilitation includes properties in which one or more mechanical or structural component is defective but costs are less than 50% of the value.

Condition of Units

| Condition of Units | Owner- | Occupied | Renter | -Occupied |
|--------------------------------|--------|----------|--------|-----------|
| | Number | % | Number | % |
| With one selected Condition | 1,220 | 17% | 1,380 | 38% |
| With two selected Conditions | 20 | 0% | 85 | 2% |
| With three selected Conditions | 0 | 0% | 0 | 0% |
| With four selected Conditions | 0 | 0% | 0 | 0% |
| No selected Conditions | 5,925 | 83% | 2,180 | 60% |
| Total | 7,165 | 100% | 3,645 | 100% |

Table 36 - Vacant Units

Data Source: 2005-2009 CHAS

Need for Owner and Rental Rehabilitation

Of the City's owner-occupied units, 72% were constructed before 1980, and of the rental units, 54%, indicating an ongoing need for housing rehabilitation.

Of owner-occupied units, 17% have one condition requiring repair, while 38% of the rental units have one condition.

Estimated Number of Housing Units Occupied by Low or Moderate Income Families with LBP Hazards

Of the units constructed prior to 1980, 2,349 were estimated to contain lead-based paint hazards, plus or minus 10% (Comprehensive and Workable Plan for the Abatement of Lead-Based Paint in Privately Owned Structures). This number does not account for properties in which hazards have been abated.

Discussion

MA-25 Public and Assisted Housing – 91.210(b)

Introduction

Winnebago County Housing Authority owns public housing in the City of Neenah and administers tenant-based vouchers throughout Winnebago County.

Section 8 housing is also administered by two private management companies in the City.

Neenah Court Apartments, 2112 Marathon Avenue, has 24 units of family housing made up of 2 and 3 bedroom units.

Dominium manages 31 units of scattered site family units, having 2 and 3 bedrooms.

Dominium also manages 2 elderly housing apartment complexes, Hearthside Apartments and Fireside Commons, each having 60 units for a total of 120 units.

None of the Section 8 units are expected to be lost from the inventory, either by conversion or demolition.

Other Assisted Housing

Primrose Apartments at 1316 Primrose Lane has 72 units of family housing, consisting of 2 and 3 bedroom units that were constructed through Section 236.

Assisi Homes, 210 Byrd Avenue, has 38 units of independent elderly housing, financed through Section 202. All are one bedroom independent living apartments. Emerald Ridge Assisted Living, 130 Byrd Avenue, has 45 units of efficiency, 1 bedroom and large 1 bedroom units. Meals are available, and other features are available such as an emergency response system, and assisted bathing facilities. Some unit rents are set aside for lower income persons.

Table 37 – Total Number of Units by Program Type

Data Source: PIC (PIH Information Center)

Describe the supply of public housing developments:

Describe the number and physical condition of public housing units in the jurisdiction, including those that are participating in an approved Public Housing Agency Plan:

There are 12 units of public housing in the City of Neenah, built in 1990 - 1992, which remain in good condition, though interior and exterior renovations are planned. The 5 duplexes and 2 single family units contain 3, 4, and 5 bedrooms, and one of the units is handicapped accessible.

Public Housing Condition

| Public Housing Development | Average Inspection Score |
|----------------------------|--------------------------|
| | |

Table 38 - Public Housing Condition

Describe the restoration and revitalization needs of public housing units in the jurisdiction:

The 12 units of public housing continue to be in good condition. Interior and exterior renovations are proposed, including repairs to increase marketability and energy efficiency. Renovations to include window replacement, bathroom and kitchen renovations, energy efficiency improvements, and roof replacements.

Describe the public housing agency's strategy for improving the living environment of lowand moderate-income families residing in public housing:

The Winnebago County Housing Authority undertakes resident initiatives such as encouraging homeownership through training and assistance programs, recommends consumer credit counseling where appropriate, offers housekeeping training, and makes information and referrals about subjects such as parenting and domestic abuse available to residents.

Discussion:

MA-30 Homeless Facilities and Services – 91.210(c)

Introduction

Outreach and assessment is primarily managed by Pillars Inc. formerly Homeless Connections, Salvation Army Resource Center, and information and referral is also conducted by members of the continuum of housing and services. There are no homeless shelters in the City of Neenah, and so Neenah residents who need shelter may go to shelters in Appleton operated by Pillars Inc., or be housed by voucher at a motel through the Salvation Army. Individuals who have mental illness and are homeless are referred by Winnebago County for shelter at a Community-Based Residential Facility located in Oshkosh. Individuals and families affected by domestic abuse can seek shelter through the Christine Ann Domestic Abuse Services, which operates a shelter in Oshkosh. Pillars Inc. also operates a program to assist households at risk of being homeless, and the chronically homeless, through case management to prevent their entry or re-entry into the shelter.

Pillars Inc. operates supportive housing in the area. This housing is managed primarily by providing case management services to families who also occupy rental units under their ownership. Residents are assisted to obtain training and employment, find day care, and complete other tasks so that their lives are stabilized and they are able to find and maintain permanent housing. These units located throughout the Fox Cities are available to families for up to 18 months. Pillars owns 8 units of rental housing for very low income households in Neenah and 12 units of supportive housing.

There are no day shelters or soup kitchens or other similar facilities in Neenah available to the homeless. However, the Neenah Police Department, Salvation Army, the St. Vincent dePaul Society and local churches provide vouchers, monetary assistance, and referrals for shelter and food.

Facilities and Housing Targeted to Homeless Households

| | Emergency Shelter Beds | | Transitional Housing Beds | Permanent Supportive House Beds | |

| | Year Round Beds (Current & New) | Voucher / Seasonal / Overflow Beds | Current & New | Current & New | Under Development |
| Households with Adult(s) and | | | | | |
| Child(ren) | 78 | 0 | 0 | 0 | 0 |
| Households with Only Adults | 0 | 50 | 0 | 0 | 0 |
| Chronically Homeless Households | 0 | 0 | 0 | 0 | 0 |
| Veterans | 0 | 0 | 0 | 0 | 0 |
| Unaccompanied Youth | 0 | 0 | 0 | 0 | 0 |

Table 39 - Facilities and Housing Targeted to Homeless Households

Data Source Comments: Pillars Inc.

Describe mainstream services, such as health, mental health, and employment services to the extent those services are use to complement services targeted to homeless persons

Food -- The Salvation Army offers a food pantry at the Neenah Human Services building, and St. Joseph's Food Pantry in Menasha offers assistance regardless of residency. Hot meals are provided by Advocap to older adults through the meal sites in Neenah, with a donation requested. Meals are available through the Community Table located at St. Thomas Episcopal Church in Menasha, and meals are also available at the Salvation Army in Appleton. The Meals on Wheels service offers special diet meals.

Clothing -- Bethesda Thrift Mart, St. Vincent dePaul Society Clothing Store, and a Goodwill Store are located in Neenah and offer clothing, shoes and household goods at lower prices. The Community Clothes Closet, located in Menasha, makes clothing available to individuals regardless of residency.

Financial Assistance -- The Winnebago Department of Human Services administers financial assistance programs that can assist homeless persons. They include W-2, food stamps, Badger Care, Medical Assistance, and Emergency Assistance. Social Security and Supplemental Social Security Income are also available to qualified applicants through the Social Security Administration. Limited Emergency Assistance - Valley Ecumenical Network (LEAVEN), headquartered in Menasha, coordinates emergency assistance in the area, and provides stopgap funding for housing and services on the basis of applicant income and circumstances. Goodwill NCW, located in Menasha, provides budget counseling.

Child Care -- Assistance is available to lower income households for child care from the Winnebago Department of Human Services, Child Care Unit. In addition, child care is available through the CAP Services Skills Enhancement program.

Medical and Dental Care -- Medical care for the uninsured and underinsured is available from Partnership Community Health Services, located in Grand Chute. Dental care is also provided through the Tri-County Community Dental Clinic in Grand Chute.

Transportation -- Mass transit is available during the daytime hours and limited evening hours, Monday through Saturday throughout the Fox Cities by means of Valley Transit bus service. Disabled persons may be eligible for lift accessible trips by means of lift equipped buses and Valley Transit II, a service operated by Running, Inc. and available by advance request.

Domestic Abuse Shelter and Counseling -- Christine Ann Domestic Abuse Services, Harbor House and Reach Counseling provides services to Neenah residents who may be homeless because of domestic abuse or who need sexual abuse counseling.

Treatment for Mental Illness -- Winnebago County provides services to County residents who require treatment for mental illness as well as alcohol or other drug abuse, and assistance to those with development disabilities.

List and describe services and facilities that meet the needs of homeless persons, particularly chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth. If the services and facilities are listed on screen SP-40 Institutional Delivery Structure or screen MA-35 Special Needs Facilities and Services, describe how these facilities and services specifically address the needs of these populations.

Services and facilities are specifically offered to homeless individuals, families, and veterans, and unaccompanied youth by Pillars and COTS.

MA-35 Special Needs Facilities and Services – 91.210(d) Introduction

Including the elderly, frail elderly, persons with disabilities (mental, physical, developmental), persons with alcohol or other drug addictions, persons with HIV/AIDS and their families, public housing residents and any other categories the jurisdiction may specify, and describe their supportive housing needs

Describe programs for ensuring that persons returning from mental and physical health institutions receive appropriate supportive housing

The Winnebago County Aging and Disability Resource Center works with persons returning from mental and physical health institutions to find appropriate supportive housing.

Specify the activities that the jurisdiction plans to undertake during the next year to address the housing and supportive services needs identified in accordance with 91.215(e) with respect to persons who are not homeless but have other special needs. Link to one-year goals. 91.315(e)

The City of Neenah will support the provision of congregate and home-delivered meals to elderly persons with special needs. (Public Service Goal.)

For entitlement/consortia grantees: Specify the activities that the jurisdiction plans to undertake during the next year to address the housing and supportive services needs identified in accordance with 91.215(e) with respect to persons who are not homeless but have other special needs. Link to one-year goals. (91.220(2))

MA-40 Barriers to Affordable Housing – 91.210(e)

Negative Effects of Public Policies on Affordable Housing and Residential Investment

The City of Neenah completed the 2040 Comprehensive Plan. The Housing Element consists of a Vision, Goals, Objectives and Recommendations. The plan's housing market analysis resulted in policies which propose to remedy negative impacts on housing in the community, and pursue options to fulfill the vision by achieving goals, meeting objectives and undertaking recommendations.

Vision Statement: Neenah's vibrant neighborhoods offer a range of housing types for all income levels, neighborhood-appropriate commercial opportunities, pedestrian trail connections to retail and business districts, and the housing stock is properly maintained and rehabilitated when needed.

Housing Choice

Goal H1: Provide housing choices which reflect the needs of individual households.

Housing Preservation

Goal H2: Maintain and preserve the quality of existing neighborhoods and housing stock to encourage the provision of an adequate supply and choice of housing for all residents and to preserve the cultural identity and history of the City.

New Housing Development

Goal H3: Encourage new housing developments that protect the natural resources, provides infrastructure, for pedestrians and bicyclists, and includes a mixture of uses.

Data Source: 2011-2015 ACS

Based on the Business Activity table above, what are the major employment sectors within your jurisdiction?

The major employment sectors within the City of Neenah are education and health care services, manufacturing, and professional, scientific, and management services, and retail trade.

Describe the workforce and infrastructure needs of the business community:

Business community needs continue to include a skilled workforce for education and health care services, advanced manufacturing, and professional, scientific, and management services jobs. Infrastructure needs include a well-developed multi-modal transportation system, from bike and pedestrian facilities, to public transit and parking facilities that accommodate employees' needs.

Describe any major changes that may have an economic impact, such as planned local or regional public or private sector investments or initiatives that have affected or may affect job and business growth opportunities during the planning period. Describe any needs for workforce development, business support or infrastructure these changes may create.

The City has seen changes in the west edge of the central business district (Gateway Redevelopment Area) and the South Commercial Street area. Planning, blight elimination, environmental improvements, and development projects are being undertaken which should positively impact job and business growth opportunities. Business and infrastructure support will continue to be needed.

How do the skills and education of the current workforce correspond to employment opportunities in the jurisdiction?

Most of the currently employed have a Bachelor's degree or higher, followed by some college or an Associate's degree. (Table 44). The greatest share of jobs as shown in Table 40 are in manufacturing activity, followed by education and health care services and professional, scientific and management services. It appears that employment opportunities complement the skill and education level in the community, and that developing similar opportunities would provide additional employment.

Describe any current workforce training initiatives, including those supported by Workforce Investment Boards, community colleges and other organizations. Describe how these efforts will support the jurisdiction's Consolidated Plan.

The Fox Valley Workforce Development Board, Inc. is a non-profit, 501(c)(3) organization that serves as one of the Workforce Investment Boards established by the 1998 federal Workforce Investment Act (WIA) and recently the Workforce Innovation & Opportunity Act (WIOA) of 2014. FVWDB administers WIOA programs, operates six One-Stop Job and Career Centers, and provides business services to employers. The Fox Valley Workforce Development Area covers Calumet, Fond du Lac, Green Lake, Waupaca, Waushara, and Winnebago Counties.

Does your jurisdiction participate in a Comprehensive Economic Development Strategy (CEDS)?

Yes

If so, what economic development initiatives are you undertaking that may be coordinated with the Consolidated Plan? If not, describe other local/regional plans or initiatives that impact economic growth.

CEDS economic development initiatives include advanced manufacturing, business services, heavy transport manufacturing, and food and beverage. Economic development projects in the Consolidated Plan include those that support businesses in the CEDS, and assistance to microenterprises and small businesses.

Discussion

MA-50 Needs and Market Analysis Discussion

Are there areas where households with multiple housing problems are concentrated? (include a definition of "concentration")

Concentrations of multiple housing problems have not be identified. The City has areas of older housing, such as Doty Island and the areas south and west of the central business district, in which affordable owner and rental housing has been developed and rehabilitated, obsolete structures have been removed, and public facilities have been improved.

Are there any areas in the jurisdiction where racial or ethnic minorities or low-income families are concentrated? (include a definition of "concentration")

Concentrations of racial/ethnic minorities or low income households have not been identified.

What are the characteristics of the market in these areas/neighborhoods?

Older homes characterize the housing market in these areas.

Are there any community assets in these areas/neighborhoods?

Community assets in these areas include access to parks, trails and waterfront, excellent public and charter schools, employment centers, community and youth centers, and a thriving central business district.

Are there other strategic opportunities in any of these areas?

We are exploring opportunities for residential neighborhood improvements as parks and trails are developed in these areas.

MA-60 Broadband Needs of Housing occupied by Low- and Moderate-Income Households - 91.210(a)(4), 91.310(a)(2)

Describe the need for broadband wiring and connections for households, including low- and moderate-income households and neighborhoods.

Broadband wiring exists for Neenah households including low and moderate income households. Broadband connection cost may be an obstacle for low and moderate income households. Free wifi is available in City parks and at the Neenah Public Library and parking lot.

During the period 2015-2019, 89.8% of Neenah households reported that they had a computer. In the same time period, 85.9% of households reported that they had a broadband internet connection.

Describe the need for increased competition by having more than one broadband Internet service provider serve the jurisdiction.

Currently more than one broadband internet service provider serves the jurisdiction.

MA-65 Hazard Mitigation - 91.210(a)(5), 91.310(a)(3)

Describe the jurisdiction's increased natural hazard risks associated with climate change.

The jurisdiction may be expected to experience greater natural hazard risks due to more frequent or more significant storm events associated with climate change. Hazards may include flooding and other damage to residential, commercial, industrial and public property. If extreme temperatures are experienced, public health, public safety, and local agriculture and food economy are impacted, as well as negative impacts on energy use and energy costs.

Describe the vulnerability to these risks of housing occupied by low- and moderate-income households based on an analysis of data, findings, and methods.

According to the Fourth National Climate Assessment (2018), climate change will disrupt economic growth, public health and ecosystems. Climate change is expected to impact low-income communities, communities of color, and other vulnerable populations disproportionately. (https://www.enterprisecommunity.org/blog/climate-change-disproportionately-affects-low-incomecommunities)

Strategic Plan

SP-05 Overview

Strategic Plan Overview

The City of Neenah seeks to provide a Community Development Block Grant program that is multi-faceted, designed to primarily provide assistance to low and moderate income households through support of services meeting basic needs, homeless shelter and permanent low cost rental and owner occupied housing, homebuyer assistance, housing rehabilitation, and job creation; and non-housing and community development activities including redevelopment of the central city, site improvements, furthering fair housing, and planning and program administration.

SP-10 Geographic Priorities – 91.215 (a)(1)

Geographic Area

Table 47 - Geographic Priority Areas

General Allocation Priorities

Describe the basis for allocating investments geographically within the jurisdiction (or within the EMSA for HOPWA)

Though all qualified residents and areas of the community are eligible for project funding, most funding is allocated in central city corridors due to needs for rehabilitation and blight elimination in areas of of older construction.

SP-25 Priority Needs - 91.215(a)(2)

Priority Needs

Table 48 - Priority Needs Summary

| ıab | e 48 – Priority Need | as Summary |
|---------------------------|-----------------------|--|
| 1 | Priority Need Name | Low and Moderate Income Households |

| | purpose where possible. | | | | | |
| Acquisition, including | The housing market and housing needs indicate use of funds for this | | | | | |
| preservation | purpose where possible, though other federal programs may be more | | | | | |
| | appropriate for this purpose. | | | | | |

Table 49 – Influence of Market Conditions

SP-35 Anticipated Resources - 91.215(a)(4), 91.220(c)(1,2)

Introduction

Anticipated resources during the five year period include Community Development Block Grant funds. In addition, there may be program income.

Anticipated Resources

| Program | Source of | Uses of Funds | Expected Amount Available Year 1 | | | | Expected | Narrative Description |
|---------|---------------------|---|----------------------------------|-----------------------|--------------------------------|--------------|--|-----------------------|
| | Funds | | Annual Allocation: \$ | Program Income: \$ | Prior Year Resources: \$ | Total: \$ | Amount Available Remainder of ConPlan \$ | |
| CDBG | public - federal | Acquisition Admin and Planning Economic Development Housing Public Improvements | | | | | | |
| | | Public Services | 218,113 | 30,000 | 223,066 | 471,179 | 528,821 | |

Table 50 - Anticipated Resources

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

No matching funds are required.

CDBG funds leverage additional private funds in most public service, housing and economic development projects.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

No publically owned land or property is expected to be used to address the needs identified in the plan.

Discussion

SP-40 Institutional Delivery Structure – 91.215(k)

Explain the institutional structure through which the jurisdiction will carry out its consolidated plan including private industry, non-profit organizations, and public institutions.

| Responsible Entity | Responsible Entity | Role | Geographic Area |
|--------------------|--------------------|-------------------|-----------------|
| | Туре | | Served |
| City of Neenah | Government | Economic | Jurisdiction |
| | | Development | |
| | | Ownership | |
| | | Planning | |
| | | neighborhood | |
| | | improvements | |
| | | public facilities | |
| | | public services | |

Table 51 - Institutional Delivery Structure

Assess of Strengths and Gaps in the Institutional Delivery System

Strengths in the delivery of programs and services include the working relationship between organizations. Referrals are made between agencies in order to better utilize the resources each of the agencies may have and to avoid duplication. The City of Neenah is a member of the Fox Cities Housing Coalition, which advocates for and coordinates housing services in the area, and participates in the United Way Basic Needs and Self-Sufficiency Impact Area.

Availability of services targeted to homeless persons and persons with HIV and mainstream services

| Homelessness Prevention Services | Available in the Community | Targeted to Homeless | Targeted to People with HIV | | | | | |

| | | | | | |

Table 52 - Homeless Prevention Services Summary

Describe how the service delivery system including, but not limited to, the services listed above meet the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth)

Prevention and case management services are available to homeless persons and persons with HIV through shelters and Vivent Health (formerly AIDS Resource Center of Wisconsin). These case management services connect clients with mainstream services. The public services funded by the CDBG serve populations in shelters as well.

Describe the strengths and gaps of the service delivery system for special needs population and persons experiencing homelessness, including, but not limited to, the services listed above

Connections are being made by shelters for the increasing numbers of persons needing specialized health and substance use disorder care.

Provide a summary of the strategy for overcoming gaps in the institutional structure and service delivery system for carrying out a strategy to address priority needs

Continuum of care service providers are developing a system so there is better entry to and referral within the system for homeless persons and those at-risk of homelessness.

SP-45 Goals Summary – 91.215(a)(4)

Goals Summary Information

| Sort | Goal Name | Start | End | Category | Geographic | Needs Addressed | Funding | Goal Outcome Indicator |

Table 53 – Goals Summary

Goal Descriptions

| 1 | Goal Name | Public Services |
|---|---------------------|---|
| | Goal Description | Public service activities may include services and shelter for homeless persons and survivors of domestic abuse, nutrition and other services for older adults, services to survivors of sexual abuse, emergency financial and referral services, youth mentoring services, and budget counseling services. |
| 2 | Goal Name | Housing Development Activities |
| | Goal Description | Activities of acquisition, blight elimination, site improvements, housing rehabilitation, and homebuyer activities will be undertaken. |
| 3 | Goal Name | Economic Development Activities |
| | Goal Description | Activities of acquisition, blight elimination, site improvements, facade improvements and small business and microenterprise assistance will be undertaken. |
| 4 | Goal Name | Neighborhood Revitalization |
| | Goal Description | Activities of blight elimination, site improvements, and public facilities. |
| 5 | Goal Name | Fair Housing |
| | Goal Description | Fair housing education, enforcement and technical assistance activities. |
| 6 | Goal Name | Planning and Program Administration |
| | Goal Description | Planning and CDBG program administration activities. |

Estimate the number of extremely low-income, low-income, and moderate-income families to whom the jurisdiction will provide affordable housing as defined by HOME 91.315(b)(2)

Over the 5 year period, new or improved housing units are estimated to be provided to 25 households with extremely low, low or moderate incomes.

SP-50 Public Housing Accessibility and Involvement – 91.215(c)

Need to Increase the Number of Accessible Units (if Required by a Section 504 Voluntary Compliance Agreement)

There is no Section 504 Voluntary Compliance Agreement.

Activities to Increase Resident Involvements

A public housing resident is a commissioner on the Winnebago County Housing Authority.

Is the public housing agency designated as troubled under 24 CFR part 902?

No

Plan to remove the 'troubled' designation

Winnebago County Housing Authority is considered a high performing housing authority.

SP-55 Barriers to affordable housing – 91.215(h)

Barriers to Affordable Housing

The City of Neenah completed the 2040 Comprehensive Plan. The Housing Element consists of a Vision, Goals, Objectives and Recommendations. The plan's housing market analysis resulted in policies which propose to remedy negative impacts on housing in the community, and pursue options to fulfill the vision by achieving goals, meeting objectives and undertaking recommendations.

Vision Statement: Neenah's vibrant neighborhoods offer a range of housing types for all income levels, neighborhood-appropriate commercial opportunities, pedestrian trail connections to retail and business districts, and the housing stock is properly maintained and rehabilitated when needed.

Housing Choice

Goal H1: Provide housing choices which reflect the needs of individual households.

Housing Preservation

Goal H2: Maintain and preserve the quality of existing neighborhoods and housing stock to encourage the provision of an adequate supply and choice of housing for all residents and to preserve the cultural identity and history of the City.

New Housing Development

Goal H3: Encourage new housing developments that protect the natural resources, provides infrastructure, for pedestrians and bicyclists, and includes a mixture of uses.

Strategy to Remove or Ameliorate the Barriers to Affordable Housing

Housing Choice

Objective H 1.1: Promote and encourage the development of innovative programs and projects that can provide affordable housing for low and moderate income households and for persons with special needs.

Objective H 1.2: Promote collaboration between governmental, private, and non-profit sectors to encourage opportunities around affordable housing.

Objective H 1.3: Support proposals to provide a variety of affordable housing choices for seniors.

Objective H 1.4: Encourage residential developments that promote a variety of different housing types.

Housing Preservation

Objective H 2.1: Promote continuous improvement and preservation of the community's established neighborhoods.

Objective H 2.2: Support rehabilitation, renovation, and preservation of the community's older housing stock and historic homes.

New Housing Development

Objective H 3.1: Ensure that future residential developments protect existing natural features that contribute to flood water protection, surface water quality, fish and wildlife habitat, and wetland and stream bed protection.

Objective H 3.2: Provide for mixed-use residential neighborhoods that offer a variety of housing types, effectively combine residential and commercial uses, and retain extensive open areas.

Objective H3.3: Address the relationship between housing and other land uses.

SP-60 Homelessness Strategy – 91.215(d)

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Strategic plan goals include support of shelter and service organizations such as Pillars Inc. and Christine Ann Domestic Abuse outreach and assessment services to homeless persons.

Addressing the emergency and transitional housing needs of homeless persons

Strategic plan goals include support of emergency shelter needs through Pillars Inc. and Christine Ann Domestic Abuse Services.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.

Individuals and families who become homeless have as a point of entry to shelter the Pillars Inc. Adult and Adult and Family Shelters, the Salvation Army Resource Center, Harbor House or Christine Ann Domestic Abuse Services. Stays in these shelters along with case management services are followed by transitional housing with COTS or Pillars Inc. Stable Housing or permanent rental housing, either private or subsidized. Once stabilized, households who have been homeless frequently must receive supportive services to maintain their housing and stability.

Help low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families who are likely to become homeless after being discharged from a publicly funded institution or system of care, or who are receiving assistance from public and private agencies that address housing, health, social services, employment, education or youth needs

The Fox Cities continuum of care system accessed by Neenah residents who are at risk of being homeless offers prevention and case management services, life skills and budgeting, parenting and family strengthening, legal, health, alcohol and drug abuse services, mental health treatment, literacy, education and job training, employment assistance, immigration services, AIDS services, disability services, child care, financial assistance, transportation, and basic needs, including food and clothing.

SP-65 Lead based paint Hazards – 91.215(i)

Actions to address LBP hazards and increase access to housing without LBP hazards

All local physicians have agreed to test blood lead levels of all children in Neenah at their one-year check-up. When elevated levels are found, they are reported to the Winnebago County Health Department, which assesses the home for lead-based paint, and recommends abatement action.

The City's housing rehabilitation program offers assistance to low and moderate income households who require lead hazard reduction. Other CDBG-funded projects that involve rehabilitation of housing are required to evaluate and take appropriate action to reduce lead-based paint hazards. New construction of housing, through Habitat for Humanity, increases access to housing without LBP hazards.

How are the actions listed above related to the extent of lead poisoning and hazards?

Housing units built before 1980 with children present are a relatively low number of the total owner-occupied and renter-occupied units (4% and 9%, respectively.) The County Health Department's program to intervene when elevated blood lead levels has been an effective means of reaching families and children.

Of the owner-occupied and renter-occupied units, 72% and 60% of the units, respectively, were built before 1980. Housing rehabilitation through City and subrecipient programs is an effective means of addressing the LBP issue.

How are the actions listed above integrated into housing policies and procedures?

LBP hazard reduction is included in the Housing Rehabilitation Program Handbook and checklist utilized for City projects and subrecipient projects.

SP-70 Anti-Poverty Strategy – 91.215(j)

Jurisdiction Goals, Programs and Policies for reducing the number of Poverty-Level Families

The City's goal to assist very low income households with rehabilitation grants and loans is an effort to reduce the number of households with incomes below the poverty line. The City is also proposing to provide Community Development Block Grant funds to assist and coordinate with non-profit organizations to provide housing and/or services to very low income residents through the Metropolitan Milwaukee Fair Housing Council, Christine Ann Domestic Abuse Services, Advocap Nutrition Program, Pillars Inc., Reach Counseling Services, LEAVEN Inc., Big Brothers Big Sisters of Northeast Wisconsin, and Goodwill NCW.

How are the Jurisdiction poverty reducing goals, programs, and policies coordinated with this affordable housing plan

The plan incorporates public service assistance to low and moderate income households to reduce poverty along with housing assistance, neighborhood improvements, and revitalization to enhance the living environment.

SP-80 Monitoring – 91.230

Describe the standards and procedures that the jurisdiction will use to monitor activities carried out in furtherance of the plan and will use to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The Department of Community Development makes on-site reviews of projects as well as review of reports required by funding agreements to ensure compliance with program and comprehensive planning requirements. Progress will be evaluated and necessary documentation will be filed with the City of Neenah and the U.S. Department of Housing and Urban Development. Copies of the Consolidated Annual Performance and Evaluation Report will be kept on file at the Department of Community Development.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

Anticipated resources during the five year period include Community Development Block Grant funds. In addition, there may be program income.

Anticipated Resources

| Program | Source | Uses of Funds | Expec | Expected Amount Available Year 1 | | | Expected | Narrative |
|---------|-------------|---------------|-----------------------------|----------------------------------|--------------------------------|--------------|--|-------------|
| | of Funds | | Annual Allocation: \$ | Program Income: \$ | Prior Year Resources: \$ | Total: \$ | Amount Available Remainder of ConPlan \$ | Description |
| CDBG | public | Acquisition | | | | | | |
| | - | Admin and | | | | | | |

| | | Housing | | | | | | |
| | | Public | | | | | | |
| | | Improvements | | | | | | |
| | | Public | | | | | | |
| | | Services | 218,113 | 30,000 | 223,066 | 471,179 | 528,821 | |

Table 54 - Expected Resources - Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

No matching funds are required.

CDBG funds leverage additional private funds in most public service, housing and economic development projects.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

No publically owned land or property is expected to be used to address the needs identified in the plan.

Discussion

Projects

AP-35 Projects - 91.220(d)

Introduction

The Annual Action Plan allocates \$218,113 in 2020 CDBG funds. Additional prior year, program income and repaid funds also will be utilized.

Projects

| # | Project Name |
|---|----------------------------------|
| 1 | Public Services |
| 2 | Housing and Economic Development |
| 3 | Planning and Administration |

Table 56 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Public services, housing and economic development and planning and administration, including fair housing activities, are activities that meet the City's goals and priorities. Obstacles to underserved needs include the limits of the public service category.

AP-38 Project Summary

Project Summary Information

| 1 | Project Name | Public Services |
|---|---|---|
| | Target Area | |
| | Goals Supported | Public Services |
| | Needs Addressed | Low and Moderate Income Households |
| | Funding | CDBG: \$44,000 |
| | Description | Services to low and moderate income households. |
| | Target Date | 5/31/2021 |

| | Planned Activities | CDBG administration, planning and fair housing activities. |

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Public service assistance will be directed to all areas of the City during the next year, and development projects will likely have sites in Census Tracts 31, 32, 33, and 34.

Geographic Distribution

| Target Area | Percentage of Funds |
|-------------|---------------------|
| | |

Table 57 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Public services assist residents from all areas of the City, based on their needs and income qualifications. Most projects involving blight elimination, housing rehabilitation, acquisition for new housing development, acquisition and renovation of low income rental housing, and economic development projects will be developed in Census Tracts 31, 32, 33, and 34, areas occupied by greater numbers of low-income and minority concentration.

Discussion

AP-60 Public Housing – 91.220(h)

Introduction

Actions planned during the next year to address the needs to public housing

No actions are planned during the next year on the part of the City of Neenah to address the needs of public housing.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The Winnebago County Housing Authority Homebuyer Program works with public housing residents to participate in homeownership.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Winnebago County Housing Authority is not designated as troubled.

Discussion

AP-65 Homeless and Other Special Needs Activities – 91.220(i) Introduction

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of Neenah funds Pillars Inc. for the purpose of outreach and need assessment of homeless persons.

Addressing the emergency shelter and transitional housing needs of homeless persons

Pillars Inc. and CADAS estimate that 110 persons from Neenah will be served with emergency shelter and transitional housing needs.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Pillars Inc. assists those in shelter make the transition to more independent living, and helps prevent persons in shelter from becoming homeless again.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

Pillars Inc. - Crisis Housing operates a program to prevent persons from becoming homeless. The City of Neenah works with agencies including Habitat for Humanity and Pillars Inc. - Stable Housing, to provide housing and case management services to those at risk of homelessness, and funds public services to address domestic violence, food security, sexual abuse, emergency financial assistance, youth

mentoring, and budget counseling.

Discussion

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The following recommendations are the result of the Comprehensive Plan process:

- H 1.1.1: Continue to explore and promote all available programs that can lead to an increased supply of housing units in the local market.
- H 1.2.1: Pursue regional ventures that promote neighborhood stabilization, housing rehabilitation and affordable housing solutions in the City of Neenah.
- H 1.3.1: Support proposals for senior type housing that would include smaller houses, low maintenance, and close proximity to amenities.
- H 1.4.1: Increase the amount of residential living space in or near the downtown. Identify locations for housing in or near the downtown.
- H 2.1.1: Maintain and improve the public infrastructure in existing neighborhoods to insure reliable service and to encourage private investment and pride in ownership.
- H 2.2.1: Continue the funding and operation of the City's Housing Rehabilitation Program.
- H 3.1.1: Establish progressive resource protection standards that new neighborhood developments should follow, to insure that natural features function to both enhance the value of adjoining property and continue their environmental purpose.
- H 3.2.1: Create neighborhood plans for undeveloped land.
- H 3.3.1: Review new housing proposals taking into consideration their relationship with other land uses to maintain neighborhood cohesiveness and character.

Discussion:

AP-85 Other Actions – 91.220(k)

Introduction:

Actions planned to address obstacles to meeting underserved needs

The City of Neenah will fund Neighborhood Improvement projects to support households in low and moderate income areas.

Actions planned to foster and maintain affordable housing

The City of Neenah plans to continue housing rehabilitation and assist where possible the addition of affordable rental units in the community.

Actions planned to reduce lead-based paint hazards

During the 2020 program year, we will work with the Winnebago County Health Department to provide information to community residents about lead-based paint hazards.

Actions planned to reduce the number of poverty-level families

The 2020 Action Plan proposes to fund public services that will assist poverty level households with domestic abuse shelter and services, homeless shelter and services, elderly nutrition services, sexual abuse counseling services, emergency financial assistance and referral services, youth mentoring services, and budget counseling services.

Actions planned to develop institutional structure

In 2020, the policy and procedures for the housing rehabilitation program will be reviewed to determine if any changes need to be made for better program delivery, within the City and with other rehabilitation programs in the area.

Actions planned to enhance coordination between public and private housing and social service agencies

To enhance coordination between public and private housing, health, and social services agencies, the City of Neenah will participate in the United Way Basic Needs and Self-Sufficiency Impact Area.

Discussion:

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction:

Community Development Block Grant Program (CDBG) Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

| The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan. The amount of surplus funds from urban renewal settlements The amount of any grant funds returned to the line of credit for which the planned use has not | 0 0 |
|---|-----|
| been included in a prior statement or plan | 0 |
| 5. The amount of income from float-funded activities | 0 |
| Total Program Income: | 0 |
| Other CDBG Requirements | |
| 1. The amount of urgent need activities | 0 |
| 2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate | |
| income. Specify the years covered that include this Annual Action Plan. 58. | |

The three year period of 2018, 2019, and 2020 will be used to determine a minimum overall benefit of 70% of CDBG funds to persons of low and moderate income.

CERTIFICATIONS

in accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction conflics that:

Affirmatively Further Pair Housing -- The jurisdiction will affirmatively further fair housing.

Uniform Relocation Act and Auti-displacement and Relocation Plan—It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42 in connection with any activity assisted with funcing under the Community Development Black Grant or HOME programs.

Anti-Lubbying -- To the best of the purisdiction's knowledge and belief:

- 1. No Pederal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any occupantive agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, tour, or cooperative agreement;
- 2. If any funds offer than Fodoral appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an influence or employee of any agency, a Momber of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, toan, or cooperative agreement, it will complete and school Standard Form-LLL. "Disclosure Lorn to Report Lobbying," in accordance with its instructions; and
- 3. It will require that the language of paragraph 1 and 2 of this anti-tobbying certification he included in the award documents for all subawards at all tlers (including subcontracts, subgrants, and contracts under grants, Inans, and conperative agreements) and that all subrecipionts shall certify and disclose accordingly.

Authority of Jurisdiction -- The consoliculed plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan - The housing serivities to be undertaken with Community Development Block Grant, HOME, Emergency Solutions Grant, and Housing Opportunities for Persons With AIDS funds are consistent with the strategic plan in the jurisdiction's consolidated plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701g) and implementing regulations of 24 CFR Part. 35.

Signature of Authorized Official

Specific Community Development Block Grant Certifications

The Enrittement Community certifies that:

Citizen Participation -- It is in tull compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan — Its consolidated plan identifies community development and housing needs and specifies soft short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a corrent consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

- 1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG Junds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or climination of slams or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifles are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfard of the community, and other financial resources are not available (see Optional CDBG Certification).
- 2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed froms, during program years) 2.018, 2.019, 2.020 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.
- 3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee chargest or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used in pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Exerssive Force -- II has adopted and is enforcing:

- A policy probibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
- 2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit, from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws — The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 L.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Pair 35, Subparts A, B, J. K and R.

Compliance with Laws -- It will comply with applicable laws.
