What a headache having to do it again, but out walked Sgt. Driscoll. I was relieved because I knew the process would be quick and easy based on my positive experience last week. I have been living in the area for a couple years and never had interactions with the department prior to this.

Before he even mentioned that there was a survey to complete, I was already planning on asking him if there was because he left that good of an impression with me. His patience, calm demeanor, and transparency weâ€™re all things that I appreciated about him. He also did a very great job explaining everything thoroughly. Him and the female police that was here both were super compassionate and well mannered individuals. I felt extremely respected and validated by the two of them. They are truly great people and you are lucky to have them on your force.

I am all for accepting when I have broken the law but this stop was ridiculous. The only reason I went straight was because of the closed road. If I would have been issued a citation I would have certainly fought this.

It was not an easy task but not once did I feel like they were going to give up on me. They continued to work at it and eventually they got it open to my delight! They were so friendly and considerate, I wish I could have tipped them! Instead this review will have to do. Many kudos to Amber and Trevor!!
