Re: Neenah High School

Neenah Police received information that there was possibly a suicidal person at Neenah High School whom may have been possibly armed with a weapon. Officers responded and quickly determined that the person was not at Neenah High School and never in the area.

The High School never went into Lock-down and officers worked with staff to quickly determine that there were no threats to students or staff at the Neenah High School.

It was determined that the possible suicidal subject does not reside in the Neenah area and the information was relayed to that jurisdiction.

No threat to students, staff or public was ever made.
