June 26, 2019

Dear Mayor Kaufert, President Stevenson, Members of the Common Council:

The City of Neenah (the "City") 2018 Comprehensive Annual Financial Report ("CAFR") was prepared by the Finance Department. Responsibility for accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City. To the best of my knowledge and belief, the data is accurate in all material respects and is reported in a manner designed to fairly present the financial position and results of operations of the various funds of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

In accordance with GAAP, this CAFR includes Management's Discussion and Analysis ("MD&A"), which provides a narrative introduction and an overview and analysis to accompany the basic financial statements. This letter of transmittal is designed to complement the MD&A, and should be read in conjunction with it. The remainder of this transmittal letter will provide an overview of the City's economic conditions and demographic information, along with accomplishments achieved during fiscal year 2018 and future initiatives of the City.

#### **OVERVIEW OF THE CITY**

The City of Neenah is located in northeast Wisconsin in Winnebago County. Directly adjacent to Lake Winnebago and the Fox River, it lies 5 miles south of Appleton, 37 miles south of Green Bay, and approximately 90 miles north of Milwaukee. The City serves a 9.73 square mile area. Its current population is 26,137 based on 2018 estimates.

The French first explored the land area of which the City is comprised in 1634. The settlement became known as "Neenah" in 1844, became "Winnebago Rapids Village" in 1856, and was incorporated as the "City of Neenah" in 1873. The City is situated in the center of what is commonly known as the Fox Valley, so called because of the historical significance of the Fox River as a navigable waterway linking Lake Winnebago with Lake Michigan and the St. Lawrence Seaway. This strategic linkage and water resource was key to the Neenah area developing into a major manufacturing, service and commercial center associated with the national paper industry, from which the City has continued to realize strong economic growth.

The Cities of Neenah, Appleton, Menasha and Oshkosh comprise an area known as the Fox Valley due to their location along the Fox River. This metropolitan area, which has an estimated population of over 400,000 people, is Wisconsin's third largest socioeconomic market and one of its fastest growing metropolitan areas. The State of Wisconsin reports continue to pinpoint the Fox Cities as a leader in property valuation growth and high personal income.

The Fox Cities metropolitan area has been recognized by *Forbes* as one of the "Best Small Places for Business and Careers" and by *Area Development* as one of the "Leading Locations for Economic and Job Growth". The Neenah public school system has earned a "Gold Medal" rating in Expansion Management magazine and is rated as one of the nation's top 100 school systems by Money magazine. The system is highly rated in its areas of high graduation rates, college board scores that are consistently higher than state and national averages, low teacher/student ratios, continued commitment to funding public education, and strong economic and educational demographic rankings. Also, as part of its "Best Places to Live" study, *Money* magazine also ranked the metropolitan area as the nation's safest community in regard to personal crime risk.

Neenah's downtown is home to the world headquarters of Plexus Corporation and Alta Resources, along with a significant presence from both Kimberly-Clark Corporation and Bergstrom Corporation. The ongoing Downtown Riverwalk Zone Initiative has already generated over \$80.5 million in new projects. The Gateway Building, completed in 2017, has added over \$11 million to this figure. As evidence of the City's business friendly and vibrant downtown, current estimates indicate that over 14,000 people are employed within a one-mile radius of the downtown area during the daytime hours.

Economic development efforts in the area focus on the collective strengths of the region. While the Fox Cities rank as one of the 50 largest manufacturing centers in the country, the region has broadened its economic base by placing emphasis on assistance with business expansion, and selectively targeting industry sectors for new business growth.

#### **ECONOMIC CONDITION AND OUTLOOK**

Despite a downturn in construction activity nationally, building permits issued in the City last year leading to over approximately \$16 million in new construction.

Notable projects in 2018 included the Dayton Freight shipping facility addition and renovation at 1625 Bergstrom Road, an addition of a silo to Galloway Corp at 601 S. Commercial, a \$1,500,000 office renovation at Associated Bank in downtown Neenah and the construction of Tailwaggers – a pet care facility at 1077 Tullar Road. The Pendleton Parkway Apartments are partially completed and has an estimated cost of \$4,140,000. Dozens of smaller commercial and industrial remodel projects were completed in various areas of the City.

Much of the City's ongoing development success is due to the active, aggressive and prudent use of Tax Incremental Financing Districts. The City currently has seven open TIF Districts. Existing districts include TIF Districts No. 5, No. 8 and No. 10 which are located in and adjacent to the City's downtown business and waterfront district. In the last six years, TIF No. 8 has seen the redevelopment of the City's waterfront as well as the development of the aforementioned Alta Resources office complex and the redevelopment of the Glatfelter site, including the previously noted Plexus World Headquarters and Affinity Medical Clinic. TID 10's Gateway Building is over 90,000 square feet and has brought several hundred jobs to the downtown district.

The City's other TIF districts include TIF No. 6, which serves the Southpark Industrial Center and TIF No. 7, which was created to support the City's Westside Business Corridor adjacent to Interstate 41. TIF No. 9, created in 2015, serves an area adjacent to Interstate 41 and is home to aforementioned Menasha Corp's new Global Headquarters. TIF 11 is composed of a multi-family commercial development that will include 184 units completed over five years.

The following table summarizes the City's TIF district property value status:

| <u>TIF</u><br>No. | Creation<br>Date | Max<br>Exp Date | Max<br>Close Date | Amended<br>Base Value | 1/1/18<br>Value | Increment     |
|-------------------|------------------|-----------------|-------------------|-----------------------|-----------------|---------------|
| <u>140.</u>       |                  |                 |                   |                       |                 |               |
| 5                 | 1/1/93           | 4/21/15         | 4/22/30           | \$13,458,200          | \$30,306,300    | \$16,848,100  |
| 6                 | 1/1/97           | 3/9/15          | 3/20/30           | 2,869,600             | 31,146,500      | 28,276,900    |
| 7                 | 1/1/00           | 7/4/22          | 7/05/37           | 39,227,000            | 134,802,100     | 95,575,100    |
| 8                 | 1/1/01           | 9/4/23          | 9/05/38           | 14,743,600            | 74,174,100      | 59,430,500    |
| 9                 | 1/1/15           | 3/17/36         | 3/18/42           | 10,327,400            | 20,431,800      | 10,104,400    |
| 10                | 1/1/15           | 8/4/36          | 8/05/42           | 3,681,600             | 17,936,300      | 14,254,700    |
| 11                | 1/1/17           | 2/1/33          | 2/1/38            | 117,700               | 2,705,600       | 2,587,900     |
|                   |                  |                 |                   |                       |                 | \$227,077,600 |

Neenah's future and economic development outlook remains strong and well positioned as the economy rebounds. Approximately 25 residential lots are available for new home construction, and opportunities for major commercial and industrial projects are available in planned business centers and at prime development sites.

#### **COMMUNITY SERVICES**

Community residents enjoy access to 25 City parks with 7,500 feet of shoreline. Facilities include an outdoor swimming pool complex, boat launches, tennis courts, archery range, ball diamonds, basketball courts, skate/bike park, ice rinks, soccer fields, volleyball courts, playgrounds, trails, fishing decks, sled hills and various other recreational facilities.

The Neenah Riverwalk at Shattuck Park provides residents and visitors to the community a cultural, recreational, and social experience in the heart of the Downtown. Key features include a barrier free riverwalk, a waters-edge pavilion, a walkout pier in the inner harbor, an interactive fountain, a concert lawn and ample sitting areas. Shattuck Park is a preferred venue for events, concerts, festivals and other community

gatherings and celebrated its 100th birthday in 2015.

To preserve the rich history of Neenah as a paper manufacturing community, Legacy Park was constructed in 2010 on a portion of the former Glatfelter Paper Mill site. The original smokestack from the Glatfelter Mill stands at the center of the park as a tribute to the employees and founders of a business that so strongly influenced the early years of Neenah's development. Visitors to the park can continue along the newly constructed extension of the Neenah Riverwalk, adjacent to the Plexus Headquarters, the Fox River and Little Lake Butte des Morts. In 2012, construction was completed on Gateway Plaza, a public plaza designed to provide space for civic functions as well as day-to-day users. This Plaza, located between Plexus Global Headquarters and the Affinity Medical Clinic, had the strong support of private donors. This partnership between the City and those generating private funds allowed the construction of a high-quality public space for the entire community to enjoy.

The City administers a comprehensive recreation program offering activities and services in arts, sports, special events, wellness/fitness, hobby and entertainment. By maintaining partnerships with private non-profit groups, the City helps facilitate many other opportunities including sailing lessons and regattas, major soccer tournaments and one of the largest 3-on-3 basketball tournaments in the State. A full-service YMCA and the Boys & Girls Brigade offer numerous year-round programs and camping opportunities.

Neenah Access Trails is a system of on-street routes and off-street trails designed to provide a safe and convenient means of non-motorized travel for both recreation and transportation purposes. The system provides access to the neighborhoods, parks, employment centers, shopping areas and other key destinations, bringing together City residents and neighboring cities in the unifying spirit of community, wellness and enjoyment of the outdoors.

Neenah Public Library's use has increased significantly since the 50,000 square foot building opened in 2000. As of the end of 2018, Neenah Public Library was the 7th highest circulating library in the state, up from 10th place the year before, checking out over 860,000 items. In 2018, more than 1,000 programs, story times, classes, workshops, concerts, movies and other events were offered last year and attendance at programs reached an all-time high of 38,600. The Library provides high quality research services and readers' advisory services for all ages. Additional services include homebound delivery; collections created specifically for classrooms; meeting rooms for use by individuals, groups, businesses, and classes, including three rooms equipped with hearing loops for hearing impaired adults and children; free legal clinics; free volunteer tax preparation assistance; sensory bags for children with autism; book clubs; and monthly Memory Café meetings for those with dementia and their care partners. The Library promotes and provide literacy support for all ages and at all levels, from newborns through seniors. The Library continues to educate the community in the use of new technology through classes and workshops.

The City's private Bergstrom-Mahler Museum of Glass houses one of the world's most renowned collections of glass paperweights and glassware, plus other objects de arte.

It is the location of many public exhibits of nationally known artists in various mediums. Other cultural venues in the City include Pickard Auditorium, a 1,600-seat performing arts center used for local, regional and national touring productions.

City residents have access to both public and private colleges and universities in the Fox Valley region. Fox Valley Technical College ("FVTC") has two main campuses in Appleton and Oshkosh. It is ranked among the nation's top three vocational educational schools. The University of Wisconsin-Oshkosh ("UW-Oshkosh") is one of 13 universities administered by the Wisconsin Board of Regents. UW-Oshkosh has an approximate enrollment of 14,000 graduate and undergraduate students, employs approximately 1,700 people, and is located on a 167-acre campus along the Fox River. UW-Oshkosh was established in 1871. It offers a number of "advance study" classes at the Neenah High School campus for college bound students. Lawrence University, located in Appleton, was chartered in 1847 with the Methodist Church, but today is a non-sectarian and independent four-year liberal arts college. Appleton's Lawrence University, has an enrollment of approximately 1,500 students. Marian College, located in Fond du Lac, is another four-year liberal arts college, which also offers classes in the City. The University of Wisconsin-Fox Valley (two-year center) is located in Menasha.

Neenah is home to ThedaCare Regional Medical Center – Neenah (ThedaCare), formerly Theda Clark Medical Center, a 250-bed acute care hospital that has been ranked among the "100 Top Hospitals" in the United States and as a national "Consumer Choice" hospital. ThedaCare operates ThedaStar Air Medical Helicopter and is the metropolitan area's only American College of Surgeons' Verified Level II Trauma Center. ThedaCare is also home to Children's Hospital of Wisconsin–Fox Valley, a separately licensed pediatric hospital that includes the area's only neo-natal intensive care unit. ThedaCare Regional Medical Center – Neenah has been providing service in Northeast Wisconsin for over 100 years.

#### FINANCIAL INFORMATION

City management is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management. As a recipient of federal, state and county financial assistance, the City also is responsible for assuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations. This internal control structure is subject to periodic evaluation by management, its independent auditors and audit staffs of the state and federal governments.

The City maintains strong budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual

appropriated operating and capital improvements budgets adopted by the Common Council. Annual budgets are adopted for all funds, including the activities of the General Fund, Special Revenue Funds, Debt Service Fund, Capital Project Funds, Internal Service Funds and Enterprise Funds. Five-year financial plans are adopted for capital improvement projects. Budgetary control is maintained through expenditure limitation at the defined cost center level (a cost center can be a fund, major program, department or specific activity for which control of expenditures is considered appropriate). Proposed expenditures for which moneys were not previously appropriated, or which result in an overrun of budget control balances, may not take place without additional appropriations made available through Common Council approval.

An explanation of the City's accounting policies is contained in the notes to the financial statements, which are an integral part of this report. The notes explain the basis of accounting for each major fund type, describe the purpose of the funds used, and provide other significant information.

As demonstrated by the statements, schedules and notes included in the **Financial Section** of this report, the City continues to meet its responsibility for sound financial management.

#### **INDEPENDENT AUDIT**

State statutes require an annual audit by independent certified public accountants. The City selected the accounting firm of Baker Tilly Virchow Krause, LLP. The auditors report on the financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund and the aggregate remaining fund information of the City of Neenah.

#### REPORTING ACHIEVEMENTS

The Government Finance Officers Association of the United States and Canada ("GFOA") awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Neenah for its comprehensive annual financial report for the fiscal year ended December 31, 2017. This was the 35th consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is only valid for a period of one year. We believe that the 2018 Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

#### CONTINUING DISCLOSURE REQUIREMENTS

In compliance with Securities and Exchange Commission Disclosure Rule 15C2-12, and according to terms of the City's Official Statement for issuance of debt, tables in the **Statistical Section** and **Notes to Basic Financial Statements** incorporate specific financial information for the benefit of existing and potential investors in the City's securities. The City files its CAFR with the Municipal Securities Rulemaking Board (MSRB) and will continue that practice in fulfillment of its obligation under the SEC Rule. Timely notice of material events enumerated in the Rule will be provided to appropriate authorities as prescribed.

#### **ACKNOWLEDGMENTS**

The preparation of this Comprehensive Annual Financial Report on a timely basis was made possible by the dedicated service and commitment of each member of the Finance Department staff. They have my sincere appreciation for their individual contribution in preparation of the report.

I also want to recognize the Baker Tilly Virchow Krause, LLP audit management team for their dedication and expertise, which contributed significantly to the report quality and adherence to professional accounting standards.

In closing, I would like to thank the Common Council and Mayor for their leadership and support in the planning and conducting of the financial operations of the City in a responsible and progressive manner.

### FINANCIAL SECTION

#### INDEPENDENT AUDITORS' REPORT

To the Mayor and Common Council City of Neenah Neenah, Wisconsin

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Neenah, Wisconsin, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the City of Neenah's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City of Neenah's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the City of Neenah's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Neenah, Wisconsin, as of December 31, 2018 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Neenah's basic financial statements. The accompanying supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated in all material respects, in relation to the basic financial statements as a whole.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Neenah's basic financial statements. The "Letter of Transmittal" and "Statistical Section" are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

# Management's Discussion and Analysis (Unaudited)

The following discussion and analysis is intended to provide readers an overview of the financial activities of the City of Neenah (the "City") for the fiscal year ended December 31, 2018. The information should be read in conjunction with the preceding letter of transmittal, as well as the City's financial statements, which begin on page 1 of this report.

#### THE FINANCIAL HIGHLIGHTS

- > The City's net position (assets/deferred outflows of resources less liabilities/deferred inflows of resources) totals \$163,823,488 as of December 31, 2018. Net position from Governmental Activities account for \$92,405,995 of the total, an increase of \$970,637 from the previous year. Business-Type Activities net position was \$71,417,493, an increase of \$3,448,227 from 2017.
- > The City ended 2018 with a fund balance of \$14,353,661 for all Governmental Funds, a decrease of \$1,559,585 from 2017. This total includes \$4,220,834, which is unassigned, in the City's General Fund. This fund balance is 17.34% of the City's 2018 actual General Fund expenditures/other financing uses of \$24,345,670.
- > In 2018, the City issued \$8,295,000 in General Obligation ("G.O.") Notes backed by the full faith and credit of the City. Of those amounts, \$6,830,200 was attributed to Governmental Activities while \$1,464,800 was earmarked for Business-Type Activities.

#### **USING THIS ANNUAL REPORT**

This annual report consists of a series of financial statements designed to provide readers a broad overview of the financial condition of the City of Neenah as of December 31, 2018. The Statement of Net Position and Statement of Activities (pages 1 through 3) provide information about the financial condition of the City as a whole. It provides the reader the Total Net Position of the City (all assets/deferred outflows of resources less liabilities/deferred inflows of resources). It also provides the reader a financial summary of the activities and operations of the City. On pages 4 through 8 are fund financial statements that provide a more detailed summary of the Governmental Funds (nonbusiness-type activities).

The remaining statements on pages 9 through 14 provide information on the City's Proprietary (business-type activity) Funds and Fiduciary Funds (in which the City acts solely as an agent for the benefit of those outside of the City's operation).

#### **GOVERNMENT-WIDE FINANCIAL STATEMENTS**

As we begin to analyze the City's financial condition and operations as of December 31, 2018, we will try to answer some very basic questions. Is the City better or worse off financially than it was in 2017? Has the City planned appropriately for its operations and activities? Is the City financially healthy as it plans for the future?

First, let's provide some general information to facilitate a better understanding of how local government is required to account for and report on its operations and activities. In the Statement of Net Position and Statement of Activities, we divide the City into three categories:

Governmental Activities: Most of the City's basic services are reported here. This includes Public Safety (police, fire, emergency government), Public Works (engineering, street lighting, garbage collection, street repair, snow and ice removal, traffic control), Parks, Recreation and Education (public library, parks, recreation programs, swimming pool, special events), Health and Welfare, Community Development (economic development, building inspections, mass transit) and General Government (common council, mayor, administration, risk management/insurance). These services are funded by various revenue sources, including property taxes, intergovernmental aid, licenses and permits, charges for services and investment income.

**Business-Type Activities:** For these activities, the City charges a fee to cover all or most of the costs of certain services it provides. The City's Water, Sewer, Stormwater and Parking Utilities are reported here.

**Component Unit:** The City includes one separate entity, the Community Development Authority ("CDA"). Separate statements are not issued for the CDA. In previous reports, the City included the financial operations of the Business Improvement District ("BID"), another component unit of the City. It has been determined that the BID is not material to the City's operations and, therefore, is not presented. Separate financial statements are issued for the BID.

#### **FUND FINANCIAL STATEMENTS**

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Neenah is required by law to use "fund accounting" to ensure and demonstrate compliance with all finance-related requirements. All funds of the City are divided into three categories: *governmental funds, proprietary funds and fiduciary funds*. Each category of funds uses different accounting methods to account for and report financial results.

#### Governmental Funds

The majority of the City's operations and activities are reported in governmental funds, which focus on how money flows into and out of those funds. The balances left in these funds are available to be spent in future years. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all financial assets that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the City's general government operations and the basic services it provides. It also is useful in evaluating a government's ability to meet near-term financing requirements. The relationship between governmental *activities* (as reported in the Statement of Net Position and Statement of Activities) and governmental *funds* is reconciled at the end of the fund financial statements on page 8. Following is a listing and description of the governmental funds reported by the City of Neenah in 2018:

#### General Fund

The general fund (major fund) is the general operating fund of the City. It is used to account for all financial resources except those resources required to be accounted for in another fund.

#### Special Revenue Funds

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes (other than debt service or capital projects). In 2018, the City of Neenah used special revenue funds to account for:

TIF District No. 5 Health Grants

TIF District No. 6 Parks and Recreation

TIF District No. 7 Dial-A-Ride
TIF District No. 8 (major fund) Civic and Social

TIF District No. 8 (major fund) Civic and Social TIF District No. 9 Library

TIF District No. 10 Clock Tower Renovations
TIF District No. 11 Other

TIF District No. 11 Other
Community Development Block Grant Cemetery Perpetual Care

Housing/Business Loans Cemetery Flowers
Industrial Development Walnut Employee Group

Recycling Walnut Employee Group

#### Debt Service Fund

The debt service fund (major fund) is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for the payment of, general long-term debt principal, interest and related costs (other than those being financed by proprietary funds).

#### Capital Projects Funds

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities or equipment (other than those financed by proprietary funds). In 2018, the City of Neenah used capital project funds to account for:

Public Infrastructure (major fund)

TIF District No. 5

TIF District No. 6

TIF District No. 7

TIF District No. 8

TIF District No. 9

TIF District No. 10

TIF District No. 11

Redevelopment

**Facilities** 

Capital Equipment

**Equipment Replacement** 

The basic governmental fund financial statements can be found on pages 4 through 8 of this report.

#### **Proprietary Funds**

When the City charges customers for the services it provides, whether to outside customers or other units of the City, these services are generally accounted for and reported in the proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and Statement of Activities. They include *enterprise funds*, which are the same (with more detail) as the business-type activities that are reported in the government-wide statements, and *internal service funds*, which report activities that provide services and supplies for the City's other programs and activities.

#### Enterprise Funds

Enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred

and/or net income is appropriate for capital maintenance, public policy, management control and accountability or other purposes. In 2018, the City of Neenah used enterprise funds to account for:

Water Utility (major fund)
Stormwater Utility (major fund)

Sewerage Disposal Utility (major fund) Parking Utility

#### Internal Service Funds

Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City or to other governmental units on a cost-reimbursement basis. In 2018, the City of Neenah used internal service funds to account for:

Fleet Management Benefit Accrual Insurance Information Systems

The basic proprietary fund financial statements can be found on pages 9 through 13 of this report.

#### Fiduciary Funds

#### Agency Funds

Agency funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds. In 2018, the City of Neenah used agency funds to account for:

Advance Tax Collections Neenah-Menasha Fire Rescue Menasha-Neenah Municipal Court Other

The basic fiduciary fund financial statement can be found on page 14 of this report.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As stated earlier, net position (assets/deferred outflows of resources less liabilities/deferred inflows of resources) total \$163,823,488 for the City of Neenah as of December 31, 2018. This includes total assets of \$283,645,285, deferred outflows of resources of \$6,946,351, total liabilities of \$97,079,541 and deferred inflows of resources of \$29,688,607. While the usefulness of these numbers in determining the financial position of the City continues to be somewhat debatable, it is useful to examine the specifics of the City's total net position.

Capital assets (land, buildings, building improvements, improvements other than buildings, machinery and equipment, infrastructure, and construction in progress) account for approximately 74% of the City's total assets. This includes the City's investment in roads, sewers and bridges. Non-current liabilities, most of which were incurred to finance capital assets, account for approximately 94% of all City liabilities. The following table provides an analysis of the City's net position outlook:

#### **CITY OF NEENAH NET POSITION**

|                          |           | Govern       | mental Business-Type |              |    |              |        |              |        |              |      |               |  |

| Unrestricted (deficit)   |           | (6,491,992)  |                      | (1,049,629)  |    | 14,567,970   |        | 14,476,652   |        | 8,717,419    |      | 13,427,023    |  |
|                          |           |              |                      |              |    |              |        |              |        |              |      |               |  |
| Total net position       | \$        | 92,405,995   | \$                   | 91,435,358   | \$ | 71,417,493   | \$     | 67,969,266   | \$     | 163,823,488  | \$   | 159,404,624   |  |

The total net position section includes an adjustment of \$641,441 for capital assets owned by the business-type activities column, but financed by debt of the governmental activities column (see Note I (D) on page 30).

Net position for governmental activities increased \$970,637 from 2017, while net position for business-type activities rose by \$3,448,227. The increase in governmental activity net position is primarily due to a net increase in both current and capital assets. The net position for business-type activities benefited mainly from a reduction in long-term liabilities.

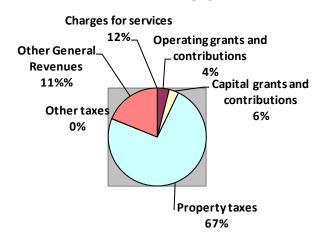

The following table provides a more detailed analysis of the City's change in net position:

#### **CITY OF NEENAH CHANGES IN NET POSITION**

Property taxes in 2018 accounted for 66.65% of total governmental activities revenue, while charges for services accounted for 95.49% all of revenues generated by business-type activities. Expenses for public safety and public works were 64.84% of all governmental activities expenses. Business-type activities expenses were mostly due to the operations of the Water Utility (49.00%) and Sewerage Disposal Utility (36.42%). The following graphs provide a breakdown of all governmental activities revenues and expenses:

#### **REVENUES**

#### **EXPENSES**

#### INDIVIDUAL FUND FINANCIAL ANALYSIS

#### Governmental Funds

The City of Neenah ended 2018 with a fund balance of \$14,353,661 in its governmental funds, a decrease of \$1,559,585 (9.8%) from December 31, 2017.

#### General Fund

Similar to 2017, the City's General Fund realized a modest fund balance increase of \$212,174 (4.83%) from 2018 operations. Public Safety operations was the main contributor to the positive expenditure budget variances. These positive variances more than offset negative revenue variances in Intergovernmental Revenues, Fine and Forfeitures and Investment Income.

Fund balance at year-end totaled \$4,602,170, of which \$4,220,834 is unassigned. This unassigned fund balance is 17.34% of the City's 2018 actual General Fund expenditures/other financing uses of \$24,345,670. Municipal credit analyst Standard and Poor's (S&P) considers the fund balance in the general fund an important measure of a City's financial condition. The fund balance of 17.34% of expenditures/other financing uses is considered a moderately strong fund balance by S&P and helps contribute to the City of Neenah's very strong AA/Stable bond rating.

#### Special Revenue -TIF District No. 8

The Special Revenue -TIF District No. 8 fund accounts for the accumulation of TIF tax increment generated by development in the district, and the corresponding transfer of funds to the City's general and debt service funds for administrative and debt service related costs. The net decrease in fund balance during the year was \$882,802, which resulted in a fund balance deficit at year-end of \$6,004,893. This included a transfer of \$756,129 from donor TIF District No. 7. The primary reason for the decrease in the fund balance was debt service payments that were in excess of increment generated.

#### Debt Service

The Debt Service Fund accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs. The year ended with a fund balance of \$6,138,212. The net increase in fund balance during the year of \$605,817 was mainly caused by the City's decision to continue the practice, which began in 2012, to annually levy between \$700,000-\$900,000 for TIF-related Debt Service, funding that had previously been used to fund non-TIF debt service payments. That set aside, which now totals \$6,100,000 and remains in the Debt Service Fund fund balance, is being used to fund temporary advances to offset cash deficits in TIF No. 6 and TIF No. 8 Special Revenue Funds, deficits created by debt service payments in excess of tax increment received. 2018 Debt Service expenditures also included a non-budgeted interest payment of \$130,028 on G.O Promissory Notes issued in early 2018. The interest payment was included as part of the final debt repayment structure due to the early debt issuance in 2018, an issuance which was expedited to take advantage of favorable interest rates.

#### Capital Projects – Public Infrastructure

This fund accounts for resources to be used for the acquisition, construction or maintenance of streets, sewers, pedestrian routes and traffic signals. The expenditure of unspent borrowed funds from previous years led to a decrease in fund balance of \$331,623. This resulted in a fund balance at year-end of \$3,433,423.

#### Special Revenue Fund – TIF District No. 7

The Special Revenue -TIF District No. 7 fund accounts for the accumulation of TIF tax increment generated by development in the district, and the corresponding transfer of funds to the City's general and debt service funds for administrative and debt service related costs. Increment generated for TIF No. 7 was more than sufficient to offset debt service payments, leading to an initial positive fund balance of \$756,129. As a donor TIF, TIF District No. 7 then transferred this full amount to TIF District No. 8, leading to the final fund balance of \$0.

#### Capital Projects - TIF District No. 8

This fund accounts for resources to be used to fund redevelopment projects within the City's Doty Island and Riverwalk Zone improvement districts. Unspent borrowed funds in 2018 led to an increase in fund balance of \$146,773. This resulted in a positive year-end balance of \$2,113,953. This amount includes Debt Service Reserve funds set aside in trust that will be used to make final year debt service payments on current CDA debt outstanding.

#### Capital Projects - TIF District No. 10

This fund accounts for resources to be used to fund redevelopment projects within the City's Near Downtown improvement district. The expenditure of unspent borrowed funds from previous years, along with the pre-funding of projects borrowed for in 2018, led to a decrease in fund balance of \$47,242. This resulted in a negative fund balance at year-end of \$679,943.

#### **Proprietary Funds**

#### Water Utility

The water utility's operating income was \$3,719,219 in 2018, with net income before transfers and contributions of \$3,586,779. These positive operating results lead to an increase in net position of \$2,730,522. The water utility's 2018 rate of return is 8.31%, compared to 7.37% in 2017. Positive operating outcomes are the result of ongoing stable results in both operating revenues expenses within a currently positive budgetary structure.

#### Sewerage Disposal Utility

The sewerage disposal utility realized an operating gain, before transfers and contributions, of \$1,073,353. Overall net position increased by \$524,131. A low rate structure was the main contributing factor to the operating loss and decrease in net position in years prior to 2011. The City approved a new rate structure in late 2008 for implementation in 2009-2014, resulting in the continuation of positive and stable operating results for 2018.

#### Storm Water Utility

In 2018, the utility had operating income of \$651,167 and an increase in net position of \$224,255. Stability in both rates to customers as well as operations continue to be the driving force behind ongoing positive operating results.

#### **BUDGETARY ANALYSIS**

The City's 2018 General Fund adopted expenditure budget totaled \$24,587,660. The Common Council approved both budget amendments and departmental 2018 carryover requests of 2017 unspent operating funds totaling \$146,423 for an amended expenditure budget of \$24,734,083. The City's final adopted General Fund revenue budget totaled \$24,427,660. The 2018 adopted budget, before carryovers, also included the use of \$160,000 (\$150,000 City and \$10,000 Library) of reserves to balance the General Fund operating budget.

The City ended 2018 with a total fund balance increase of \$212,174 and an unassigned fund balance increase of \$242,665 from 2017, maintaining a stable and positive trend established over recent years.

Actual general fund revenue was \$130,184 (.53%) more than budget. With the exception of Taxes, the City experienced positive variances in all revenue categories, including Intergovernmental Revenues (\$3,440), Licenses and Permits (\$39,003), Fines, Forfeitures and Penalties (\$13,168), Charges for Services (\$28,212), Investment Income/Miscellaneous (\$39,549) and Other Financing Sources (\$6,814).

General fund expenditures finished 2018 with a favorable budget variance of \$388,413 (1.57%). Public Safety was responsible for a significant portion of that positive variance (\$357,401). Other positive variances occurred within Health and Welfare (\$131), Community Development (\$63,530) and Other (\$9,746). Negative variances occurred within General Government (\$11,405), Public Works (\$10,886), Parks, Recreation and Education (\$13,023), and Other Financing Sources (\$7,081). Statements highlighting budget versus actual variances can be found on pages 73 through 76 of this report.

In summary, the City's combined positive revenue variance of \$130,184 and positive expenditure variance of \$388,413 led to a 2018 General Fund operating gain of \$518,597. This number, when reduced by the 2018 budgeted use of reserves of \$160,000 and by the 2018 carryovers of \$146,423, equals the total increase in fund balance of \$212,174 for fiscal year 2018.

#### CAPITAL ASSET AND DEBT ADMINISTRATION

#### Capital Assets

At the end of 2018, the City of Neenah had a net investment in capital assets of \$208,605,441 for all governmental and business-type activities of the City. This is an increase of \$3,058,208 or 1.49%, from the end of 2017.

Major capital asset additions (before depreciation) that took place in the City's governmental activities include net additions to Land (\$402,789), Land Improvements (\$53,567), Improvements (\$2,120,754), Streets (\$1,017,767), Street Lighting (\$109,624), Traffic Signals (\$81,744) and Sidewalks/Trails (\$251,598). Major capital asset net deletions/adjustments (before depreciation) include Construction in Progress (\$695,286), Buildings (\$104,544), Equipment, Furniture and Fixtures (\$76,464).

In the City's business-type activities, the Water Utility experienced a net increase (before accumulated depreciation) in Treatment (\$106,183) and Transmission and Distribution (\$1,028,862). The City's Sewerage Disposal Utility saw a net increase in Collection System (\$395,999) and Collection System Pumping (\$72,900), while the Storm Water Utility also had a net addition in Collection System (\$576,916) and Equipment (\$298,326). The City's Parking Utility saw no major reduction in any categories in 2018. The following table provides a summary of the City's change in capital assets:

More detail regarding the City's capital assets can be found in Note IV (D) on pages 42 to 45 of this report.

#### **Outstanding Debt**

The City's outstanding general obligation debt (backed by the full faith and credit of City taxpayers) as of December 31, 2018 totaled \$48,858,100. The City also had a revenue debt outstanding of \$21,669,936 backed by revenues generated from the Neenah Water Utility (\$12,545,475) and Storm Water Utility (\$305,843). The revenue debt total also includes \$8,818,618 of Sanitary Sewer Clean Water Loan Fund Revenue debt of which the City is responsible through its ownership share in the Neenah-Menasha Sewerage Commission, which issued the loan in 2013. In addition, the City is the lessee for Capital Leases totaling \$18,046,143 owed to the City's Community Development Authority (CDA).

In 2018, the City issued \$8,295,000 in General Obligation Promissory Notes. Notes are debt instruments in which the debt principal will be paid off in ten years or less. Proceeds from the notes were authorized for use in the following manner:

| City Capital Improvements Projects  | \$5,870,200 |
|-------------------------------------|-------------|
| Tax Incremental Financing Districts | 960,000     |
| Sanitary Sewer Utility              | 675,000     |
| Storm Water Utility                 | 789,800     |
| Total                               | \$8,295,000 |

City outstanding G.O. notes and bonds carry a AA/stable rating from Standard & Poor's. Moody's current rating for all outstanding water utility revenue debt is Aa3.

Wisconsin state statutes limit the amount of general obligation debt a governmental entity may issue to 5% of its total equalized valuation. Based upon the City's 2018 equalized value of \$2,209,662,100, the City's statutory debt limit totaled \$110,483,105. Excluding excess funds available in the Debt Service Fund, the City was at 44.2% of its legal debt limit as of December 31, 2018.

The following table provides a summary of all outstanding debt and lease obligations:

More detail regarding the City's outstanding debt can be found in Note IV (F) on pages 50 through 55 of this report.

#### **ECONOMIC FACTORS, 2018 TAX RATES AND THE 2019 BUDGET**

As we enter 2019, the City of Neenah continues to experience relative stability in city government and ongoing signs of positive growth in the community as a whole. The improving national, state and regional economy as well ongoing strength locally continue to put the City in a healthy position moving forward. While challenges still exist, the City believes it is well positioned to meet ongoing and future issues as they arise.

The City showed strong growth in housing, commercial and industrial property values in 2018, reflected by a 5.46% increase in equalized value from 2017. Entering 2019, the City continues to aggressively seek development in all three sectors through the conservative yet creative use of Tax Incremental Financing as well as quality of life improvements within the community at large.

On the larger economic issues, City demographic statistics such as City and resident per return adjusted gross income and total per capita income continue to perform well when compared to both state and national averages. In its most recent rating report affirming the City's AA/Stable rating, Standard and Poors (S&P) noted the following positive or very positive attributes: Adequate economy; Strong management; Strong budgetary performance and; Very strong budgetary flexibility, Very strong liquidity and Strong institutional framework. The only negative attribute noted was a weak debt and contingent liability profile.

In summary, these attributes have allowed the City to position itself to counteract ongoing challenges without adversely affecting core services, while remaining committed to solutions that are based on sound financial principles that are sustainable into the future.

Regarding budgetary matters, the City's 2019 budget provided for an operating tax levy increase of .86% (before TIF), with a 1.33% increase after TIF. This translated into an assessed tax rate (after TIF) for City services of \$9.6342 per \$1,000 of assessed valuation (a 1.50% increase). The corresponding equalized tax rate is \$8.5511 per \$1,000 of equalized value (a 3.92% decrease). In addition, the City implemented a Transportation Assessment Replacement Fee (TARF) on all property owners effective January 2019. The purpose of the TARF is to generate revenue that would allow the City to eliminate special assessments for Street Resurfacing, Street Reconstruction and Sidewalk Construction projects. The fee was set at \$23 per Impervious Area Unit (IAU) for the next five years and is expected to generate approximately \$400,000 in revenue annually.

In the City's enterprise funds, the City's Water Utility continues on sound financial footing. A large rate increase in 2011 coupled with operating cost reductions utility-wide have contributed to this ongoing stability. This includes the systematic drawdown of the Water Utility's long-term debt. The recent business location of a large water user in the City Business Park, as well as other business retention and development should bode well for stable or increased water sales in 2019 and beyond. The Utility's rate of return for 2018 was 8.31%. The Sanitary Sewer Utility experienced five rate increases from 2009-2014, with no changes implemented for 2015-2018. The 2013-14 increases were primarily to fund the City's share of a \$23 million improvement project to the Neenah/Menasha Wastewater Treatment Plant. Despite these increases, rates continue to be among the lowest in the state. A rate study is close to completion with recommendations planned that could affect rates beginning in late 2019 or early 2020. The City's Stormwater Utility have remained unchanged for the past seven years, with no plans for modifications in the foreseeable future. The Storm Water Utility charges all properties in the City a fee based upon the approximate impervious surface (ERU) of the property, which contributes to stormwater runoff.

#### REQUESTS FOR FINANCIAL INFORMATION

This financial report is designed to provide a general overview of the City of Neenah's finances for anyone who would have an interest. Additional information regarding the City's finances or questions concerning any of the information found in this report should be addressed to the City of Neenah, Director of Finance, 211 Walnut Street, P.O. Box 426, Neenah, WI 54957-0426. Other information related to the City can be accessed on the City's website at www.ci.neenah.wi.us.

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental funds are not financial resources and, therefore, are not reported in the funds. See Note IV.D.

Assets held for resale are not reported in the funds.

Some receivables that are not currently available are reported as unavailable revenues in the fund financial statements but are recognized as revenue when earned in the government-wide statements. See Note IV.B.

Internal service funds are reported in the statement of net position as governmental funds.

Some liabilities, including long-term debt, are not due and payable in the current period and, therefore, are not reported in the funds. See Note II.A.

The net pension asset does not relate to current financial resources and is not reported in governmental funds.

Deferred outflows of resources related to pensions do not relate to current financial resources and are not reported in the governmental funds.

Deferred inflows of resources related to pensions do not relate to current financial resources and are not reported in the governmental funds.

# RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES For the Year Ended December 31, 2018

| Net change in fund balances - total governmental funds   | \$<br>(1,559,585)    |
|--|----------------------|
| Amounts reported for governmental activities in the statement of activities are different because:   |                      |
| Governmental funds report capital outlays as expenditures. However, in the statement of net position the cost of these assets is capitalized and they are depreciated over their estimated useful lives with depreciation expense reported |                      |
| in the statement of activities.  Capital outlay is reported as an expenditure in the fund financial statements   |                      |
| but is capitalized in the government-wide financial statements   | 9,082,437            |
| Some items are reported as capital outlay but are not capitalized  | (1,872,307)          |
| Depreciation is reported in the government-wide statements   | (3,826,562)          |
| Net book value of assets retired   | (929,068)            |
| Receivables not currently available are reported as revenue when collected or currently  |                      |
| available in the fund financial statements but are recognized as revenue when earned in  |                      |
| the government-wide financial statements.  | (10,510)             |
| Debt and leases issued provide current financial resources to governmental funds,  |                      |
| but issuing these obligations increases long-term liabilities in the statement of net  |                      |
| position. Repayment of principal is an expenditure in the governmental funds, but the  |                      |
| repayment reduces long-term liabilities in the statement of net position. This is the amount   |                      |
| by which issues (\$6,830,200 for general obligation debt and \$74,946 for the change in the unamortized loss on the CDA refunding) were less than the payments   |                      |
| (\$5,438,075 for principal of general obligation debt and \$1,075,000 for  |                      |
| principal of capital lease).   | (392,071)            |
|  |                      |
| Governmental funds report debt premiums and discounts as other financing sources (uses)  |                      |
| or expenditures. However, in the statement of net position, these are reported as additions to<br>or deductions from long-term debt. These are allocated over the period the debt is outstanding   |                      |
| in the statement of activities and are reported as interest expense.   | 121,697              |
| in the statement of dearwises and are reperted as interest expenses.   | 121,007              |
| Some expenses in the statement of activities do not require the use of   |                      |
| current financial resources and, therefore, are not reported as expenditures   |                      |
| in the governmental funds.   | (54.706)             |
| Compensated absences Accrued interest on debt  | (54,706)<br>(24,900) |
| Other post-employment benefits   | 346,072              |
| Amortization of loss on advance refunding  | (47,301)             |
| Net pension asset  | 4,396,012            |
| Deferred outflow of resources related to pensions  | (992,289)            |
| Deferred inflow of resources related to pensions   | (3,873,909)          |
| Internal service funds are used by management to charge the costs of self insurance  |                      |
| and central equipment agency costs to individual funds. The decrease in net  |                      |
| position of the internal service funds is reported with governmental activities.   | <br>607,627          |
| CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES  | \$<br>970,637        |

### NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the City of Neenah, Wisconsin ("City") conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The accepted standard-setting body for establishing governmental accounting and financial reporting principles is the Governmental Accounting Standards Board (GASB).

#### A. REPORTING ENTITY

This report includes all of the funds of the City. The reporting entity for the City consists of the primary government and its component units. Component units are legally separate organizations for which the primary government is financially accountable or other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading. The primary government is financially accountable if: (1) it appoints a voting majority of the organization's governing body and is able to impose its will on that organization; (2) it appoints a voting majority of the organization's governing body and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government; (3) the organization is fiscally dependent on and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. Certain legally separate, tax-exempt organizations should also be reported as a component unit if all of the following criteria are met: (1) the economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents; (2) the primary government, or its component units, is entitled to, or has the ability to access, a majority of the economic resources received or held by the separate organization; and (3) the economic resources received or held by an individual organization that the primary government, or its component units, is entitled to, or had the ability to otherwise access, are significant to the primary government.

Component units are reported using one of two methods, discrete presentation or blending. Generally, component units should be discretely presented in a separate column in the financial statements. A component unit should be reported as part of the primary government using the blending method if it meets any one of the following criteria: (1) the primary government and its component unit have substantively the same governing body and a financial benefit or burden relationship exists; (2) the primary government and the component unit have substantially the same governing body and management of the primary government has operational responsibility for the component unit; (3) the component unit serves or benefits, exclusively or almost exclusively, the primary government rather than its citizens; or (4) the total debt of the component unit will be paid entirely or almost entirely from resources of the primary government.

### NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

#### A. REPORTING ENTITY (cont.)

#### **Discretely Presented Component Units**

City of Neenah Business Improvement District

The City of Neenah Business Improvement District ("BID") is a legally separate organization. The BID was created under the provisions of Wisconsin Statute Section 66.1109. The BID, created in 2001, is a separate governmental entity with a separate 11-member board appointed by the mayor subject to common council confirmation. The members serve staggered terms as designated by the City Council. A majority of the members own or occupy real property in the BID. The BID has its own budgetary authority and assessment capabilities. Wisconsin statutes provide for circumstances whereby the City can impose their will on the BID, and also create a potential financial benefit or burden on the City. The BID's financial information is not material to the City's operations and therefore, is not presented. Separate financial statements may be obtained from the BID's office at 135 West Wisconsin, Neenah, Wisconsin 54957.

#### Neenah Community Development Authority

The government-wide financial statements include the Neenah Community Development Authority ("Authority") as a component unit. The Authority is a legally separate organization. The board of the Authority is appointed by the mayor of Neenah. Wisconsin Statutes provide for circumstances whereby the City can impose their will on the Authority, and also create a potential financial benefit to or burden on the City. See Note IV.J. As a component unit, the Authority's financial statements have been presented as a discrete column in the financial statements. The information presented is for the fiscal year ended December 31, 2018. Separate financial statements of the Neenah Community Development Authority are not issued.

#### B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

#### Government-Wide Financial Statements

The statement of net position and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. Likewise, the primary government is reported separately from the legally separate component unit for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The City does not allocate indirect expenses to functions in the statement of activities. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported as general revenues. Internally dedicated resources are reported as general revenues rather than as program revenues.

### NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

#### B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)

#### Fund Financial Statements

Financial statements of the City are organized into funds, each of which are considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position/fund balance, revenues, and expenditure/expenses.

Funds are organized as major funds or nonmajor funds within the governmental, proprietary, and fiduciary statements. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- a. Total assets/deferred outflows of resources, liabilities/deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type, and
- b. The same element of the individual governmental fund or enterprise fund that met the 10% test is at least 5% of the corresponding total for all governmental and enterprise funds combined.
- c. In addition, any other governmental or enterprise fund that the City believes is particularly important to financial statement users may be reported as a major fund.

Separate financial statements are provided for governmental funds, proprietary funds, and agency funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

- General Fund accounts for the City's primary operating activities. It is used to account for and report all financial resources except those accounted for and reported in another fund.
- Special Revenue TIF District No. 8 accounts for resources legally restricted (state grants) or committed (lease payments, miscellaneous income) to supporting expenditures of the district.
- Debt Service Fund used to account for and report financial resources that are restricted, committed, or assigned to expenditures for the payment of general long-term debt principal, interest, and related costs, other than TIF or enterprise debt.
- Capital Projects Public Infrastructure used to account for and report financial resources that are restricted, committed, or assigned to expenditures for the acquisition or construction of infrastructure.

The City reports the following major enterprise funds:

Water Utility – accounts for operations of the water system Sewerage Disposal Utility – accounts for operations of the sewer system Stormwater Utility – accounts for operations of the stormwater system

The City reports the following nonmajor governmental and enterprise funds: (cont.)

Enterprise Fund – used to report any activity for which a fee is charged to external uses for goods or services.

Parking Utility

In addition, the City reports the following fund types:

Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governmental units, on a cost-reimbursement basis.

Fleet Management Benefit Accrual Insurance Information Systems

Agency funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, and/or other governmental units.

Advance Tax Collections Municipal Court Neenah-Menasha Fire Rescue Other

#### C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

#### Government-Wide Financial Statements

The government-wide statement of net position and statement of activities are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Property taxes are recognized as revenues in the year for which they are levied. Taxes receivable for the following year are recorded as receivables and deferred inflows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider are met. Special assessments are recorded as revenue when earned. Unbilled receivables are recorded as revenues when services are provided.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's water, sewerage disposal, and stormwater utility funds and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

### NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

#### C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (cont.)

#### Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on long-term debt, claims, judgments, compensated absences, and pension expenditures, which are recorded as a fund liability when expected to be paid with expendable available financial resources.

Property taxes are recorded in the year levied as receivables and deferred inflows. They are recognized as revenues in the succeeding year when services financed by the levy are being provided.

Intergovernmental aids and grants are recognized as revenues in the period the City is entitled to the resources and the amounts are available. Amounts owed to the City which are not available are recorded as receivables and unavailable revenues. Amounts received before eligibility requirements (excluding time requirements) are met and recorded as liabilities. Amounts received in advance of meeting time requirements are recorded as deferred inflows.

Special assessments are recorded as revenues when they become measurable and available as current assets. Annual installments due in future years are reflected as receivables and unavailable revenues. At December 31, 2018, there were \$433,594 of unrecorded anticipated future assessments in the water utility which are not recorded as receivables because collection is subject to certain events occurring in the future and no formal repayment schedule has been established.

Revenues susceptible to accrual include property taxes, miscellaneous taxes, public charges for services, special assessments and interest. Other general revenues such as fines and forfeitures, inspection fees, recreation fees, and miscellaneous revenues are recognized when received in cash or when measurable and available under the criteria described above.

Proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as described previously in this note. Agency funds follow the accrual basis of accounting and do not have a measurement focus.

The water utility records an annual payment in lieu of taxes (PILOT) expense based on the value of its plant and the current assessment ratio and local and school portion of the mill rate. Municipal utilities are exempt from federal and state income taxes. Taxes include the employer's share of social security and medicare, PSCW remainder assessment, and tax equivalent.

The proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water, sewerage disposal, parking, and stormwater funds are charges to customers for sales and services. Special assessments are recorded as receivables and contribution revenue when levied. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

### NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

#### C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (cont.)

#### All Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

### D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity

#### 1. Deposits and Investments

For purposes of the statement of cash flows, the City considers all highly liquid investments with an initial maturity of three months or less when acquired to be cash equivalents.

Investment of City funds is restricted by state statutes. Available investments are limited to:

- a. Time deposits in any credit union, bank, savings bank or trust.
- b. Bonds or securities of any county, city, drainage district, technical college district, village, town, or school district of the state. Also, bonds issued by a local exposition district, a local professional baseball park district, a local professional football stadium district, a local cultural arts district, the University of Wisconsin Hospitals and Clinics Authority, or the Wisconsin Aerospace Authority.
- c. Bonds or securities issued or guaranteed by the federal government.
- d. The local government investment pool.
- e. Any security maturing in seven years or less and having the highest or second highest rating category of a nationally recognized rating agency.
- f. Securities of an open-end management investment company or investment trust, subject to various conditions and investment options.
- g. Repurchase agreements with public depositories, with certain conditions.

### NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

- D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES,
  DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)
  - 1. Deposits and Investments (cont.)

Investment of most trust funds including cemetery perpetual care funds is regulated by Chapter 881 of the Wisconsin Statutes. Investment of library trust funds is regulated by Chapter 112. Those sections give broad authority to use such funds to acquire various kinds of investments including stocks, bonds and debentures. Additional restrictions may arise from local charters, ordinances, resolutions and grant regulations. City funds invested in the cemetery perpetual care funds or endowment funds, including gifts where principal is to be kept intact, may be invested in specific investment types which prudent persons would not acquire or retain for their own accounts as long as the total investment in common stock does not exceed 50% of the total market value of the fund.

The City believes it is in compliance with all restrictions.

As described in Note IV.A., the City is exposed to the following deposit and investment risks: custodial credit risk (deposits and investments), credit risk, interest rate risk, and investments highly sensitive to interest rate changes.

The City's investment policy addresses each of these risks in the following manner:

Custodial Credit Risk: Where allowed by state law and in accordance with the GFOA Recommended Practices on the Collateralization of Public Deposits, full collateralization will be required on all demand deposit accounts, including checking accounts and nonnegotiable certificates of deposit.

Credit Risk: The City of Neenah will minimize credit risk, which is the risk of loss due to failure of the security issuer or backer, by limiting investments to types of securities listed within the policy; pre-qualifying financial institutions, brokers/dealers, intermediaries and advisers, and; diversifying the investment portfolio so that the impact of potential losses from any one type of security or from any one individual issuer will be minimized.

Interest Rate Risk: The City of Neenah will minimize interest rate risk, which is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates, by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity, and investing operating funds primarily in shorter-term securities, money market mutual funds, or similar investment pools and limiting the average maturity of the portfolio in accordance with this policy.

The policy does not specifically address custodial credit risk for investments or investments highly sensitive to interest rate changes.

### NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

### D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

#### 1. Deposits and Investments (cont.)

Investments are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on methods and inputs as outlined in Note IV.A. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income. Investment income on commingled investments of municipal accounting funds is allocated based on average balances. The difference between the bank balance and carrying value is due to outstanding checks and/or deposits in transit.

The Wisconsin Local Government Investment Pool (LGIP) is part of the State Investment Fund (SIF), and is managed by the State of Wisconsin Investment Board. The SIF is not registered with the Securities and Exchange Commission but operates under the statutory authority of Wisconsin Chapter 25. The SIF reports the fair value of its underlying assets annually. Participants in the LGIP have the right to withdraw their funds in total on one day's notice. At December 31, 2018, the fair value of the City's share of the LGIP's assets was substantially equal to the amount as reported in these statements.

See Note IV.A. for further information.

#### 2. Receivables

Property Taxes

Property taxes are levied in December on the assessed value as of the prior January 1. In addition to property taxes for the City, taxes are collected for and remitted to the state and county governments as well as the local school district and technical college district. Taxes for all state and local governmental units billed in the current year for the succeeding year are reflected as receivables and due to other taxing units on the accompanying statement of assets and liabilities – agency funds.

Property tax calendar – 2018 tax roll:

Lien date and levy date December 2018 Tax bills mailed December 2018 Payment in full, or January 31, 2019 First installment due January 31, 2019 Second installment due March 31, 2019 Third installment due May 31, 2019 July 31, 2019 Fourth installment due Personal property taxes in full January 31, 2019 Tax sale – 2018 delinquent

real estate taxes October 2021

### NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

- D. Assets, Deferred Outflows of Resources, Liabilities,
  Deferred Inflows of Resources, and Net Position or Equity (cont.)
  - 2. Receivables (cont.)

Uncollectible Accounts

Accounts receivable have been shown net of an allowance for uncollectible accounts. Delinquent real estate taxes as of July 31 are paid in full by the county, which assumes the collection thereof. No provision for uncollectible utility accounts receivable has been made for the water, sewerage district, and stormwater utilities because they have the right by law to place substantially all delinquent bills on the tax roll, and other delinquent bills are generally not significant.

#### Interfund Transactions

During the course of operations transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as "due to and from other funds." Long-term interfund loans (noncurrent portion) are reported as "advances from and to other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the Statement of Net Position. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

In the governmental fund financial statements, advances to other funds are offset equally by a nonspendable fund balance account which indicates that they do not constitute expendable available financial resources and therefore are not available for appropriation or by a restricted, committed, or assigned fund balance account, if the funds will ultimately be restricted, committed, or assigned when the advance is repaid.

#### Loans

The City has received federal and state grant funds for economic development and housing rehabilitation loan programs to various businesses and individuals. The City records a loan receivable when the loan has been made and funds have been disbursed. The amount recorded as economic development and housing rehabilitation loans receivable has been reduced by all known uncollectible accounts. An allowance of \$52.619 has been established in the housing/business loans fund at year-end.

It is the City's policy to record revenue when the initial loan is made from the federal and state grant funds. The net amount of the loan receivable balance is included in restricted fund balance. Interest received from loan repayments is recognized as revenue when received in cash. Any unspent loan repayments at year-end are presented as restricted fund balance in the fund financial statements.

For economic development loans, the City is limited by the Wisconsin Department of Administration to the amount of program income from economic development loans that it may retain and loan to other businesses and the amount of time for which funds may be held without use. Program income includes the principal and interest received from economic development loans repayments.

At December 31, 2018, the City has not exceeded the maximum amount of program income that it may retain, or the amount of time established for which funds may be held without use. When it does, a liability to the state will be recorded.

### NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

### D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (cont.)

#### 3. Inventories and Prepaid Items

Inventories of the proprietary funds are valued at cost based on weighted average cost and charged to construction and/or operation and maintenance expense when used. Governmental fund type inventories are recorded as expenditures when consumed rather than when purchased (consumption method), based on original cost using the FIFO method of accounting.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements using the consumption method.

#### 4. Restricted Assets

Mandatory segregations of assets are presented as restricted assets. Such segregations are required by bond agreements and other external parties. Current liabilities payable from these restricted assets are so classified. The excess of restricted assets over current liabilities payable from restricted assets will be used first for retirement of related long-term debt. The remainder, if generated from earnings, is shown as restricted net position.

#### 5. Capital Assets

#### Government -Wide Statements

Capital assets, which include property, plant and equipment, are reported in the government-wide financial statements. Capital assets are defined by the government as assets with an initial cost of more than \$2,000 for utility capital assets, \$10,000 for general capital assets, and \$25,000 for infrastructure capital assets, each with an estimated useful life in excess of one year. All capital assets are valued at historical cost or estimated historical cost if actual amounts are unavailable. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are recorded at their estimated acquisition value at the date of donation.

Additions to and replacements of capital assets of business-type activities are recorded at original cost, which includes material, labor, overhead, and an allowance for the cost of funds used during construction when significant. For tax-exempt debt, the amount of interest capitalized equals the interest expense incurred during construction netted against any interest revenue from temporary investment of borrowed fund proceeds. No interest was capitalized during the current year. The cost of renewals and betterments relating to retirement units is added to plant accounts. The cost of property replaced, retired or otherwise disposed of, is deducted from plant accounts and, generally, together with removal costs less salvage, is charged to accumulated depreciation.

### NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

- D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES,
  DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)
  - 5. Capital Assets (cont.)

Government -Wide Statements (cont.)

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

| Buildings               | 40 Years      |
|-------------------------|---------------|
| Land Improvements       | 30 Years      |
| Machinery and Equipment | 3 – 20 Years  |
| Library Collection      | 2 – 10 Years  |
| Utility System          | 4 – 77 Years  |
| Infrastructure          | 40 – 70 Years |

#### Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same as in the government-wide statements.

#### 6. Land Held for Resale

Land held for resale consists of land and improvements and is valued at cost of acquisition, demolition, and site improvements. Properties include both land intended for resale and land designated as a public area. Land held for resale is recorded at lower of cost or market value.

#### 7. Deferred Outflows of Resources

A deferred outflow of resources represents a consumption of net position/fund balance that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that future time

A deferred charge on refunding arises from the advance refunding of debt. The difference between the cost of the securities placed in trust for future payments of the refunded debt and the net carrying value of the debt is deferred and amortized as a component of interest expense over the shorter of the term of the refunding issue or the original term of the refunded debt. The unamortized amount is reported as a deferred outflow of resources in the government-wide and proprietary fund financial statements.

### NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

D. Assets, Deferred Outflows of Resources, Liabilities,
Deferred Inflows of Resources, and Net Position or Equity (cont.)

#### 8. Basis for Existing Rates - Proprietary Funds

Water Utility

Current water rates were approved by the Public Service Commission of Wisconsin in November 2010 and placed into effect January 1, 2011.

Sewerage Disposal Utility

Current wastewater rates were approved by the Common Council and effective March 1, 2014.

Stormwater Utility

Current stormwater rates were approved by the Common Council and effective January 1, 2010.

#### 9. Compensated Absences

Under terms of employment, employees are granted sick leave and vacations in varying amounts. Only benefits considered to be vested are disclosed in these statements.

All vested vacation and sick leave pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements, or are payable with expendable available resources.

Payments for vacation and sick leave will be made at rates in effect when the benefits are used. Accumulated vacation and sick leave liabilities at December 31, 2018 are determined on the basis of current salary rates and include salary related payments.

#### 10. Long-Term Obligations/Conduit Debt

All long-term debt to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term debt consists primarily of notes and bonds payable, capital leases, and accrued compensated absences.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payments of principal and interest are reported as expenditures. The accounting in proprietary funds is the same as it is in the government-wide statements.

For the government-wide statements and proprietary fund statements, bond premiums and discounts are amortized over the life of the issue using the effective interest method. The balance at year-end is shown as an increase or decrease in the liability section of the statement of net position.

### NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

### D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

#### 10. Long-Term Obligations/Conduit Debt (cont.)

The City has approved the issuance of industrial revenue bonds (IRB) for the benefit of private business enterprises. IRB's are secured by mortgages or revenue agreements on the associated projects, and do not constitute indebtedness of the City. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. Seven series of IRB's issued from 1999 through 2013 are outstanding. At year-end, the aggregate principal amount of these issues could not be determined. However, their aggregate original issue amounts totaled \$25,848,000.

#### 11. Deferred Inflows of Resources

A deferred inflow of resources represents an acquisition of net position/fund balance that applies to a future period and therefore will not be recognized as an inflow of resources (revenue) until that future time.

#### 12. Equity Classifications

#### **Government-Wide Statements**

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances (excluding unspent debt proceeds) of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position Consists of net position with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.
- Unrestricted net position All other net positions that do not meet the definition of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

The net position section includes an adjustment for capital assets owned by the business-type activities column but financed by debt of the governmental activities column. The amount is a reduction of "net investment in capital assets," and an increase in "unrestricted" net position, shown only in the total column. A reconciliation of this adjustment is as follows:

|  | G<br>— | overnmental<br>Activities | Bı | usiness-type<br>Activities | _A | djustment            | _  | Total                    |
|--|--------|---------------------------|----|----------------------------|----|----------------------|----|--------------------------|
| Net investment in capital assets<br>Unrestricted (deficit) | \$     | 84,936,057<br>(6,491,992) | \$ | 55,269,145<br>14,567,970   | \$ | (641,441)<br>641,441 | \$ | 139,563,761<br>8,717,419 |

### NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

D. Assets, Deferred Outflows of Resources, Liabilities,
Deferred Inflows of Resources, and Net Position or Equity (cont.)

#### 12. Equity Classifications (cont.)

#### **Fund Statements**

Governmental fund balances are displayed as follows:

- Nonspendable Includes fund balance amounts that cannot be spent either because they are not in spendable form or because legal or contractual requirements require them to be maintained intact.
- b. Restricted Consists of fund balances with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or 2) law through constitutional provisions or enabling legislation.
- c. Committed Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision-making authority. Fund balance amounts are committed through a formal action (resolution) of the City. This formal action must occur prior to the end of the reporting period, but the amount of the commitment, which will be subject to the constraints, may be determined in the subsequent period. Any changes to the constraints imposed require the same formal action of the City that originally created the commitment.
- d. Assigned Includes spendable fund balance amounts that are intended to be used for specific purposes that do not meet the criteria to be classified as restricted or committed. The City has, by resolution, adopted a financial policy authorizing the Common Council to assign amounts for a specific purpose. Assignments may take place after the end of the reporting period.
- e. Unassigned Includes residual positive fund balance within the general fund which has not been classified within the other above-mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those purposes.

Proprietary fund equity is classified the same as in the government-wide statements.

The City considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents / contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the City would first use committed, then assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

See Note IV.H. for further information.

### NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

D. Assets, Deferred Outflows of Resources, Liabilities,
Deferred Inflows of Resources, and Net Position or Equity (cont.)

#### 13. Pension

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Wisconsin Retirement System (WRS) and additions to/deductions from WRS' fiduciary net position have been determined on the same basis as they are reported by WRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### NOTE II - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

### A. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND BALANCE SHEET AND THE STATEMENT OF NET POSITION

The governmental fund balance sheet includes a reconciliation between *fund balance – total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that "some liabilities, including long-term debt, are not due and payable in the current period and, therefore, are not reported in the funds." The details of this \$61,000,134 difference in liabilities are as follows:

| Bonds and notes payable                        | \$<br>40,171,940 |
|--|------------------|
| Capital lease obligations                      | 18,046,143       |
| Compensated absences                           | 1,694,614        |
| Accrued interest*                              | 486,342          |
| Unamortized debt premiums                      | 656,280          |
| Unamortized loss on advance refunding          | <br>(55,185)     |
| Net Adjustment to Reduce Fund Balance – Total  |                  |
| Governmental Funds to Arrive at Net Position – |                  |
| Governmental Activities                        | \$<br>61,000,134 |

<sup>\*</sup> This amount is included in other accrued liabilities on the Statement of Net Position.

### NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### NOTE III - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

#### A. BUDGETARY INFORMATION

A budget has been adopted for all of the governmental funds with the exception of the Walnut special revenue fund. Therefore, a budgetary comparative schedule is not presented in supplementary information for this fund. Wisconsin Statute 65.90 requires that an annual budget be adopted for all funds.

#### B. EXCESS EXPENDITURES AND OTHER FINANCING USES OVER APPROPRIATIONS

The following individual funds had an excess of expenditures and other financing uses over appropriations at the legal level of budgetary control for the year ended December 31, 2018.

|   | <br>Excess   |
|---|--------------|
| Special Revenue – TIF District No. 5                | \$<br>12,158 |
| Special Revenue – TIF District No. 6                | 6,593        |
| Special Revenue – TIF District No. 7                | 5,984        |

| Capital Projects – Capital equipment                | 1,604,415    |

The City controls expenditures at the cost center level. Some individual departments experienced expenditures which exceeded appropriations. The detail of those items can be found in the City's yearend budget to actual report.

#### C. DEFICIT BALANCES

Generally accepted accounting principles require disclosure of individual funds that have deficit balances at year-end.

As of December 31, 2018, the following nonmajor individual funds held a deficit balance:

| Fund                   | <br>Amount    | Reason                              |
|------------------------|---------------|-------------------------------------|
| Special Revenue Funds  |               |                                     |
| TIF District No. 5     | \$<br>335,631 | Costs exceed accumulated increments |
| TIF District No. 6     | 753,915       | Costs exceed accumulated increments |
| TIF District No. 10    | 244,191       | Costs exceed accumulated increments |
| TIF District No. 11    | 75,917        | Costs exceed accumulated increments |
| Capital Projects Funds |               |                                     |
| TIF District No. 10    | 679,943       | Costs exceed accumulated increments |
| Redevelopment          | 907           | Costs exceed revenues               |
| Capital equipment      | 1,155,161     | Costs exceed revenues               |

### NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### NOTE III - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (cont.)

#### C. DEFICIT BALANCES (cont.)

TIF District deficits are anticipated to be funded with future incremental taxes levied over the life of the districts, which is 27 years for the districts created before October 1, 1995, and 23 years for districts created through September 30, 2004. Beginning October 1, 2004, the life of new districts varies by type of district (20-27 years) and may be extended in some cases. TIF District Nos. 5, 6 and 8 have been designated as distressed and can collect increment for an additional 10 years past the original life. Other fund deficits are anticipated to be funded with future contributions, grant revenues, general tax revenues, or long-term borrowing.

#### D. LIMITATIONS ON THE CITY'S TAX LEVY

Wisconsin law limits the City's future tax levies. Generally, the City is limited to its prior tax levy dollar amount (excluding TIF districts), increased by the greater of the percentage change in the City's equalized value due to new construction, or zero percent. Changes in debt service from one year to the next are generally exempt from this limit with certain exceptions. The City is required to reduce its allowable levy by the estimated amount of fee revenue it collects for certain services, if those services were funded in 2013 by the property tax levy. Levies can be increased above the allowable limits if the amount is approved by referendum.

#### E. BOND COVENANT DISCLOSURE

The following information is provided in compliance with the resolution creating the revenue bonds.

#### Insurance - Water Utility

The water utility is covered under the following insurance policies at December 31, 2018:

| Type   |    | Coverage                | <b>Expiration Date</b>   |  |  |
|--|----|-------------------------|--------------------------|--|--|
| Insurance Company of the State of Pennsylvania and<br>The Cities and Villages Mutual Insurance Company |    |                         |                          |  |  |
| General Liability<br>Automobile  | \$ | 5,000,000<br>10,000,000 | 01/01/2019<br>01/01/2019 |  |  |
| Local Government Property Insurance Fund   |    |                         |                          |  |  |
| Property (entire City)   |    | 166,908,734             | 04/04/2019               |  |  |

Refer to Note V.B. for additional insurance information.

### NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### NOTE III - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (cont.)

#### E. BOND COVENANT DISCLOSURE (cont.)

#### Debt Coverage

Under terms of the resolutions providing for the issue of revenue bonds, revenues less operating expenses excluding depreciation (defined net earnings) must exceed 1.25 times the subsequent year's annual debt service and 1.10 times the highest annual debt service of the bonds for the water and stormwater utility, respectively. The coverage requirement was met for both the water utility and the stormwater utility as follows:

|   | <br>Water   | _S | tormwater                             |
|---|---|----|---------------------------------------|
| Operating revenues Investment income Miscellaneous nonoperating income Less: Operation and maintenance expenses | \$<br>8,088,402<br>144,625<br>31,393<br>(2,875,825) | \$ | 1,731,216<br>54,068<br>-<br>(815,287) |
| Net Defined Earnings  | \$<br>5,388,595                                     | \$ | 969,997                               |
| Minimum Required Earnings per Resolution:<br>Debt service<br>Coverage factor                                    | \$<br>2,421,247<br>1.25                             | \$ | 32,962<br>1.1                         |
| Minimum Required Earnings   | \$<br>3,026,559                                     | \$ | 36,258                                |

#### Number of Customers and Billed Volumes - Water Utility

The water utility has the following number of customers and billed volumes for 2018.

|                         | Cuatamaana | Sales      |
|-------------------------|------------|------------|
|                         | Customers  | (000 gals) |
|                         | 2018       | 2018       |
| Residential             | 9,831      | 397,812    |
| Commercial              | 678        | 148,551    |
| Industrial              | 92         | 319,022    |
| Public authority        | 56         | 20,917     |
| Multifamily residential | 97         | 23,852     |

#### **Utility Budget**

The 2018 utility budget was prepared and approved as required by the bond resolutions.

#### **NOTE IV – DETAILED NOTES ON ALL FUNDS**

#### A. DEPOSITS AND INVESTMENTS

The City maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the statement of net position and balance sheet as cash and investments. In addition, investments are separately held by several of the City's funds.

### NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

Deposits in each local and area bank are insured by the FDIC in the amount of \$250,000 for time and savings accounts (including NOW accounts) and \$250,000 for demand deposit amounts (interest-bearing and noninterest bearing). In addition, if deposits are held in an institution outside of the state in which the government is located, insured amounts are further limited to a total of \$250,000 for the combined amount of all deposits. Deposits in the credit union are insured by the National Credit Union Administration in the amount of \$250,000 for all share draft accounts and \$250,000 for all share certificate and regular share accounts.

Bank accounts and credit unions are also insured by the State Deposit Guarantee Fund in the amount of \$400,000; however, due to the nature of this fund, recovery of material principal losses may not be significant to individual municipalities. This coverage has been considered in computing custodial credit risk.

# NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)**

#### A. DEPOSITS AND INVESTMENTS (cont.)

The City maintains collateral agreements with its banks. As of December 31, 2018, the bank had pledged various government securities in the amount of \$30,183,850 to secure the City's deposits. In addition, the City had a \$7M letter of credit to collateralize its deposit accounts as well as \$2M of insurance provided by London insurers.

The Securities Investor Protection Corporation (SIPC), created by the Securities Investor Protection Act of 1970, is an independent government-sponsored corporation (not an agency of the U.S. government). SIPC membership provides account protection up to a maximum of \$500,000 per customer. \$1,000,000 of the City's deposits are covered by SIPC. TDC Ameritrade provides each client \$149.5 million worth of protection for securities. Vining Sparks provides a \$1 million securities dealer fidelity bond.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

|                                     | December 31, 2018 |            |                       |            |  |  |

| Corporate bonds                       | Institutional bond quotes – evaluations based on various market and industry inputs          |
| Equity securities/stocks              | Evaluations based on various market factors  |
| State and local bonds                 | Institutional bond quotes – evaluations based on various market and industry inputs          |
| Mutual funds                          | Net asset value  |

#### **Custodial Credit Risk**

Deposits – Custodial credit risk is the risk that in the event of a financial institution failure, the City's deposits may not be returned to the City.

# NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

## **NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)**

#### A. DEPOSITS AND INVESTMENTS (cont.)

### Custodial Credit Risk (cont.)

As of December 31, 2018, \$815,660 of the City's total bank balances of \$30,560,235 were uninsured and uncollateralized and therefore exposed to custodial credit risk.

Investments – For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

As of December 31, 2018, \$1,855,774 of the City's investments were neither insured nor registered and held by counterparty, and therefore, exposed to custodial credit risk.

#### Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

As of December 31, 2018, the City's investments were rated as follows:

|  |          | Moody's       |
|--|----------|---------------|
|  | Standard | Investor      |
| Investment Type                        | & Poor's | Service       |

The City also had investments in the following external pool which is not rated:

LGIP

### Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the value of an investment.

As of December 31, 2018, the City's investments were as follows:

| Specific Investment   | Maturity<br>Date                                   | Fair Value |                             |  |

### Investments Highly Sensitive to Interest Rate Changes

At December 31, 2018, \$6,100,584 of the \$14,345,879 reported above had maturity dates beyond ten years classifying them as highly sensitive to interest rate changes.

#### B. RECEIVABLES

All receivable balances are expected to be collected within one year with the exception of \$16,652 in delinquent personal property taxes; \$383,908 in special assessments; and \$473,439 of loans receivable.

Governmental funds report *unavailable and unearned revenue* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Property taxes levied for the subsequent year are not earned and cannot be used to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of *unavailable revenue* and *unearned revenue* reported in the governmental funds were as follows:

|  | _ Unavailable       | Unearned                     |
|--|---------------------|------------------------------|
| Property taxes receivable for subsequent year<br>Special assessments/special charges not yet due<br>Unearned revenue: pet licenses, rent | \$ -<br>499,253<br> | \$ 22,301,187<br>-<br>41,193 |
| Total Unavailable/Unearned Revenue for<br>Governmental Funds   | \$ 499,253          | \$ 22,342,380                |

On the statement of net position, \$16,652 of unearned revenue is reported from the internal service funds.

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

# **NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)**

#### C. RESTRICTED ASSETS

The following represent the balances of the restricted assets:

## Long Term Debt Accounts

| Redemption   | - | Used to segregate resources accumulated for debt service payments over the next twelve months.   |
|--------------|---|--|
| Depreciation | _ | Used to report resources set aside to fund plant renewals and replacement or make up potential future deficiencies in the redemption account as required by the bond resolution. |
| Reserve      | - | Used to report resources set aside to make up potential future deficiencies in the redemption account.   |

#### Net Pension Asset

Restricted assets have been reported in connection with the net pension asset balance because this balance must be used to fund employee benefits.

Following is a list of restricted assets at December 31, 2018:

|                         | 2018                |
|-------------------------|---------------------|
| Restricted Assets       |                     |
| Redemption account      | \$ 1,102,842        |
| Depreciation account    | 250,000             |
| Reserve account         | 319,000             |
| Net pension asset       | 3,727,063           |
| Interest receivable     | 3,765               |
| Total Restricted Assets | <u>\$ 5,402,670</u> |

### E. INTERFUND RECEIVABLES/PAYABLES, ADVANCES AND TRANSFERS

#### Interfund Receivables/Payables

The following is a schedule of interfund receivables and payables including any overdrafts on pooled cash and investment accounts:

| Receivable Fund  | <u>Payable Fund</u>  |           | Amount                   |
|--|--|-----------|--------------------------|
| General Capital projects – public infrastructure Enterprise fund – water utility Enterprise fund – sewerage disposal | Enterprise fund – water utility<br>Debt service<br>General | \$        | 971,182<br>153,030<br>99 |
| utility Enterprise fund – stormwater utility   | General<br>General   |           | 104,689<br>1,580         |
| Sub-Total – Fund Financial<br>Statements   |  |           | 1,230,580                |
| Less: Elimination to government-wide s   | tatements  |           | (365,766)                |
| Total – Government-Wide Fin  | ancial Statements  | <u>\$</u> | 864,814                  |
| Receivable Fund  | Payable Fund   |           | Amount                   |
| Governmental activities Less: Business-type activities   | Business-type activities<br>Governmental activities        | \$        | 971,182<br>(106,368)     |
| Total Internal Balances – Gover  | nment-Wide Financial Statements                            | \$        | 864,814                  |

All of these amounts are due within one year.

The principal purpose of these interfunds is the PILOT due from the water utility to the general fund in the amount of \$971,182 and tax roll items.

All remaining balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

<sup>\*</sup>Includes \$74,946 of amortization of loss on the related CDA refunding.

In addition to the liabilities above, information on the net pension liability/(asset) is provided in Note V.A.

#### **General Obligation Debt**

All general obligation notes and bonds payable are backed by the full faith and credit of the City. Notes and bonds in the governmental funds will be retired by future property tax levies or tax increments accumulated by the debt service fund. Business-type activities debt is payable by revenues from user fees of those funds or, if the revenues are not sufficient, by future tax levies.

In accordance with Wisconsin Statutes, total general obligation indebtedness of the City may not exceed 5% of the equalized value of \$110,483,105. Total general obligation debt outstanding at year-end was \$48,858,100.

# NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)**

#### F. LONG-TERM OBLIGATIONS (cont.)

#### Revenue Debt

Revenue bonds are payable only from revenues derived from the operation of the water, sewerage disposal and stormwater utilities.

The water utility has pledged future sales revenues, net of specified operating expenses, to repay revenue bonds issued between 2005-2017. Proceeds from the bonds provided financing for the water utility. The bonds are payable solely from sales revenues and are payable through 2026. Annual principal and interest payments on the bonds are expected to require 20% of gross revenues on average. The total principal and interest remaining to be paid on the bonds is \$13,495,131. Principal and interest paid for the current year and total customer gross revenues were \$2,425,569 and \$8,264,420, respectively.

All revenue debt was issued for capital related purposes.

All stormwater utility revenues net of specified operating expenses are pledged as security to the revenue bonds until the bonds are defeased. Principal and interest paid for 2018 was \$32,973. Total customer gross revenues as defined for the same period were \$1,785,284. Annual principal and interest payments are expected to require 2% of gross revenues on average.

Revenue debt payable at December 31, 2018 consists of the following:

(1) The proceeds of the Sewer Utility's 2013 Sewer Clean Water Fund Loan were paid directly to the Neenah-Menasha Sewerage Commission for expansion of the regional plant. Principal and interest payments on this debt will be paid by the Neenah-Menasha Sewerage Commission under an agency agreement. The debt service is recovered by Neenah-Menasha Sewerage Commission as part of its annual use charges. The resulting "due from other governments" and "revenue bonds" of a like amount has been recorded by the City of Neenah Sewer Utility and will be reduced as payments are made.

Debt service requirements to maturity are as follows:

#### Capital Leases

Refer to Note IV.G.

# NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

## **NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)**

#### F. LONG-TERM OBLIGATIONS (cont.)

#### Other Debt Information

Estimated payments of compensated absences is not included in the debt service requirement schedules. The compensated absences liability attributable to governmental activities will be liquidated primarily by the general fund.

A statutory mortgage lien upon the City's system and any additions, improvements and extensions thereto is created by Section 66.0621 of the Wisconsin Statutes as provided for in the ordinances creating the revenue bond issue. The City's system and the earnings of the system remain subject to the lien until payment in full of the principal and interest on the bonds.

#### Prior-Year Defeasance of Debt

In prior years, the City and CDA defeased certain general obligation and lease revenue bonds, respectively, by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the City's or CDA's financial statements. At December 31, 2018, \$5,540,000 of City bonds and \$14,885,000 of CDA bonds outstanding are considered defeased.

#### G. LEASE DISCLOSURES

### Lessee – Capital Leases

In 2008, the CDA borrowed \$6,285,000 in lease revenue bonds. In 2013, the CDA issued \$17,620,000 to advance refund the 2004 lease revenue bonds. In 2016, the CDA issued \$3,500,000 to partially advance refund the 2008 lease revenue bonds. The funds from the 2008 issue were used for the construction of TIF No. 8 projects as part of a capital lease agreement. The annual lease payments to be paid will be the same as the CDA's annual debt service payments on the lease revenue bonds (See Note IV.J.). The future minimum lease obligations and the net present value on these minimum lease payments as of December 31, 2018, are as follows:

|             | Governmental Activities |            |                    |           |    |            |  |
|-------------|-------------------------|------------|--------------------|-----------|----|------------|--|

| 2019        | \$                      | 996,179    | \$                 | 634,570   | \$ | 1,630,749  |  |
| 2020        |                         | 1,036,179  |                    | 613,095   |    | 1,649,274  |  |
| 2021        |                         | 1,081,179  |                    | 585,355   |    | 1,666,534  |  |
| 2022        |                         | 1,131,179  |                    | 552,466   |    | 1,683,645  |  |
| 2023        |                         | 1,186,179  |                    | 515,134   |    | 1,701,313  |  |
| 2024 - 2028 |                         | 10,450,248 |                    | 1,719,738 |    | 12,169,986 |  |
| 2029 – 2032 |                         | 2,165,000  | _                  | 155,495   |    | 2,320,495  |  |
| Totals      | \$                      | 18,046,143 | \$                 | 4,775,853 | \$ | 22,821,996 |  |

The gross amount of assets capitalized under the lease are as follows:

| > | Parking structure    | \$<br>10,915,041 |
|---|----------------------|------------------|
| > | Land held for resale | \$<br>773,000    |

The remainder of the costs were related to environmental clean-up and demolition.

## Lessee – Operating Leases

The City has no material operating leases with a remaining noncancellable term, exceeding one year.

#### Lessor - Capital Leases

The City has no material outstanding sales-type or direct financing leases.

## Lessor - Operating Leases

The City does not receive material lease payments from property rented to others.

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

# NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

## NOTE IV - DETAILED NOTES ON ALL FUNDS (cont.)

#### J. COMPONENT UNIT

### **Community Development Authority**

This report contains the Community Development Authority (CDA), which is included as a component unit. Financial information is presented in the discrete column in the combining statement of net position and statement of changes in net position.

In addition to the basic financial statements and the preceding notes to financial statements which apply, the following additional disclosures are considered necessary for a fair presentation.

#### a. Basis of Accounting/Measurement Focus

The CDA prepares its financial statements in accordance with generally accepted accounting principles. The accounting records are kept on the accrual basis of accounting and the flow of economic resources measurement focus.

#### b. Deposits and Investments

A separate investment policy does not exist for the CDA.

The Community Development Authority's deposits and investments at year-end were comprised of the following:

| .ee.m.g.   | Carrying<br>Value   | Statement<br>Balance | Associated Risks |  |  |
|--|---------------------|----------------------|------------------|--|--|
| Money market   | \$ 2,159,226        | \$ 2,159,226         | Custodial credit |  |  |
| Reconciliation to financial statements<br>Per statement of net position<br>Restricted cash and investments | <u>\$ 2,159,226</u> |                      |                  |  |  |

Deposits in each local and area bank are insured by the FDIC in the amount of \$250,000 for time and savings accounts (including NOW accounts) and \$250,000 for demand deposit amounts (interest-bearing and noninterest bearing). In addition, if deposits are held in an institution outside of the state in which the government is located, insured amounts are further limited to a total of \$250,000 for the combined amount of all deposits.

Bank accounts are also insured by the State Deposit Guarantee Fund in the amount of \$400,000. However, due to the nature of this fund, recovery of material principal losses may not be significant to individual municipalities. This coverage has been considered in computing the amounts covered by insurance above.

#### **Custodial Credit Risk**

Deposits – Custodial credit risk is the risk that in the event of a financial institution failure, the Community Development Authority's deposits may not be returned to the Community Development Authority.

As of December 31, 2018, none of the CDA's total bank balances of \$2,159,226 were exposed to custodial credit risk.

### d. Lease Disclosures

The CDA has entered into a lease agreement with Plexus, Corp. for the use of land and land improvements. The term of the lease is ninety-nine (99) years and went into effect April 28, 2009. Rent is \$1 per year and interest is not being charged. The cost of the land and land improvements is being reported as land held for resale in the governmental activities column at a value of \$773,000 as it was purchased by TIF No. 8.

# NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE V - OTHER INFORMATION**

#### A. EMPLOYEES' RETIREMENT SYSTEM

**Plan description.** The WRS is a cost-sharing multiple-employer defined benefit pension plan. WRS benefits and other plan provisions are established by Chapter 40 of the Wisconsin Statutes. Benefit terms may only be modified by the legislature. The retirement system is administered by the Wisconsin Department of Employee Trust Funds (ETF). The system provides coverage to all eligible State of Wisconsin, local government and other public employees. All employees, initially employed by a participating WRS employer on or after July 1, 2011 and expected to work at least 1,200 hours a year and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS.

ETF issues a standalone Comprehensive Annual Financial Report (CAFR), which can be found at <a href="http://etf.wi.gov/publications/cafr.htm">http://etf.wi.gov/publications/cafr.htm</a>.

**Vesting.** For employees beginning participation on or after January 1, 1990, and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998, and prior to July 1, 2011, are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011, must have five years of creditable service to be vested.

**Benefits provided.** Employees who retire at or after age 65 (54 for protective occupation employees, 62 for elected officials and State executive participants, if hired on or before December 31, 2016) are entitled to receive an unreduced retirement benefit. The factors influencing the benefit are: (1) final average earnings, (2) years of creditable service, and (3) a formula factor.

Final average earnings is the average of the participant's three highest years' earnings. Creditable service is the creditable current and prior service expressed in years or decimal equivalents of partial years for which a participant receives earnings and makes contributions as required. The formula factor is a standard percentage based on employment category.

Employees may retire at age 55 (50 for protective occupation employees) and receive reduced benefits. Employees terminating covered employment before becoming eligible for a retirement benefit may withdraw their contributions and forfeit all rights to any subsequent benefits.

The WRS also provides death and disability benefits for employees.

# NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE V – OTHER INFORMATION**

### A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

**Post-retirement adjustments**. The Employee Trust Funds Board may periodically adjust annuity payments from the retirement system based on annual investment performance in accordance with s. 40.27, Wis. Stat. An increase (or decrease) in annuity payments may result when investment gains (losses), together with other actuarial experience factors, create a surplus (shortfall) in the reserves, as determined by the system's consulting actuary. Annuity increases are not based on cost of living or other similar factors. For Core annuities, decreases may be applied only to previously granted increases. By law, Core annuities cannot be reduced to an amount below the original, guaranteed amount (the "floor") set at retirement. The Core and Variable annuity adjustments granted during recent years are as follows:

| Year | Core Fund Adjustment | Variable Fund Adjustment |
|------|----------------------|--------------------------|
| 2007 | 3.0%                 | 10%                      |
| 2008 | 6.6                  | 0                        |
| 2009 | (2.1)                | (42)                     |
| 2010 | (1.3)                | 22                       |
| 2011 | (1.2)                | 11                       |
| 2012 | (7.0)                | (7)                      |
| 2013 | (9.6)                | 9                        |
| 2014 | 4.7                  | 25                       |
| 2015 | 2.9                  | 2                        |
| 2016 | 0.5                  | (5)                      |
| 2017 | 2.0                  | 4.0                      |

**Contributions.** Required contributions are determined by an annual actuarial valuation in accordance with Chapter 40 of the Wisconsin Statutes. The employee required contribution is one-half of the actuarially determined contribution rate for General category employees and Executives and Elected Officials. Starting January 1, 2016, the Executives and Elected Officials category merged into the General Employee category. Required contributions for protective employees are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement.

During the reporting period, the WRS recognized \$1,314,049 in contributions from the City.

Contribution rates as of December 31, 2018 are:

| Employee Category                        | Employee | Employer |
|--|----------|----------|

# Pension Liability/(Asset), Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2018, the City reported an asset of \$3,727,063 for its proportionate share of the net pension asset. The net pension asset was measured as of December 31, 2017, and the total pension liability/(asset) used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2016 rolled forward to December 31, 2017. No material changes in assumptions or benefit terms occurred between the actuarial valuation date and the measurement date. The City's proportion of the net pension asset was based on the City's share of contributions to the pension plan relative to the contributions of all participating employers. At December 31, 2017, the City's proportion was .12552761%, which was an increase of .00093480% from its proportion measured as of December 31, 2016.

For the year ended December 31, 2018, the City recognized pension expense of \$1,858,354.

At December 31, 2018, the City reported deferred outflows of resources related to pensions from the following sources:

| Deferred Outflows of Resources |           | I  | Deferred<br>Inflows of<br>Resources  |  |
|--------------------------------|-----------|--|--|--|
| \$                             | 4,744,022 | \$   | 2,223,724  |  |
|                                | 736,395   |  | -  |  |
|                                | -         |  | 5,122,503  |  |
|                                | 54,659    |  | -  |  |
|                                | 1,329,434 |  | <u> </u>   |  |
| \$                             | 6,864,510 | \$   | 7,346,227  |  |
|                                | of R      | of Resources \$ 4,744,022 736,395 - 54,659 1,329,434 | Deferred Outflows of Resources F  \$ 4,744,022 \$  736,395  -  54,659  1,329,434 |  |

\$1,329,434 reported as deferred outflows related to pension resulting from the WRS Employer's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability (asset) in the year ended December 31, 2019. Other amounts reported as deferred outflows of resources and deferred outflows (inflows) of resources related to pension will be recognized in pension expense as follows:

|              |          | Outflows of rces and |
|--------------|----------|----------------------|
| Year Ended   | Deferred | I Inflows of         |
| December 31: | Resour   | ces (Net)            |
| 2019         | \$       | 427,493              |
| 2020         | ·        | (13,910)             |
| 2021         |          | (1,271,271)          |
| 2022         |          | (962,440)            |
| 2023         |          | 8,977                |
| Thereafter   |          | -                    |

# NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE V – OTHER INFORMATION (cont.)**

#### A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Pension Liability/(Asset), Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (cont.)

**Actuarial assumptions.** The total pension asset in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Valuation Date: December 31, 2016

Measurement Date of Net Pension Liability (Asset) December 31, 2017

Actuarial Cost Method: Entry Age Normal

Asset Valuation Method: Fair Value

Long-Term Expected Rate of Return: 7.2%

Discount Rate: 7.2%

Salary Increases:

Inflation 3.2%

Seniority/Merit 0.2% - 5.6%

Mortality: Wisconsin 2012 Mortality Table

Post-retirement Adjustments\*: 2.1%

Actuarial assumptions are based upon an experience study conducted in 2015 using experience from 2012 - 2014. The total pension liability for December 31, 2017 is based upon a roll-forward of the liability calculated from the December 31, 2016 actuarial valuation.

<sup>\*</sup> No post-retirement adjustment is guaranteed. Actual adjustments are based on recognized investment return, actuarial experience and other factors. 2.1% is the assumed annual adjustment based on the investment return assumption and the post-retirement discount rate.

# NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

### **NOTE V – OTHER INFORMATION** (cont.)

### A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Long-term expected return on plan assets. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| Core Fund Asset Class      | Current Asset<br>Allocation % | Long-Term<br>Expected<br>Nominal Rate<br>of Return % | Long-Term<br>Expected<br>Real Rate of<br>Return % |
|----------------------------|-------------------------------|--|---|
| Global Equities            | 50%                           | 8.2%   | 5.3%  |
| Fixed Income               | 24.5                          | 4.24   | 1.4   |
| Inflation Sensitive Assets | 15.5                          | 3.8  | 1.0   |

New England Pension Consultants Long Term US CPI (Inflation) Forecast: 2.75%

Asset Allocations are managed within established ranges, target percentages may differ from actual monthly allocations

Single discount rate. A single discount rate of 7.20% was used to measure the total pension liability/(asset). This single discount rate was based on the expected rate of return on pension plan investments of 7.20% and a long-term bond rate of 3.31%. Because of the unique structure of WRS, the 7.20% expected rate of return implies that a dividend of approximately 2.1% will always be paid. For purposes of the single discount rate, it was assumed that the dividend would always be paid. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments (including expected dividends) of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability/(asset).

# NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE V – OTHER INFORMATION (cont.)**

#### A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Sensitivity of the City's proportionate share of the net pension liability/(asset) to changes in the discount rate. The following presents the City's proportionate share of the net pension liability/(asset) calculated using the discount rate of 7.20 percent, as well as what the City's proportionate share of the net pension liability/(asset) would be if it were calculated *using* a discount rate that is 1-percentage-point lower (6.20 percent) or 1-percentage-point higher (8.20 percent) than the current rate:

|                                   | 1% Decrease to |                         | 1% Increase to |
|-----------------------------------|----------------|-------------------------|----------------|
|                                   | Discount Rate  | <b>Current Discount</b> | Discount Rate  |
|                                   | (6.20%)        | Rate (7.20%)            | (8.20%)        |
| City's proportionate share of the |                |                         |                |
| net pension liability/(asset)     | \$9,643,186    | \$(3,727,063)           | \$(13,888,867) |

**Pension plan fiduciary net position.** Detailed information about the pension plan's fiduciary net position is available in separately issued financial statements available at http://etf.wi.gov/publications/cafr.htm.

At December 31, 2018, the City reported a payable to the pension plan, which represents contractually required contributions outstanding as of the end of the year.

#### B. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; workers compensation; and health care of its employees. The City participates in a public entity risk pool to provide coverage for losses from theft of, damage to, or destruction of assets (torts; errors and omissions; workers compensation; and general liability coverage). Other risks, such as health and dental coverage of its employees are accounted for and financed by the City in an internal service fund – the benefit accrual fund.

#### Participation in Public Entity Risk Pool

WMIC is an intergovernmental cooperation commission created by contract under Section 66.30 of the Wisconsin Statutes. It was created in August 1987 for the purpose of facilitating the organization, establishment, and capitalization of CVMIC, and has numerous cities and villages as members.

CVMIC is a municipal mutual insurance company established on September 14, 1987 under Section 611.23 of the Wisconsin Statutes. The CVMIC provides liability insurance coverage to the cities and villages which make up the membership of WMIC.

CVMIC is self-insured up to a maximum of \$2,000,000 of each insurance risk. Losses paid by CVMIC plus administrative expenses will be recovered through premiums to the participating pool of municipalities. The City's share of such losses is less than 1%.

Management of each organization consists of a board of directors or officers comprised of representatives elected by each of three classes of participants based on population. The City does not exercise any control over the activities of the agencies beyond the election of the officers and board.

Financial statements of WMIC and CVMIC can be obtained directly from the CVMIC's offices.

# NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE V – OTHER INFORMATION** (cont.)

#### **B. RISK MANAGEMENT** (cont.)

#### Participation in Public Entity Risk Pool (cont.)

The initial investment of WMIC is refundable upon withdrawal from the commission and has been reported at the original amount of \$1,117,155 in the insurance internal service fund.

The City pays an annual premium to CVMIC for its general liability insurance, which provides coverage up to \$5,000,000 per occurrence, less the City's retained liability. The City's retained liability is limited to \$100,000 per occurrence and an annual aggregate limit of \$100,000. An actuarially determined estimate for this liability, as well as for claims incurred but not reported was determined to be \$49,805 at December 31, 2018. Changes in the fund's claims loss liability follow:

|              | _  | alance<br>nuary 1 | ncurred<br>Claims      | Claims<br>Paid/<br>Settled | Balance<br>ember 31    |
|--------------|----|-------------------|------------------------|----------------------------|------------------------|
| 2017<br>2018 | \$ | -<br>45.928       | \$<br>45,928<br>25.922 | \$<br>-<br>22.045          | \$<br>45,928<br>49.805 |

The City is not financially accountable, as defined in Note I, over WMIC or CVMIC.

### Dental Care

The City is exposed to various risks of loss related to dental claims. The City's risk management fund (an internal service fund) is used to account for and finance its uninsured risks of loss. Under this program, the risk management fund provides coverage for up to a maximum annual reimbursement per claimant of \$4,000 for basic (Teamsters) members and \$2,000 for all others. There have been no reductions in insurance coverage in 2018.

All funds of the City participate in the program and are charged amounts needed to pay prior and current year claims and to establish a reserve for future claims costs. The estimated liability for self-funded losses is based on reviewing past claim experience, 2017 claim payment data and making assumptions about future claim payments and experiences. The City does not allocate overhead costs or other nonincremental costs to the claims liability. The estimated liability for self-insured losses for this program consisted of the following at December 31, 2018:

Incurred but not reported claims

\$ 20,000

Changes in the claims payable follow:

|              | <br>alance<br>nuary 1  | Incurred<br>Claims    | <br>Claims<br>Paid       | <br>Balance<br>cember 31 |

# NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

### **NOTE V – OTHER INFORMATION (cont.)**

#### C. COMMITMENTS AND CONTINGENCIES

Claims and judgments are recorded as liabilities if all the conditions of Governmental Accounting Standards Board pronouncements are met. The liability and expenditure for claims and judgments is only reported in governmental fund types if it has matured. Claims and judgments are recorded in the government-wide statements and proprietary funds as expenses when the related liabilities are incurred. There were no significant claims or judgments at year-end.

From time to time, the City is party to various pending claims and legal proceedings. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of management and the City attorney that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the City's financial position or results of operations.

The City has incurred costs for sanitary sewer interceptors and transportation systems which will benefit certain areas if they are annexed by the City. Upon annexation, the City could recover the costs from the property owners. City officials estimate the potential recovery at December 31, 2018 aggregated approximately \$4,258,159.

The City has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agency for expenditures disallowed under terms of the grant. City management believes such disallowances, if any, would be immaterial.

The City has active construction projects as of December 31, 2018. Work that has been completed on these projects but not yet paid for (including contract retainages) is reflected as accounts payable and expenditures.

The City has the following encumbrances outstanding at year-end expected to be honored upon performance by the vendor.

| General fund                             | \$<br>54,329  |
|--|---------------|
| Capital projects – public infrastructure | 621,653       |
| Nonmajor funds                           | <br>314,803   |
|  |               |
| Total                                    | \$<br>990,785 |

### **Developer Agreements**

In 2015, the City created TIF District No. 10 and signed an agreement with a developer that requires the developer to pay for specified improvements, including the construction of an office building. The City and CDA will transfer the building site to the developer to allow for the construction of the project. The City will provide payments to the developer to assist with developer costs solely from future tax increments from the development area and from the WEDC's Community Development Investment Grant. The City contribution for developer costs shall be limited to a maximum of \$420,000 plus interest. A maximum of 70% of the property tax increment revenue attributable to the development project shall be payable in annual installments. The City's contribution may be prepaid at any time until paid in full, the payments will be provided to the developer as follows: Each year beginning September 1, 2018 and continuing each September 1 thereafter until September 1, 2023, the City will pay to the developer 70% of the tax increment revenue received by the City with respect to the development in that year. No payments will be distributed until the property taxes have been paid on the property.

# NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE V – OTHER INFORMATION** (cont.)

### C. COMMITMENTS AND CONTINGENCIES (cont.)

#### Developer Agreements (cont.)

In 2015, the City created TIF District No. 9 and signed an agreement with a developer that allows for a maximum of \$1,550,000 or 70% of the tax increment revenue attributable to the development project, whichever is less, payable in installments over seven years. No payments will be distributed until the property taxes have been paid on the property. Until the City contribution has been paid in full, or a sum sufficient to pay off the City contribution has been set aside to cover payment of the City contribution, the City shall not close the District prior to the expiration date.

In 2016, the City created TIF District No. 11 and signed an agreement with a developer that requires the developer to pay for specified improvements including the construction of a number of commercial buildings. The City will provide payments to the developer to assist with developer costs solely from future tax increments from the development area. The City contribution for developer costs shall be limited to a maximum of \$2.015 million. A maximum of 70% of the property tax increment revenue attributable to the development project shall be payable in annual installments. Each year beginning September 1, 2019 and continuing each September 1 thereafter until September 1, 2030, the City will pay to the developer 70% of the tax increment revenue received by the City with respect to the development in that year. No payments will be distributed until the property taxes have been paid on the property.

#### D. JOINT VENTURES

#### Menasha-Neenah Municipal Court

The City of Neenah and the City of Menasha have enacted joint ordinances creating the Menasha-Neenah Municipal Court. Each City's proportionate share in the annual operations is equal to the percentage share of citations issued by that city compared to the total citations issued by both cities since the inception of the municipal court. The breakdown as of December 31, 2018 was as follows:

| City            | Number of 2018 Citations | Number of Citations Since Inception | % of Total |
|-----------------|--------------------------|-------------------------------------|------------|
| City of Menasha | 1,698                    | 31,744                              | 40.0%      |
| City of Neenah  | 2,580                    | 47,604                              | 60.0%      |
| Totals          | 4,278                    | 79,348                              | 100.0%     |

The City of Neenah is the lead agency for purposes of administering the operations of the court. Therefore, all employees of the court, including the judge, are considered City of Neenah employees. The court's offices operate out of the Neenah City Hall building. Court trials are held in the Common Council Chambers at Neenah City Hall.

The municipal court prepares an annual budget and submits it to Neenah and Menasha as part of the cities' annual budgeting process. The cities each pay a proportionate share of the municipal court budget. In addition to its proportionate share, Menasha also pays the City of Neenah an annual administrative fee. The administrative fee is reviewed annually. The City of Neenah has established a Municipal Court fund (an agency fund) to account for municipal court activity.

# NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE V – OTHER INFORMATION** (cont.)

#### **D. JOINT VENTURES (cont.)**

### Menasha-Neenah Municipal Court (cont.)

As of December 31, 2018, the court had a deficit of \$278,062. The allocation of this deficit is as follows:

| City of Menasha<br>City of Neenah | \$<br>100,396<br>177,666 |
|-----------------------------------|--------------------------|
| Total                             | \$<br>278,062            |

It is the intent that the court will repay these funds.

Financial information of the court as of December 31, 2018 is included in the City's CAFR as supplementary information. Separate financial statements are not available. The City of Neenah does not have an equity interest in this organization.

#### Neenah-Menasha Fire Rescue

On January 1, 2003, the City of Neenah and City of Menasha merged their fire departments. The merged fire department is known as the Neenah-Menasha Fire Rescue (NMFR). It provides fire and rescue services to the citizens of both communities.

The communities share in the annual operation of the fire department as follows: City of Menasha – 40.44% and City of Neenah – 59.56%.

Annually as part of the budget process, the joint finance and personnel committee will re-evaluate the cost distribution formula based on the following five factors: 1) population, 2) equalized value, 3) annual fire/rescue calls, 4) square miles, and 5) square footage of all buildings with each community.

The Joint Fire Commission consists of six members with three-year staggered terms. Neenah and Menasha each appoint three members to the commission. The appointees are not elected officials of the municipalities.

The oversight of the day-to-day operations and budgetary matters of the Neenah-Menasha Fire Rescue are conducted by the Joint Fire Finance and Personnel Committee. The recommendations of the Joint Finance and Personnel Committee shall be acted upon separately by the common councils of both Neenah and Menasha and are effective only upon concurrence of both councils.

The City of Neenah is responsible for administering and accounting for all funds received and disbursed. A separate fund (an agency fund) has been established by the City of Neenah to account for fire services.

The City accounts for its share of the operations in the general fund. The City of Neenah does not have an equity interest in this organization. Financial information related to the Neenah-Menasha Fire Rescue as of December 31, 2018 is included in the City's CAFR as supplementary information. Separate financial statements are not available.

### E. SUBSEQUENT EVENT

On March 1, 2019, the City issued general obligation promissory notes in the amount of \$8,825,000 to fund the City's capital improvement program. The promissory notes have interest rates ranging from 2.125% to 5.0% and mature on March 1, 2029.

# NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

#### **NOTE V – OTHER INFORMATION** (cont.)

#### F. EFFECT OF NEW ACCOUNTING STANDARDS ON CURRENT-PERIOD FINANCIAL STATEMENTS

The Governmental Accounting Standards Board (GASB) has approved the following:

- > Statement No. 83, Certain Asset Retirement Obligations
- > Statement No. 84, Fiduciary Activities
- > Statement No. 86, Certain Debt Extinguishment Issues
- > Statement No. 87, Leases
- > Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowing and Direct Placements
- > Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period
- Statement No. 90, Majority Equity Interests an amendment of GASB Statements No. 14 and No. 61

When they become effective, application of these standards may restate portions of these financial statements.

#### G. TAX ABATEMENT

Tax abatements are a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributions to an economic development or otherwise benefits the governments or the citizens of those governments.

The City is disclosing all abatement agreements individually.

The City through its Tax Incremental Financing Districts (TID) has entered into tax abatement agreements with developers in the form of tax incremental financing incentive payments to stimulate economic development. The abatements are authorized through the TID project plans. The developers pay property taxes as they become due, and after meeting the criteria established in the development agreements, are entitled to a future incentive payments that directly correlate to the taxes paid.

| Agreement Description                           | Calculation Method  | Developer Commitment        | 2018<br>Payment |
|---|---|-----------------------------|-----------------|
| TID No. 5 Development Agreement – ERA           | 80% of incremental tax revenue, maximum reimbursement of \$75,000       | \$500,000 tax increment     | \$ 11,722       |
| TID No. 7 Development Agreement – Festival      | 80% of incremental tax revenue, maximum reimbursement of \$853,000      | \$5.4 million tax increment | 95,000          |

### NOTES TO REQUIRED SUPPLEMENTARY INFORMATION December 31, 2018

#### **BUDGETARY INFORMATION**

Budgetary information is derived from the annual operating budget and is presented using the same basis of accounting for each fund as described in Note I. C.

The budgeted amounts presented include any amendments made.

The City follows these procedures in establishing the budget versus actual budgetary data reflected in the financial statements:

- a. The Mayor submits to the Common Council a proposed budget for the fiscal year commencing the following January 1. The budget includes proposed expenditures and the means of financing them.
- b. Public hearings are conducted at the City Administration Building to obtain taxpayer comments.
- c. Prior to December 31, the budget is legally adopted through passage of a council resolution.
- d. The budget as adopted, includes total expenditures at the cost center level. A cost center can be a fund, major program, department or other activity for which control of expenditures are considered desirable. Cost centers are defined as follows for the governmental fund types with annual budgets: General at the department level, and Special Revenue and Capital Projects at major program level and Debt Service at total fund level. Expenditures cannot legally exceed appropriations at this level without two-thirds common council approval to amend the budget.
- e. Formal budgetary integration is employed as a management control device during the year for the General Fund, the Special Revenue Funds, the Debt Service Fund, the Capital Projects Funds, Sewerage Disposal Utility, Stormwater Utility, and Parking Utility Enterprise Funds.
  - A comparison of Actual and Budget is included in the accompanying financial statements for all governmental fund types with a legally adopted annual budget. The budget presentations are at the cost center level (legal level of control for the annual budget).
- f. All budgets adopted conform to generally accepted accounting principles (GAAP) except for the Enterprise Funds, where depreciation is not recognized for budget purposes. Budget amounts are as originally adopted or as amended via the procedures explained above. Individual amendments were legally authorized as described.
- g. Budgets for all noncommitted governmental funds lapse at year-end. Carryovers to the following year were \$187,019 in the general fund, which includes library operations.

#### WISCONSIN RETIREMENT SYSTEM

The amounts determined for each fiscal year were determined as of the calendar year-end that occurred within the fiscal year.

The City is required to present the last ten fiscal years of data; however, accounting standards allow the presentation of as many years as are available until ten fiscal years are presented.

*Changes in benefit terms.* There were no changes of benefit terms for any participating employer in the Wisconsin Retirement System.

Changes in Assumptions. There were no changes in assumptions.

Note: The City implemented GASB Statement No. 54-Fund Balance Reporting and Governmental Fund Type Definitions in 2011. This statement established new fund balance classifications, which are based primarily on the extent to which the City is bound to observe constraints on the use of the resources reported in governmental funds. As a result of implementing this standard, the fund balance categories used beginning in 2011 are not directly comparable to the fund balance categories used prior to 2011.

### CITY OF NEENAH, WISCONSIN

# Change in Fund Balances, Governmental Funds Last Ten Fiscal Years (Modified Accual Basis of Accounting)

<sup>&</sup>lt;sup>1</sup> Per Wisconsin Department of Revenue/Winnebago County Statistical Report.

<sup>&</sup>lt;sup>2</sup> Assessed values are established by the City Assessor on all property except manufacturing property as of January 1 of each year. The Wisconsin Department of Revenue determines manufacturing property assessed values as of January 1 of each year. A revaluation of all property was completed in 2011.
