I wasn't even aware I was committing an offense, but I am happy our officers keep our children as safe as possible.

I appreciate him more than he may ever know, and I hope Neenah PD does what they can to keep a good human on their force, because we need more of them! Iâ€™ve had several interactions with police officers within Neenah throughout my tenure and by far, Streblow is the best. Thanks a million.

12/3/2022 16:55	22.0220224	Other	Not Arrested	Very Satisfied	Very Satisfied	Very Satisfied	Very Satisfied	Very Satisfied	The Neenah police department has had to deal with our son Reese for 2 years and another son, Jayden for 2 years prior. I cannot applaud them enough about their response and respect. EVERY officer that ever came to our home in response to Reese running away, was ALWAYS very understanding and respectful. However, today, Officer Stuart Zuehis actually sat on our couch and discussed Reese's history from infancy, growing up, influences from others, effects on the family, and even shared some of his own human side. This was the first time that we have felt "really listened to" in 4 years, through the "system". We do want to thank the entire Neenah police department for all the help they have been to us in dealing with Reese's mental health and keeping him safe. Thank you, Maureen Sexton

He sat down with us, asked probing and thoughtful questions about my son's situation and assured us we were doing the right things. I appreciate his thoughtful and understanding approach to the continuing issues we are struggling with on a daily basis. I felt like he really listened to us. I have never had a negative encounter with a NPD officer. They have always been professional and helpful. However, Officer Zuehis was notably sensitive to our concerns.

I had just gotten off of work and was headed home when I denied that I had anything to drink she says well I smell something. This type of abuse on a small traffic stop needs to cease and desist. If you wonder why people don't have trust or faith in the police it's because you treat citizens like they are the enemy. I'm a healthcare worker and I do not accuse my patients of drinking when I come out to get them from the waiting room no other profession does this other than police. Serious reforms need to happen with your policies. I have no doubt that Catherine the police officer who pulled me over will one day be involved in a police shooting with an unarmed citizen with the type of brash abusive accusatory language that was used on me. Please be better we need police officers to commit to the service part of their jobs
