7/1/2023 13:54	23-009996	Other	Arrested	Neutral	Satisfied	Unsatisfied	Unsatisfied	Very Unsatisfied	Officer Dakota M Raatz was helpful but another officer totally made the case a mess! Made our grandson go back to his mother who verbally and physically abuses him! She uses drugs and alcohol on a regular basis has literally punched him in the stomach! But I guess CPS and your other officer feel that is ok for a mother to do! So if she stabs him or hurts him even worse this time why should he report it! You don't help him only make him a victim! He was not a runaway!! Runaways do not go to the hospital to report the abuse and go to the police station to file a report! So I believe your statement about caring is false! you have failed as far as we are concerned! Doris Georg

This is different from punishment and will better drive behavioral results and be positively viewed by the community - Great idea to focus on the real objective. Second, in my opinion, this offices actions and behaviors should be considered a "Role Model" for law enforcement. The discussion was focused in the right area, done right way and very professionally. Overall this was a positive interaction which I will remember and will cause me to reflect and modify my personal behavior more-so than any ticket /punishment. Great Job

One of my daughters was crying because she thought we were in "deep trouble" because we got pulled over. He was kind to my kids and even treated them to free ice cream cards to Dairy Queen. I was not paying attention to my speed and he explained why he pulled me over and warned me why it was important to not speed. Great observation for my kids to have and to see that even mommy gets in trouble when I disobey the law. I only wonder if they're going to want to be pulled over more often if they get ice cream. Lol. Thank you officer Driscoll for being patient and kind! Sincerely, Amanda Steffens

7/26/2023 12:56	23-011839	Criminal Matter	Arrested	Very Satisfied	Very Satisfied	Very Satisfied	Very Satisfied	Very Satisfied	<p>Sgt. Santiago went above and beyond for me last night and I really wanted to just make sure thatâ€™s known. My purse was stolen from my vehicle yesterday and my AirPods were able to track where it was taken. The sergeant knew the address that the AirPods showed at was an armed robbers house. The man didnâ€™t answer the door, but the sergeant continued to investigate the entire night to try and make contact. He eventually made contact with the suspect, who admitted to stealing my belongings and recovered my purse!</p> <p>From the experiences Iâ€™ve had in the past, a stolen purse is a small matter and letâ€™s be honest, officers, have bigger and better things to deal with on their shifts. The sergeant was able to recover my purse and return most of my belongings to me. Iâ€™m in awe and completely shocked, I honestly thought Iâ€™d never see my purse or anything inside it again. He saved me from endless phone calls and the loss of many expensive items, such as my epipen. Although some items were missing and not everything wasnâ€™t recovered, thatâ€™s clearly not the officers fault; but, his willingness to go above and beyond for a 25 year olds purse is GENUINELY appreciated. My luck hadnâ€™t been on my side but I couldnâ€™t be more thankful.</p>

The only thing that we are unhappy about is the driver that hit Joe was not ticketed and was not given a drug/alcohol test. We are requesting some sort of consequence for this driver. Inattentive driving, failure to yield to pedestrian, striking a pedestrian in the cross walk. We want something on his license to reflect his poor driving abilities. Joe is still at Theda and will be there for weeks with 5 broken ribs, dislocated knee with shredded ligaments and future surgery, cracked humerus bone, stitches in elbow which are now infected. We are requesting a consequence for the driver that has drastically altered our life and we would like to be notified when that happens. Thank you

I have worked with this officer before on a trauma situation in the hospital, and also had a positive interaction at that time.

9/20/2023 15:12	NA	Other	Not Arrested	Very Satisfied	Very Satisfied	Very Satisfied	Very Satisfied	Very Satisfied	I didn't call the police. My vehicle broke down on the freeway. I had contacted a towing company through my insurance and after an hour of waiting, Officer Zuehls pulled up behind me. He was kind and courteous and very compassionate for my situation. At 25 weeks pregnant, the last place I wanted to be stuck was the left shoulder of the freeway and I was extremely stressed and anxious being there. The officer reassured me that he had backup to help move traffic over (I had nearly been hit multiple times while waiting before he arrived) and he was going to call the towing company because being there for over an hour was unacceptable on their part. I don't know how much longer after that it was but once he contacted the towing company, they arrived swiftly to help get me and my vehicle to safety. I'm very grateful the officer had arrived when he did because otherwise I would've likely been sitting there for many more hours. His kindness helped ease my nerves about the predicament I was in and I just can't say enough nice things about my interaction with him.
