Description of overall work:

This project includes removing existing pavement, sidewalk, and driveways, storm sewer installation, grading, placing base aggregate, concrete pavement, concrete sidewalk and driveways, asphalt pavement for intersection and driveway tie ins, landscaping, traffic signals, signing, pavement markings. This work will be completed in stages with stage 1 consisting of constructing the southbound travel lane, southbound bike lane, storm sewer trunk, west inlets, and temporary storm connections to the east. Stage 2 consists of constructing the two-way left turn lane, northbound travel lane, northbound bike lane, parking lane, and east inlets.

This week's work: Grade for sidewalk on the East side of Commercial St between Laudan St and Tyler St. Form and pour concrete sidewalk and driveways on the east side of Commercial St between Stanley St and Laudan St.

Next week's work: Rough grade for topsoil on the East side of Commercial St between Stanley St and Tyler St. Form and pour concrete sidewalk and driveways on the east side of Commercial St between Stanley St and Division St.

Traffic impacts: Commercial St is closed to through traffic for the entire duration of the project. The detour route for Commercial St is as follows: Bell St to Harrison St to Winneconne Ave. Local traffic is maintained on one lane of northbound traffic on the new pavement on the west side of Commercial St at all times.

Access to businesses and residences within the work zone is maintained.
