All work must meet local, state and national standards including but not limited to lead and asbestos standards for the project area. All applicable permits must be applied for and approved before the project begins. Projects must be completed within six (6) months of grant approval.

Properties with certain open municipal code violations, unpaid special assessments, and/or unpaid property taxes are ineligible until violations are corrected, or taxes are paid. Projects addressing building code violations may be considered on a case-by-case basis.
