RE: 2026 Street and Utility Construction on 602 Reed St

The City of Neenah Common Council recently approved the 2026 Capital Improvement Program Budget which includes your street for utility and street construction. This decision included a consideration of the following criteria:

- Street use
- Pavement condition
- Condition of city utilities (sanitary sewer/water main/storm sewer) that lie under the street
- Pedestrian usage
- Issues that may be unique to your street

You are receiving this letter because your property, fronts, is adjacent to, or abuts the construction area. Additional information will be forwarded to you in the upcoming months outlining the project including the actual work to be done on your street, parking restrictions, etc. To keep residents better informed of the project, a resident project page has been created on the City of Neenah’s Public Works webpage. Scan the QR Code below to be directed to the page.

If you have any questions or concerns, please contact the Public Works Department at (920) 886-6240, or your alderman.

RE: 2026 Street and Utility Construction on 390 Laudan Blvd

The City of Neenah Common Council recently approved the 2026 Capital Improvement Program Budget which includes your street for utility and street construction. This decision included a consideration of the following criteria:

- Street use
- Pavement condition
- Condition of city utilities (sanitary sewer/water main/storm sewer) that lie under the street
- Pedestrian usage
- Issues that may be unique to your street

You are receiving this letter because your property, fronts, is adjacent to, or abuts the construction area. Additional information will be forwarded to you in the upcoming months outlining the project including the actual work to be done on your street, parking restrictions, etc. To keep residents better informed of the project, a resident project page has been created on the City of Neenah’s Public Works webpage. Scan the QR Code below to be directed to the page.

If you have any questions or concerns, please contact the Public Works Department at (920) 886-6240, or your alderman.

RE: 2026 Street and Utility Construction on 745 Reed St

The City of Neenah Common Council recently approved the 2026 Capital Improvement Program Budget which includes your street for utility and street construction. This decision included a consideration of the following criteria:

- Street use
- Pavement condition
- Condition of city utilities (sanitary sewer/water main/storm sewer) that lie under the street
- Pedestrian usage
- Issues that may be unique to your street

You are receiving this letter because your property, fronts, is adjacent to, or abuts the construction area. Additional information will be forwarded to you in the upcoming months outlining the project including the actual work to be done on your street, parking restrictions, etc. To keep residents better informed of the project, a resident project page has been created on the City of Neenah’s Public Works webpage. Scan the QR Code below to be directed to the page.

If you have any questions or concerns, please contact the Public Works Department at (920) 886-6240, or your alderman.
