

How the City Communicates

Hello, Neenah Community Member!

The City utilizes a variety of both traditional and nontraditional communication tools to reach its many stakeholders – including residents, business owners, developers and others. The City relies on our stakeholders to seek out the tools that they prefer to use to get details on news, events, programs and more. Subscribe to our calendar, visit our Facebook pages, check out the Latest News on the website — in short, please use and peruse the tools at your disposal to find the information you need, when you need it.
